LICENSING PROVISIONS OF THE PERISHABLE AGRICULTURAL COMMODITIES ACT, 1930, AS AMENDED

The Perishable Agricultural Commodities Act requires commission merchants, dealers, and brokers engaged in the business of handling fresh or frozen fruits and/or vegetables in interstate or foreign commerce to obtain a license.

1. "COMMISSION MERCHANT" is defined as any person engaged in the business of receiving in interstate or foreign commerce (see Par. No. 9) any fresh or frozen fruits and vegetables for sale on commission, for or on behalf of another. This function is interpreted to include the transactions of a person who receives consignments on receiving markets for sale on commission, and also of a person operating as grower's or shipper's agent on commission.

2. "BROKER" is defined as any person engaged in the business of negotiating sales and purchases of fresh or frozen fruits and vegetables in interstate or foreign commerce (see Par. No. 9) for or on behalf of the vendor or purchaser, respectively. However, brokers of frozen fruits and vegetables are not subject to license until they negotiate sales of such commodities in a calendar year having a total invoice value in excess of $230,000. (NOTE: The $230,000 exemption does not apply to frozen food brokers representing the buyer, or brokers of fresh fruits and vegetables.)

3. "DEALER" means any person engaged in the business of buying or selling fresh and frozen fruits and vegetables in quantities aggregating one ton or more during a day in the course of interstate or foreign commerce (see Par. No. 9), and includes:

(a) "JOBBERS," "DISTRIBUTORS," FOOD SERVICE, RESTAURANTS" and other **"WHOLESALERS".**

(b) "RETAILERS" (selling to consumers only) when the invoice cost of all purchases of fresh and frozen fruits and vegetables exceeds $230,000 during the calendar year. In computing the dolla volume, all purchases of fresh and frozen fruits and vegetables are to be counted, without regard to quantity involved in a transaction or whether the transaction was intrastate, interstate, or foreign commerce.

(c) "GROCERY WHOLESALER' when 50 percent or more of annual gross sales are from the full-line distribution and resale of grocery and related nonfood items (such as dry groceries; general merchandise; meat; poultry; seafood; and health and beauty care items) and no more than 50 percent of sales involve fresh and/or frozen fruits and/or vegetables (see Section Nos. 7 and 8). "Full line" means that an entity must be supplying the retailer not only with perishable agricultural commodities, but with a wide range of **items, including grocery and related nonfood products.**

(d) "PROCESSORS" when they buy fresh fruits and/or vegetables (see Par. No. 7) for processing, such as canning, drying, dehydrating, cold packing, freezing, packing or preserving in sulphur dioxide, manufacturing into potato chips, pickles, relish, salads, kraut, horseradish, vinegar, pastries, jellies, preserves, candy, ice cream, fruit and vegetable juices and concentrates, if such produce has been received by them or the seller in interstate or foreign commerce before canning or processing occurs and the purchases are in quantities aggregating a ton or more during any day. They are not required to be licensed, however, if the purchasing and processing are both accomplished within the State where the produce is grown, even if the processed article is shipped out of the State, unless the product is frozen or packed in ice or consists of cherries in brine (see Par. No. 8). Except all processing firms that purchase potatoes, regardless of where they obtain their supplies, are subject to a license.

4. "PRODUCERS" selling only products of their own raising are not "dealers" under the Act and are not subject to license (see Par. No. 5).

5. "COOPERATIVE MARKETING ASSOCIATIONS," whether or not incorporated, and whether operating on a profit or on a non-profit basis in selling or handling the proceeds from sales of the products of their members or of others in interstate or foreign commerce (see Par. No. 9), are subject to license.

6. "SEASONAL OPERATORS" are subject to license in the same manner as those who operate throughout the year.

7. "FRESH FRUITS AND VEGETABLES" includes all products generally considered as perishable fruits and vegetables, whether or not frozen or packed in ice, and whether or not held in common or cold storage. It does not include fruits and vegetables which have been manufactured into articles of food of a different character. The term applies to potatoes, even though intended for seed purposes. Cherries packed in an aqueous solution containing sulphur dioxide or other bleaching agent of sufficient strength to preserve the product, with or without the addition of hardening agents, are also included within the provisions of the Act.

8. "FROZEN FRUITS AND VEGETABLES" including oil blanched products such as frozen french fried potatoes, are not considered processed to the extent of changing the product into a food of a different character. Persons having transactions of such products as dealers, commission merchants, and brokers in interstate or foreign commerce (see Par. No. 9) are subject to license regardless of whether the processing occurs within the State where the product is grown.

9."INTERSTATE OR FOREIGN COMMERCE" means all transactions involving shipments between any State or Territory, or the District of Columbia and any place outside thereof. This includes (a) transactions between persons within the same State or Territory for shipment outside thereof; (b) transactions between persons within the same State or Territory after the shipment was received from outside thereof; (c) transactions involving shipments between points within the same State but which moved outside thereof while in transit; (d) all transactions within the District of Columbia.

10. "PENALTY." The penalty for doing business without a license is fixed at not more than $1,200 for each offense and $350 for each day the offense continues.

Persons who violate the Act by engaging in business subject to the Act without a valid license may, upon a satisfactory showing to the Secretary of Agriculture or his authorized representatives that such violation was not willful but was due to inadvertence, be permitted to settle their liability in the matter by paying the amount of fees that they would have paid had they obtained and maintained a license during the period that they engaged in business subject to the Act, plus an additional sum not in excess of $350, as may be determined by the Secretary of Agriculture or his authorized representative.

Executive Order 9397 and 7 U.S.C. 499, et seq., authorize solicitation of information. Disclosure is mandatory to evaluate eligibility for license. Failure to provide information may cause delay in processing the application. Information may be referred to: Department of Justice and other Federal, State, local or foreign agencies responsible for implementing, or for investigating or prosecuting violations of the applicable statute, rule, regulation or order; to a court, magistrate, or administrative tribunal; or to a Congressional office in response to constituent's request and his/her record.

Do not submit Page 6 with Application.
