Docket Clerk AMS Fruit and Veg Program
market order administrative Branch
USDA MAILSTOP 0237

Dear Sir or Madam

RECEIVED 12/27/02

my family hop farm is in danger of becoming another statistic [illegible] are now one half of the number of growers there were 20 years ago. We have not had a profitable season in five years because of over production.

I strongly favor a market order with producer allotment limits. Please help us help ourselves.

Richard Olson
