To Whom it May Concern

Your New "Cool" Law is Not Cool

it will Place Too Much burden on

Livestock Auctions, Dealers, Backgrounders,

Small Producers This Law Will Cause

A Lot of Smaller Type businesses And

Producers To go out of business Hence The

Big get Bigger SMALL NONEXSISTENT

Just what the Goverment wants of All

businesses NOT Just The Livestock Industry

No Imports Would be A better

Solution

This Would Take care of American

People And Producers

Thank You
