Dear Sir:

Country of Origin Labeling should be passed NOW! Canada has crippled our Livestock Industry, which I am apart of.

My feeder cattle sold in Faith, S.D. January 5, 2004 $12.00 to $14.00 below the price before BSE. This was allowed to happen because of IMPORTS!!

This has cost me $45,000.00 to $50,000.00 Already, In lost dollars per pound.

Pass COOL
