Dear Mr. Sessions,

I am a pecan producer in Newton County, Georgia. I have been a pecan grower for the past 34 years. It is not always easy to make a profit. I believe it would be helpful if we had a Country of Origin Labeling on pecans sold in the U.S.

I believe that if consumers had a choice between U.S. and foreign grown pecans, they would be more likely to choose pecans grown in the U.S.

Thank you for your consideration.

Sincerely,

Bruce Wheeler
