## PROGRAM SOLICITATION INFORMATION

**Funding Opportunity Title:** Farmers Market Promotion Program

**Funding Opportunity Number:** USDA-AMS-TM-FMPP-G-23-0010

**Announcement Type:** Initial

**Assistance Listing Number:** [10.175](#)

**Dates:** Applications must be received before 11:59 pm Eastern Time May 14, 2024, through [Grants.gov](#). Applications received after this deadline will not be considered for funding.

**Executive Summary:** The U.S. Department of Agriculture (USDA), Agricultural Marketing Service (AMS), requests applications for the fiscal year (FY) 2024 Farmers Market Promotion Program (FMPP). FMPP's purpose is to support the development, coordination, and expansion of direct producer-to-consumer markets to increase access to and availability of locally and regionally produced agricultural products. AMS will competitively award grants to eligible applicants for projects that meet the purpose of this grant program.

Approximately \$10.5 million is available to fund applications under this solicitation. Applicants may select from one of four project types. Capacity Building projects range from \$50,000 to \$250,000 and Community Development Training and Technical Assistance projects range from \$100,000 to \$500,000. Two Turnkey (simplified) project types are available: Turnkey Marketing and Promotion projects and a new option for Turnkey Recruitment and Training projects. Each of the turnkey project options are available for a defined set of activities, with funding amounts ranging between \$50,000 and \$100,000. Eligible entities and activities remain the same as in previous years. FMPP is a part of the [Local Agriculture Market Program \(LAMP\)](#).

In the FY 2023 application cycle, AMS funded 55 (31%) of the 179 applications received.

To be competitive, applications must meet all program standards, be of high quality, and include 25% matching funds, as required by legislation. All applications will undergo review according to merit and customary evaluation procedures. This announcement provides information regarding eligibility criteria for applicants and projects, details on matching fund requirements, and the forms and instructions needed to apply for an award.

Priority consideration will be given to applications that:

- Benefit underserved communities, including communities that are located in areas of concentrated poverty with limited access to fresh locally or regionally grown food; or
- Are used to carry out eligible activities under a [partnership](#) agreement as part of the AMS Regional Food Systems Partnership Program (RFSP) and have not received an FMPP award in the recent past.

AMS encourages applications that benefit smaller farms and ranches, [historically underserved producers](#), or underserved communities. For grants intending to serve these entities, applicants should engage and involve those beneficiaries when developing projects and applications.

USDA promotes climate-resilient landscapes and rural economic systems, including tools to support agriculture, forests, grazing lands, and rural communities. AMS encourages applicants to consider including goals and activities related to reducing and stabilizing the levels of heat-trapping greenhouse gases in the atmosphere or adapting to the already occurring climate change in their project’s design and implementation.

**Stakeholder Input:** AMS welcomes your comments about this Request for Applications (RFA). We will consider the comments in developing the next RFA. Email written stakeholder comments within six months of the publication date of this RFA to: [AMSGrants@usda.gov](mailto:AMSGrants@usda.gov). This e-mail address is intended only for receiving comments regarding this RFA and not for requesting information or forms. In your comments, please state that you are commenting on the **Farmers Market Promotion Program RFA**.

## 2024 HIGHLIGHTS AND CHANGES

- Section **1.4** has been updated from “Priority areas” to “Priority considerations” to describe the statutory priorities AMS will consider when awarding grants in accordance with the Local Agriculture Market Program statutory language.
- The [AMS General Terms and Conditions](#) have been updated to reflect recent changes to the Uniform Guidance (2 CFR Part 200) and the Build America, Buy America Act preference for infrastructure projects.

## 1.0 FUNDING OPPORTUNITY DESCRIPTION

### 1.1 LEGISLATIVE AUTHORITY

The Local Agriculture Market Program (LAMP) is authorized by subtitle A of the Agricultural Marketing Act of 1946 ([7 U.S.C. § 1627c](#)), as amended. LAMP supports the development, coordination, and expansion of direct producer-to-consumer marketing, local and regional food markets and enterprises, and value-added agricultural products. The primary goals are to:

- Connect and cultivate regional food economies through public-private partnerships;
- Support the development of business plans, feasibility studies, and strategies for value-added agricultural products and local and regional food system infrastructure;
- Strengthen capacity and regional food system development through community collaboration and expansion of [mid-tier value chains](#);
- Improve income and economic opportunities for producers and food businesses through job creation; and
- Simplify the application and the reporting processes for the grants administered under the Program.

The Farmers Market Promotion Program (FMPP), the Local Food Promotion Program (LFPP), the Value-Added Producer Grants (VAPG) Program and the Regional Food Partnership Program (RFSP) are implemented under LAMP. FMPP, LFPP and RFSP are administered by AMS and VAPG is administered by the Rural Business-Cooperative Service under Rural Development (RD). This RFA is for FMPP.

### 1.2 PURPOSE

FMPP funds projects that develop, coordinate, and expand direct producer-to-consumer markets to help increase access to and availability of locally and regionally produced agricultural products. The program focuses on:

- Supporting and promoting domestic [direct producer-to-consumer](#) (including direct producer-to-retail, direct producer-to-restaurant, and direct producer-to-institutional marketing) marketing such as farmers markets, roadside stands, agritourism activities, community-supported agriculture (CSA) programs, or online sales;
- Encouraging the development of [value-added agricultural products](#);
- Developing marketing strategies for producers of local food and value-added products;
- Facilitating regional food chain coordination development;
- Promoting new business opportunities and marketing strategies to reduce on-farm food waste;
- Responding to changing technology needs in direct producer-to-consumer marketing; and
- Covering expenses related to costs incurred in obtaining food safety certification and improvements to food safety practices and equipment.

### 1.3 PROJECT TYPES

FMPP offers four project types: **Capacity Building (CB)**, **Community Development Training and Technical Assistance (CTA)**, **Turnkey Marketing and Promotion**, and **Turnkey Recruitment and Training**. Each application must select only one project type.

Project Type	Capacity Building	Community Development Training and Technical Assistance (CTA)	Turnkey Marketing and Promotion	Turnkey Recruitment and Training
<b>Funding Range</b>	\$50,000 - \$250,000	\$100,000 - \$500,000	\$50,000 - \$100,000	\$50,000 - \$100,000

Projects conduct a minimum of 3 and a maximum of 5 specific activities.	Simplified application.  Projects conduct a minimum of 3 and a maximum of 5 specific activities.

---

### 1.3.1 CAPACITY BUILDING

Capacity Building projects range from \$50,000 to \$250,000 to be used within 36 months (3 years). Capacity Building projects are intended to build long-term organizational capacity to develop, coordinate, and expand direct producer-to-consumer market opportunities. Capacity Building projects should demonstrate a direct benefit to farm and ranch operations serving local markets (including [historically underserved producers](#) such as beginning, socially disadvantaged, and veteran farmers and ranchers and/or underserved communities) and maximize the involvement of farmers, ranchers, and community organizations. Projects can include, but are not limited to:

- Developing tools, techniques or practices that can be adopted or replicated by local agriculture markets, including those that provide direct financial support to a network of markets, or other relevant organizations.
- Market analysis and strategic planning for a direct producer-to-consumer market opportunity.
- Local farmer, rancher, or market manager startup training and education. This may include but is not limited to, educating vendors about the eligibility requirements and the process for participating in or applying to accept SNAP, WIC, Senior Farmers Market Nutrition program benefits, or other (state or local or nonprofit) benefit programs at farmers markets.
- Farmer’s market, roadside stand, CSA, agritourism or online sales activity startup, operation and/or expansion.
- Recruitment, outreach and retention of historically underserved farmers and ranchers in support of direct producer-to-consumer markets.
- Recruitment, outreach, and retention of new and existing consumers in support of direct producer-to-consumer markets.

---

### 1.3.2 COMMUNITY DEVELOPMENT TRAINING AND TECHNICAL ASSISTANCE (CTA PROJECTS)

Community Development Training and Technical Assistance (CTA) projects range from \$100,000 to \$500,000 to be used within 36 months (3 years). CTA projects are intended to provide outreach, training, and technical assistance to farm and ranch operations serving local markets to develop, coordinate and expand direct producer-to-consumer market opportunities. CTA projects should engage a diverse set of local and regional food stakeholders, including historically underserved farmers and ranchers, to illustrate a substantive effect on the local and regional food system. Projects can include, but are not limited to:

- Developing and disseminating tools, techniques, or practices that can be adopted or replicated by local agriculture markets.
- Conducting statewide or regional training for farmers, ranchers, or farmers market managers to help them develop or maintain their own direct producer-to-consumer enterprise.
- Assisting farmers and ranchers in advertising and promoting their locally and regionally produced agricultural products, including value-added products, through training and technical assistance.

- As part of a marketing and promotion project, promoting that a market accepts SNAP or other public benefits (such as WIC and Senior Farmers Market Nutrition Program) to customers and how customers can use those programs at the market or with individual vendors.
- Establishing or expanding producer-to-consumer networks and organizations on a state, regional, or national level, which includes efforts to develop sourcing channels using direct producer-to-consumer market opportunities with corporate, non-profit, and institutional buyers.
- Providing technical support for small- and mid-sized producers to become compliant with regulatory and buyer specifications and standards to increase their direct market opportunities.

---

The Turnkey Marketing and Promotion option range from \$50,000 to \$100,000 to be used within 24 months (2 years). The Turnkey Marketing and Promotion option offers a streamlined application for common FMPP marketing and promotion activities. Those applying to the Turnkey Marketing and Promotion option agree to conduct specific activities that support the marketing and promotion of direct producer-to-consumer market opportunities for local and regional foods. Applicants who would otherwise choose Capacity Building or Community Development Training and Technical Assistance project types may apply under the Turnkey track, if they focus on marketing and promotion and meet all other Turnkey requirements, including the lower funding maximum.

Applicants to the Turnkey project type must use the simplified “[FMPP Turnkey Marketing and Promotion Project Narrative Form](#)”. More information is provided in section **5.2.5**.

---

### 1.3.4 TURNKEY RECRUITMENT AND TRAINING

The Turnkey Recruitment and Training option range from \$50,000 to \$100,000 to be used within 24 months (2 years). The Turnkey Recruitment and Training option offers a streamlined application for common FMPP recruitment and training activities for local and regional food system stakeholders. Turnkey applications must clearly demonstrate benefits to farmers and ranchers. Those applying to the Turnkey Recruitment and Training track agree to conduct specific activities that support the development or delivery of vendor and producer recruitment strategies, as well as training opportunities. Applicants must select a minimum of 3 and maximum of 5, pre-defined activities listed below. Applicants may not propose other activities under this project type. ### 1.3.5 PROJECTS/ACTIVITIES NOT ELIGIBLE FOR FUNDING

Projects are not eligible for consideration if the proposed activities:

- Are not focused on direct producer-to-consumer marketing.
- Are for agricultural production, including crop production and the purchase of farm equipment, tools, materials, supplies and other related costs (section **4.4**.)
- Include training or other activities related to agricultural production, including harvesting, crop rotation, and planting techniques.
- Benefit only one agricultural producer, vendor, or individual. Applicants must collaborate with others to benefit the larger community.
- Propose to purchase land, or for construction of a building or structure.
- Intend to register, train, and/or educate customers on Food Assistance Programs (such as SNAP, WIC, etc.), other than providing information about how they can use those benefits at the market.
- Depend upon the completion of another project or the receipt of another grant.
- Include legal fees and other costs associated with establishing a business or organization.
- Duplicate activities in a project that has received funding from another Federal award program, including the Local Food Promotion Program.

For additional information on allowable and unallowable activities, please refer to the [AMS General Terms and Conditions](#) as well as the [Frequently Asked Questions \(FAQ\)](#). Applicants that have questions concerning the allowability of costs after reviewing these documents should contact AMS staff using the contact information listed under **8.0 Agency Contacts**.

## 1.4 PRIORITY CONSIDERATION

AMS will prioritize applications that:

- Benefit underserved communities, including communities that are located in areas of concentrated poverty with limited access to fresh locally or regionally grown food, which AMS has determined to mean the application is for a project located in a low income/low food access (LI/LA) census tract (as defined below), or
- Are used to carry out eligible activities under a partnership agreement in a Regional Food Systems Partnership project (refer to section [3.3.2](#)) and have not received a FMPP award within the past five (5) years.

To qualify for LI/LA priority consideration, the project's implementation address must be in a LI/LA census tract, as defined by the one of the four major layers on the [ERS Food Access Research Atlas](#). "Implementation address" refers to the street address or census tract location within the targeted community where the applicant plans to conduct or deliver approved project activities.

The applicant must provide its census tract(s) for at least one LI/LA address (priority area). If your organization or business is located in and/or primarily serves at least one LI/LA community, your application will be considered under this priority area.

Applicants are not required to meet these priorities to be eligible to apply or receive grant funds. AMS will review and apply priority consideration, based on applicant narrative responses, during its administrative review process (see section [6.2](#)).

## 2.0 AWARD INFORMATION

### 2.1 TYPE OF FEDERAL ASSISTANCE

AMS will use a Grant Agreement to provide the Federal award to successful applicants.

### 2.2 TYPE OF APPLICATIONS

**New application.** All new applications will be reviewed competitively using the selection process and evaluation criteria described in section [6.0](#).

### 2.3 AVAILABLE FUNDING

AMS anticipates approximately \$10.5 million will be available in FY 2024 for FMPP projects. The availability and level of funding may be contingent on Federal appropriations actions.

### 2.4 FEDERAL AWARD PERIOD DURATION AND SIZE

AMS expects applicants to complete their projects within the required performance period. It is acceptable to complete a project before the scheduled performance period end date. However, AMS encourages applicants to take the full grant period to allow ample time to complete projects. The applicant must indicate the start date and end date on Block 17 of the SF-424 "Application for Federal Assistance". Required project start dates and completion dates are provided below.

Award size varies by project type. Applicants must not request less than the minimum or more than the maximum award amounts. Applicants must justify the requested funding amounts within the appropriate project narrative sections.

Project Type	Duration (Months)	Start Date	End Date	Minimum Award	Maximum Award
<b>Turnkey Projects (Both Types)</b>	24	September 30, 2024	September 29, 2026	\$50,000	\$100,000
<b>Capacity Building</b>	36	September 30, 2024	September 29, 2027	\$50,000	\$250,000
<b>Community Development Training and Technical Assistance</b>	36	September 30, 2024	September 29, 2027	\$100,000	\$500,000

### 3.2 PARTNERS AND COLLABORATORS

Engagement with partners and collaborators strengthens FMPP projects. Partners and collaborators may come from private or public, for-profit or nonprofit entities.

- A *partner* is in a relationship involving close cooperation with the applicant and shares responsibilities in the management of the project.
- A *collaborator* is a person or an organization unaffiliated with the applicant that cooperates with the applicant in the conduct of the project and is not immediately connected to the management of the project.

Only the applicant must meet the eligibility requirements. Project partners and collaborators do not need to meet the eligibility requirements provided in section [3.1](#).

The applicant may subcontract or subaward with partners and collaborators (section [5.2.7](#)) or may engage with them without funding. For instance, a project may have partners or collaborators who have their own funding or who are contributing to the project financially, such as by providing a cash or in-kind match. Regardless of whether there is a financial subcontract or subaward relationship, applications must show evidence of existing community or industry engagement.

Applications should demonstrate a commitment to engage potential project beneficiaries as active participants.

### 3.3 LIMIT ON NUMBER OF AWARDS

Applicants may submit multiple project proposals to FMPP. However, applicants may only receive **one** FMPP award. This means that an applicant may be awarded one Capacity Building **OR** one Community Development Training and Technical Assistance **OR** one Turnkey grant, but not any combination of the above, during this fiscal year.

Applicants with an active FMPP award must submit all required close-out documentation by the application due date listed in section [5.5 Submission Date and Time](#) for their application to be eligible to be considered for review. Please refer to AMS General Award Terms and Conditions, available on the [“How to Administer the Awards”](#) webpage, for close-out instructions. Applicants must close out all active FMPP awards to be eligible to apply for a new FMPP award. For example, a Capacity Building award recipient must close out that award prior to applying for a Community Development Training and Technical Assistance award.

---

### 3.3.1 FISCAL SPONSORS/AGENTS

Eligible applicants may use fiscal sponsors/agents in their effort to attain and administer a grant award. Such applicants seeking to implement a project may:

- Apply directly to AMS through Grants.gov and request to use funds to establish a contractual relationship with a fiscal sponsor/agent to perform administrative or financial functions on behalf of the applicant; or
- Use a fiscal sponsor/agent to apply for an award on behalf of the implementing organization. By doing so, the sponsor/agent accepts all financial and legal liabilities for that grant recipient's grant award at the time the agreement is signed. Fiscal sponsors/agents would submit the application as the applicant organization, and the Authorized Organizational Representative (AOR) responsible for all grant decisions and activities, including but not limited to implementation, subcontracts, and reporting to AMS. The AOR would be an employee of the fiscal sponsor/agent. Fiscal sponsors/agents are bound by the same requirements mentioned in this RFA as other applicant organizations, including the limit on applications.

An applicant organization cannot accept an award and later transfer the award to another organization (including a fiscal sponsor/agent).

---

### 3.3.2 REGIONAL FOOD SYSTEM PARTNERSHIPS (RFSP) RECIPIENT APPLICANTS

In accordance with the [LAMP legislation](#), current RFSP grant recipients may apply for an FMPP or LFPP grant on behalf of requesting producers and/or eligible entities (as listed in the [Regional Food System Partnerships \(RFSP\) RFA](#)). Active RFSP recipients are eligible to receive more than one FMPP or LFPP project within an award cycle to allow them to apply on behalf of those entities.

Active RFSP recipients applying to FMPP on behalf of their eligible partnerships should indicate on the "[FMPP Project Narrative](#)" or "[FMPP Turnkey Marketing and Promotion Project Narrative](#)" or "[FMPP Turnkey Recruitment and Training Project Narrative](#)" that they are a current RFSP recipient. They must meet all program requirements and undergo competitive peer review as do all other FMPP applicants. Refer to section [5.2](#) for more information.

If selected for funding, active RFSP recipients signing the grant agreement as the AOR on behalf of their producers and eligible entities accept all financial and legal liabilities for that grant recipient's award at the time the agreement is signed. In addition, they are responsible for all decisions and project activities related to the grant agreement, and accountable for meeting Federal statutory requirements, regulatory requirements, and the terms and conditions of the award. An applicant organization, including RFSP recipient applicants, cannot accept an award and later transfer the award to another organization (including the producer or eligible entity associated with the active RFSP grant).

Alternatively, RFSP recipients wanting to solely provide technical assistance or administrative support to producers and/or eligible entities applying to FMPP, but not serve as the AOR, may provide that directly with no formalized agreement and the eligible entities or producers may apply directly (noting that the project must benefit more than one producer). They could also choose to pursue the contractual relationship mentioned in section [3.3.1](#) Fiscal Sponsor/Agents.

## 4.0 FUNDING CONSIDERATIONS

### 4.1 COST SHARING AND MATCHING

This funding opportunity requires matching funds from non-Federal sources in the form of cash and/or in-kind contributions equal to 25 percent of the amount of Federal funds being requested. There is no competitive advantage for an applicant to provide a cost share or match that exceeds the required amount. If the project is selected for funding, any exceeding amount will be considered voluntary and must be documented and secured at the time an applicant is recommended for the award.

Cost sharing or the required match must be in the form of allowable direct or indirect costs. Refer to [2 CFR § 200.306](#) for additional Federal requirements and definitions, including the basis for determining the value of cash and in-kind contributions.

Cash match contributions are generally defined as an actual cash contribution (not the 'value' of someone's time/effort) from the applicant's general revenue/reserves/savings/line of credit, or 3rd-party partner(s), or other non-Federal grants. The applicant must be able to track and show the source of the match funding and that the funding source was dedicated entirely to the grant project and produce records to that effect (for example, taking the cash match in your accounting system, or from your partner, and placing it into a special 'grant project' account).

In-kind contributions are generally defined, when used as a cost share or match for a grant, as the value of goods or services provided by a third party for the benefit of the grant program, where no funds transferred hands. For example, a partner, such as a tribal community member, may volunteer their professional expertise as a match contribution to the project as described in [2 CFR § 200.306\(e\)](#).

Match contributions (either cash or in-kind) cannot be used for FMPP if they are already being used toward satisfying a match requirement under any other Federal grant agreement to which the applicant is a party.

All matching contributions **must be committed or secured** at the time an applicant is recommend for an award. An award will not be issued unless all matching funds over the life of the grant are secured. Additional anticipated matching funds not in place by the time the project commences cannot be counted toward the matching requirement.

Applicants must indicate the total amount of match and how it will specifically align with their requested funding when completing the fiscal plan and resources section of the "[FMPP Project Narrative](#)" or "[FMPP Turnkey Marketing and Promotion Project Narrative](#)" or "[FMPP Turnkey Recruitment and Training Project Narrative](#)". Additionally, applicants must submit signed letters or other documentation verifying the match for EACH cash and/or in-kind resource. Refer to section [5.2.6 Matching Funds and Letters of Verification](#) for more information.

Indirect costs may count toward non-Federal match. Refer to section [4.2.1 "Using Indirect Costs for Cost Sharing or Matching"](#) for more information.

Applicants cannot use program income (as defined in [2 CFR § 200.1](#)) or any other Federal funds as a match or cost share.

## 4.2 INDIRECT COSTS

*Indirect costs* (also known as “facilities and administrative costs”—defined at [2 CFR § 200.1](#)) are those costs incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved.

In accordance with [2 CFR § 200.414 \(f\)](#), any non-Federal entity that does not have a current negotiated (including provisional) indirect cost rate, except State and Local Government and Indian Tribe Indirect Cost Proposals, may elect to charge a de minimis rate of 10 percent of modified total direct costs (MTDC). The de minimis rate does not require documentation to justify its use and may be used indefinitely. As described in [2 CFR § 200.403](#), costs must be consistently charged as either direct or indirect costs, and may not be double charged or inconsistently charged as both. Once elected, this methodology must be used consistently for all Federal awards until a recipient chooses to negotiate for a rate, which the recipient may apply to do at any time.

All applicants who elect to charge a de minimis rate must use the MTDC as the base. MTDC are defined in [2 CFR § 200.1](#) as all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDCs exclude equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000. Other items may be excluded only when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

If an applicant has a negotiated indirect cost rate approved by its cognizant agency, the applicant must submit a copy of its approved Negotiated Indirect Cost Rate Agreement (NICRA) with its application. Entities that would like to negotiate an indirect cost rate must contact their cognizant agency. For assignments of cognizant agencies, see [2 CFR § 200.1](#).

---

### 4.2.1 USING INDIRECT COSTS FOR COST SHARING OR MATCHING

The maximum indirect costs allowed for a project may be included under the Federal portion of the project budget or, alternatively, may be offered as an in-kind matching contribution if no indirect costs are requested on the Federal portion of the budget. For example, if a proposed project’s maximum allowable indirect costs are \$8,000, the applicant may include \$8,000 on the Federal portion of the budget or \$8,000 as a matching in-kind contribution, but not both.

The applicant may split the indirect cost allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs does not exceed the maximum indirect costs allowed. Alternatively, the recipient may request any other combination that, when combined, does not exceed the maximum indirect costs allowable. Refer to [2 CFR §200.413](#) and [§200.414](#) for additional information on determining if costs charged to the award are direct or indirect.

### 4.3 SUBAWARDS

The applicant is expected to perform most of the work of the project. However, the applicant may subaward or subcontract with partners, collaborators, or other parties that provide additional knowledge, expertise, or resources for the purposes of the proposed project that are not otherwise available within the applicant organization. Applicants may subaward to smaller organizations to support underserved communities or producers. In all subaward or subcontract scenarios, the primary applicant will maintain the oversight and reporting responsibility as the AOR. See section **3.3.1 Fiscal Sponsors**. Using grant funds to competitively “re-grant” funds in mini-grant programs or to activities that are not central to the purpose of the project or for unknown costs is unallowable.

### 4.4 ALLOWABLE AND UNALLOWABLE COSTS AND ACTIVITIES

All AMS awards are subject to the terms and conditions, cost principles, and other considerations described in the [AMS General Terms and Conditions](#).

Applicants that have questions concerning the allowability of costs after reviewing this document should contact AMS staff using the contact information listed under **8.0 Agency Contacts**.

### 4.5 COORDINATOR MEETING TRAVEL

Recipients are expected to attend an AMS sponsored grant management meetings during the project’s period of performance. The proposed budget must include travel funds for an individual identified in the Key Staff section of the Project Narrative. In addition, the application may include travel costs for a second staff member.

Estimate the cost of travel including flight, hotel, per diem, ground transportation to a major city for 3-day, 2-night stay. For previous year, an example of this estimate can be around \$1,700 per individual. Location and dates are to be determined with possibility of a virtual conference. If the conference is performed virtually, recipients will be able to reallocate those funds to another allowable activity.

### 5.3 APPLICATION SUBMISSION AND RECEIPT PROCEDURES AND REQUIREMENTS

---

#### 5.3.1 HOW TO REGISTER TO APPLY

Applicants MUST have a Unique Entity Identifier (UEI), an active SAM.gov account, and a Grants.gov account to submit an application. AMS recommends that applicants start the registration process in these systems immediately to allow enough time to meet application submission deadlines. Registration in these systems collectively may take **more than four weeks** to complete. The steps below provide details on how to complete each registration.

Organization applicants can find complete instructions here:

<https://apply07.grants.gov/help/html/help/Register/OrganizationRegistration.htm>

1. [Obtain a Unique Entity Identifier \(UEI\)](#): Entities applying for funding, including renewal funding, must have a UEI from SAM.gov. Applicants must enter the UEI number in the data entry field labeled "Organizational UEI" on the SF-424. Getting a UEI requires validation steps in SAM.gov. Applicants are encouraged to start this process as early as possible, and, if applicable, this includes providing guidance to subapplicants on getting their own UEI.
2. [Register with the System for Award Management \(SAM\)](#): In addition to having a UEI number, organizations applying online through Grants.gov must register with SAM. Current SAM registrants have already been assigned their UEI and can view it within SAM.gov. All organizations must register with SAM to apply online. Failure to register with SAM will prevent your organization from applying through Grants.gov. **SAM.gov accounts must be renewed annually, and your organization must**

**have an active SAM.gov account to submit your application to Grants.gov. Organizations must maintain an active SAM registration with current information throughout the application review period and, if you are awarded a grant, during the project period.**

- a. Watch the video on how to [Register in Grants.gov](#) and create an institutional profile. Applicants are required to use [Login.gov](#) to sign into [Grants.gov](#). See the [Grants.gov help article](#) for more information on logging in with Login.gov credentials. The Grants.gov validation process also includes a check for an active SAM.gov registration. Applicants without a current SAM.gov registration will be rejected.
3. [Create a Grants.gov Account](#): The next step in the registration process is to create an account with Grants.gov. Applicants must know their organization's UEI number to complete this process. Completing this process automatically triggers an email request for applicant roles to the organization's E-Business Point of Contact (EBiz POC) for review. The EBiz POC is a representative from your organization who is the contact listed for SAM. To apply for grants on behalf of your organization, you will need the Authorized Organization Role (AOR).
4. [Authorize Grants.gov Roles](#): After creating an account on Grants.gov, the EBiz POC receives an email notifying him or her of your registration and request for roles. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, including the AOR role, thereby giving you permission to complete and submit applications on behalf of the organization. You will be able to submit your application online any time after you have been approved as an AOR.
5. [Track Role Status](#): After registering with Grants.gov and authorizing the applicant AOR, Grants.gov allows you to track your status.
6. [Electronic Signature](#): When applications are submitted through Grants.gov, the name of the organization's AOR who submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC must authorize individuals who are able to make legally binding commitments on behalf of the organization to act as an AOR; **this step is often missed, and it is crucial for valid and timely submissions.**

---

### 5.3.2 HOW TO SUBMIT AN APPLICATION TO AMS VIA GRANTS.GOV

Applicants may use the Grants.gov Workspace, a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each funding opportunity announcement, an applicant creates individual instances of a workspace.

1. *Create a Workspace*: This allows you to complete your Workspace online and route it through your organization for review before submitting.
2. *Complete a Workspace*: Add participants to the workspace, complete all the required forms, and check for errors before submission.
  - a. *Adobe Reader*: If you decide not to apply by filling out the webforms, you can download individual PDF forms in Workspace so that they will appear similar to other Standard or AMS forms. The individual PDF forms can be downloaded and saved to your local storage device, network drive(s), or external drives, and then accessed through Adobe Reader.

NOTE: You may need to visit the [Adobe Software Comparability](#) to download the appropriate version of the software. There is no cost for Adobe Reader Software.

- b. *Mandatory Fields in Forms:* Fields marked with an asterisk and a different background color are mandatory fields you must complete to successfully submit your application.
  - c. *Complete SF-424 Fields First:* The forms are designed to fill in common required fields across other forms, such as the applicant's name, address, and UEI number. To trigger this feature, an applicant must complete the SF-424 information first. Once it is completed, the information will transfer to the other forms.
3. *Submit via a Workspace:* Submit your application through Workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package **at least 24-48 hours prior to the close date** to provide you with time to correct any potential technical issues that may disrupt the application submission.
  4. SPECIAL NOTE: Grants.gov **does not** check for AMS required attachments. It is the applicant's responsibility to ensure that all required attachments listed in section **5.2** are included correctly in the application package when submitting via Grants.gov.
  5. *Track via a Workspace:* After successfully submitting a workspace package, Grants.gov automatically assigns a Tracking Number (GRANTXXXXXXXX) to the package, which will be listed on the Confirmation page generated after submission.

*Applicant Support:* Grants.gov provides additional [training resources, including video tutorials](#). Applicants may also call the 24/7 ([except federal holidays](#)) toll-free support number 1-800-518-4726, or email [support@grants.gov](mailto:support@grants.gov). Grants.gov will issue a ticket number to which you and Grants.gov can refer if the issue is not resolved. For questions related to the specific grant opportunity, use the contact information described in section **8.0**.

#### 5.4 APPLICATION SUBMISSION REQUIREMENTS

AMS will not consider any applications received after the deadline, any applications submitted by fax, email, or postal mail and any applications not responsive to the requirements of this RFA (eligibility, incomplete application, missing required attachments documents, etc.). See [AMS' Late Applications, Denials and/or Appeal Procedures Policy](#).

Ensure that all components are complete before submission. Allow enough time for the application process, as it may take more than one attempt before your application is successfully submitted. **AMS encourages you to submit your application at least two weeks before the application deadline to ensure all certifications and registrations are met.**

Proof of timely submission is automatically recorded by Grants.gov using an electronic date/time stamp generated when the application is successfully received by Grants.gov. The applicant AOR will then receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov. Applicant AORs will also receive the official date/time stamp and Grants.gov tracking number in an email serving as proof of their timely submission.

**Special Note for Applicants with Slow Internet Connections: Applicants using slow internet, such as dial-up connections, may experience significantly longer transmission times when submitting their application to Grants.gov, especially if there are large attachments contained in the upload.** Again, Grants.gov will provide either an error message or a successfully received transmission notification via email to the applicant AOR.

## 5.5 SUBMISSION DATE AND TIME

Applicants must submit applications electronically via [Grants.gov](https://www.grants.gov) by 11:59 pm Eastern Time on May 14, 2024. AMS cannot consider applications received after this deadline for funding. See [AMS' Late Applications, Denials and/or Appeal Procedures Policy](#).

## 6.2 REVIEW AND SELECTION PROCESS

### ***Step 1: Initial Qualification Screening***

Each application is initially reviewed for overall completeness, as well as compliance with eligibility and program requirements as set forth in this RFA. If an application does not meet these requirements, it is removed from consideration. Please see [AMS' Applications, Denials Late and/or Appeals Procedure](#) for more information.

### ***Step 2: Technical Review***

Each application that passes initial screening (Step 1) is evaluated by a panel of independent peer reviewers. AMS makes every attempt to match reviewers with applications in their areas of expertise. Each reviewer signs a conflict of interest and confidentiality agreement regarding any assigned proposals. The peer review panels evaluate their assigned proposals using instructions prepared by AMS officials. Individual reviewers score applications and then confer with other panel members. The scoring and discussion serve as the basis for awarding and allocating grant funds and focuses on strengths and weaknesses of each proposal.

### ***Step 3: Administrative Review***

AMS will conduct a final administrative evaluation of each review panel's top scores and recommendations. In addition to the scores, AMS reviews each application to ensure that potential recommended projects align with the scope, allowability of budget items, available funding, geographic diversity (including across program years), and program priorities, as described in Section 1.4. AMS staff will work with top-scored applicants to negotiate any revisions as necessary. AMS will also assess an organization's ability to account for the use of Federal funds and monitor the performance associated with these monies using the guidance provided by [2 CFR § 200.206\(b\)](#).

## 7.0 AWARD ADMINISTRATION INFORMATION

### 7.1 AWARD NOTICES

Upon announcement of the Federal awards, AMS will prepare and send a Notice of Award (NOA) to each recipient for signature by the appropriate official. The NOA will be signed by AMS and the AOR.

The NOA will provide pertinent instructions and information including, at a minimum, the information described in [2 CFR § 200.211](#) and reference to the [AMS General Terms and Conditions](#).

### 7.2 UNSUCCESSFUL APPLICANTS

Unsuccessful applicants will be contacted by AMS via email as soon as possible after the awards are announced to inform them of the results. AMS will email unsuccessful applicants the review panel consensus comments regarding their proposals.

### 7.3 ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

As part of the NOA, all AMS recipients must abide by the [AMS General Terms and Conditions](#), which reference applicable *Administrative and National Policy Requirements*.

## 9.0 OTHER INFORMATION

### 9.1 DEFINITIONS

For the purpose of this program, the following definitions are applicable:

Critical Resources and Infrastructure means the physical and the non-physical assets necessary to start and complete a project:

- Critical Infrastructure includes physical assets such as land, structures, or equipment.
- Critical Resources includes non-physical assets such as human capital, community support and partnership, or institutional capacity.

Direct Producer to Consumer Marketing means instances in which producers sell locally or regionally produced agricultural products directly to the consumer (including, farmers markets, roadside stands, CSA programs, agritourism activities, online sales, producer-to-retail, producer-to-restaurant and producer-to-institutional marketing) with minimal involvement of a middle-man such as an intermediary, a wholesaler, a retailer, an agent, a broker, or a reseller in a manner calculated to lower the cost and increase the quality of food to such consumers while providing increased financial returns to the farmers.

Historically Underserved Farmer or Rancher: Four groups are defined by USDA as "Historically Underserved," including farmers or ranchers who are: Beginning; Socially Disadvantaged; Veterans; and Limited Resource as described at "[Historically Underserved Farmers and Ranchers](#)" and below:

- Beginning Farmer or Rancher means a participant who has not operated a farm or ranch, or who has operated a farm or ranch for not more than 10 consecutive years, and substantially participates in the operation.
- Limited Resource Farmer or Rancher means a participant with direct or indirect gross farm sales not more than the current indexed value in each of the previous two years, and Who has a total household income at or below the national poverty level for a family of four, or less than 50 percent of county median household income in each of the previous two years. A Self-Determination Tool is available to the public and may be completed on-line or printed and completed hardcopy at: <https://lrftool.sc.egov.usda.gov/>.
- Socially Disadvantaged Farmer or Rancher means an individual or entity who is a member of a socially disadvantaged group. A socially disadvantaged group is a group whose members have been subject to racial or ethnic prejudice because of their identity as members of a group without regard to their individual qualities. This groups consist of: American Indians or Alaskan Natives, Asians, Blacks or African Americans, Native Hawaiians or other Pacific Islanders, and Hispanics.
- Veteran Farmer or Rancher is a producer who served in the United States Army, Navy, Marine Corps, Air Force, or Coast Guard, including the reserve component thereof, was released from service under conditions other than dishonorable, and has not operated a farm or ranch or has operated a farm or ranch for no more than 10 years or who first obtained status as a veteran during the most recent 10- year period.

Locally and Regionally Produced Food means food that is raised, produced, aggregated, stored, processed, and distributed in the locality or region where the final product is marketed to consumers, so that the total distance that the product travels between the farm or ranch where the product originates and the point of sale to the end consumer is at most 400 miles, or both the final market and the origin of the product are within the same State, territory, or tribal land.

FMPP recognizes that domestic farmers' markets, roadside stands, CSA programs, agritourism activities, other direct producer-to-consumer market opportunities, and local and regional food businesses may source or market some of their food products outside of the defined locality or region. These enterprises are encouraged to consider local boundaries for projects based on existing networks, foodsheds, distance to markets for farmers within the selected area, or other relevant factors. AMS may question the reason behind the selected local or regional food system development effort.

Mid-tier Value Chain means a local or regional supply network that links independent producers with businesses and cooperatives that market value-added agricultural product in a manner that:

- Targets and strengthens the profitability and competitiveness of small and medium-size farms and ranches that are structured as a family farm; and
- Obtains agreement from an eligible agricultural producer group, farmer or rancher cooperative, or majority-controlled producer-based business venture that is engaged in the value chain on a marketing strategy.

Value-Added Agricultural Product means any agricultural commodity or product that:

- Has undergone a change in the physical state or form of the product (such as milling wheat into flour or making strawberries into jam);
- Is produced in a manner that enhances the value of the agricultural commodity or product, (such as organically produced products);
- Is physically segregated in a manner that results in the enhancement of the value of that commodity or product (such as an identity preserved product);
- Is a source of farm- or ranch-based renewable energy, including E-85 fuel; or
- Is aggregated and marketed as a locally produced agricultural food product and, as a result of the change in physical state or the manner in which the agricultural commodity or product is produced and segregated, the customer base for the commodity or product is expanded and a greater portion of revenue derived from the marketing, processing, or physical segregation is made available to the producer of the commodity or product.
