May 22, 2024

MMN Slug ID 1084 /Slug Name: MD_DA810

Email us with accessibility issues with this report.

Farm level milk production has leveled off in the East. Milk volumes are readily available for processing and plant managers share cheese production schedules are seasonally steady. Some cheese plant managers have scheduled time off due to the upcoming holiday weekend. Contacts share domestic cheese demand is steady to stronger. High domestic price points for both blocks and barrels have reportedly hindered export demand. Retail demand is stronger than in recent weeks. Foodservice demand is noted to be steady to weaker.

Information for the period May 20 - 24, 2024, issued weekly
