

Pandemic Response and Safety Grant Program

The USDA has established partnerships with organizations to provide outreach and technical assistance for Pandemic Response and Safety (PRS) grant applicants, including specialty crops producers; meat, poultry, and specialty crops processors; and certain food distributors and farmers markets who need information and support to apply for a grant. Grants are available to small businesses in these sectors to reimburse entities for costs associated with the COVID-19 pandemic.

Check the table below to find a service provider in your area or contact the PRS Helpdesk for assistance. The PRS Helpdesk is open Monday-Friday 9AM-9PM ET. Please send an email to usda.ams.prs@grantsolutions.gov, or call (301) 238-5550.
