COMMODITY SPECIFICATION FROZEN VEGETABLES FEBRUARY 2012

The purpose of this amendment is to revise the size requirement for frozen, individually quick frozen (IQF) mushrooms by eliminating the under 3/8 inch size for uniformity, and hydration of the mushrooms. This revision applies to Section II., Individual Commodity Specifications, L. Frozen IQF Mushrooms, 3. Size, and 7. Hydration.

3. Size: 3/8 inch.
Fairly uniform in size and shape, not more than 15 percent by weight of the units may be more than 3/8 inch.

7. Hydration:
Mushrooms shall not be hydrated.

All other terms and conditions remain the same.
