

USDA EXPORT VERIFICATION (EV) PROGRAM: SPECIFIED PRODUCT REQUIREMENTS FOR BOVINE - SINGAPORE

1 Purpose

This document provides the specified product requirements for marketing U.S. bovine meat (beef and veal) to Singapore under the USDA Export Verification (EV) Program.

2 Scope

These requirements apply to U.S. companies (harvesters, fabricators, and processors) of bovine meat items that are eligible for export to Singapore as listed on the Food Safety and Inspection Service (FSIS) website. Companies must meet the specified product requirements for Singapore under the EV Program through an approved USDA QSA Program. The requirements for the USDA QSA Program are defined in QAD 1002 Procedure: *Quality System Assessment Program*. The USDA QSA Program ensures that the specified product requirements are supported by a documented quality management system; and that product is identified and traceable through the system.

Only companies with an approved USDA QSA Program for the EV Program for Singapore may label and sell product as meeting the specified product requirements for Singapore under the EV Program.
