

USDA Export Verification (EV) Program Specified Product Requirements for Bovine – Ecuador

1 Purpose

This document provides the specified product requirements for marketing U.S. beef and beef products to Ecuador under the USDA Export Verification (EV) Program.

2 Scope

These requirements apply to U.S. suppliers (harvesters, fabricators, and processors) of beef and beef products that are eligible for export to Ecuador as listed on the FSIS Export website. Companies must meet the specified product requirements for Ecuador under the EV Program through an approved USDA Quality System Assessment (QSA) Program. The requirements for the QSA Program are defined in QAD 1002 Procedure: *USDA Quality System Assessment (QSA) Program*. The QSA Program ensures that the specified product requirements are supported by a documented quality management system.

Only companies with an approved USDA QSA Program for the EV Program for Ecuador may label and sell product as meeting the specified product requirements for Ecuador under the EV Program.
