

Receipt of Complainant Letter

Dear Complainant:

Thank you for contacting us to express your concern about the National Organic Program (NOP).

As you know, the NOP was developed to facilitate domestic and international marketing of agricultural products that are organically produced and to assure consumers that such products meet consistent, uniform standards. Compliance with the Federal regulations is essential to ensure the program's success.

After we review the information you provided, we will determine the appropriate action to take regarding your complaint.

Sincerely,

NOP Compliance Officer
