

USDA Export Verification (EV) Program: Specified Product Requirements for Ovine and Caprine

1 Purpose

This document provides the specified product requirements for marketing U.S. ovine and caprine items under the USDA Export Verification (EV) Program. This Program facilitates the international trade of U.S. ovine and caprine meat and meat products for those countries that require products to be derived from animals less than 12 months of age.

2 Scope

These requirements apply to U.S. suppliers (slaughters, fabricators, and processors) of ovine and/or caprine items that are eligible for export as listed on the Food Safety and Inspection Service (FSIS) website. Suppliers who wish to label and sell product as meeting the specified product requirements for ovine and/or caprine under this Program must meet these requirements through an approved USDA Quality System Assessment (QSA) Program.
