

Dear Sirs,

3/26/08

I don't believe proponents of this proposal intended to put independent wholesale receivers at a distinct competitive disadvantage, nor did anyone intend for the proposal to increase the tolerance for defects other than shatter, but those are the consequences. No one benefits by trying to force consumers to accept containers of table grapes with 20% or more, rolling around the bottom of bag. We all loose when the integrity of the grade is weakened.

Sincerely,
