

**I am inquiring about the steps I need to take to become a seller of Organic Coffee Beans. I purchase my green beans from a USDA approved importer of organic beans and would like to become certified to resell them bearing the USDA organic logo. Do I have to store the beans in a separate location? Are there any precautions I have to take when roasting them? Will I get certified via inspection?**

Go to the NOP website @ <http://www.ams.usda.gov/nop> and click on "Certifying Agents" then click on the "List of USDA Accredited Certifying Agents," then choose either domestic or foreign to find the closest Certifying Agent to you. Once you choose a Certifying Agent, and contact them, they will be able to explain all the steps required for you to become certified.
