

I am having difficulty navigating the website, where can I find the guidelines on getting a product certified organic?

Go to www.ams.usda.gov and select "More 'I Want Information On' Options." Click on "Fact Sheets," and then select "Certification (PDF)." Once you have read that document, go back to the homepage and click on NOP-AQSS ("Access") and click on the "Certification" tab. Read all the questions and answers under that heading. Then go back to the homepage and click on "Certifying Agents." Click on the "List of USDA Accredited Certifying Agents," then choose either domestic or foreign to find the closest Certifying Agent to you. Once you choose a Certifying Agent, and contact them, they will be able to explain all the steps required for you to become certified.
