

Flunixin has been approved for use in livestock “in accordance with approved labeling; except that for use under 7 CFR Part 205, the NOP requires a withdrawal period of at least two-times that required by the FDA.” We plan to tell operators that we require a one-year withdrawal period. Will the USDA tell us to back down on our one year requirement should an operator appeal our decision?

Yes. There is no apparent reason provided to exceed the annotation on the National List.
