Dear Ms. Smith:

Enclosed is a copy of the annual update review report (NP3188AA) that examined changes to your operation and evaluated compliance to the National Organic Program regulation. Four Continuous Improvement Points (CIP) were identified during this review. Please send the corrective actions for the CIPs on or before January 30, approximately 60 days from receipt of this letter. Failure to address non-compliances within the time allotted could result in loss of accreditation.

If you have any questions about the review or the report, please feel free to call me at 202 720-2647 or email beth.hayden@usda.gov.

Sincerely,

Beth Hayden
