This report is required by law (7 U.S.C. 608(d), 7 CFR 993.72 and 7 CFR 993.172(d)). The data on this form will be summarized for the Committee to use in evaluating marketing policy and for the quarterly statistical report to all handlers.

FAILURE TO REPORT can result in a fine for each such violation and each day during which such violation continues shall be deemed a separate violation.

## INSTRUCTIONS

Each handler is required to submit each quarter to the Prune Marketing Committee (Committee) a signed report of form PMC 12.1 showing his shipments of California prunes from the start of the current crop year through the end of the quarter for which the report is required. Shipments should be derived from shipping documents, such as shipping orders, manifests and bills of lading. In computing your SHIPMENTS for each period, be sure to exclude invoices for sale from a consignment warehouse or distribution center, and to include, in lieu thereof, prunes shipped to consignment locations or distribution centers as determined from shipping documents.

1. **DOMESTIC, INCLUDING CANADA & GOVERNMENT -USES** --Report the pounds of prunes shipped by you or for your account to the domestic trade for each use listed on this form. Be sure to include prunes which have been converted into a manufactured product on your own premises (such as prune juice and pitted prunes). **DO NOT INCLUDE** in this category: (a) prunes not subject to the Order (refer to 5e below and form PMC 11.1); (b) Inter-Handler Transfers or officially inspected packed prunes moving between handlers (refer to 5 below). The weight of the whole prunes shipped for each use should be reported. For example: "pitting" should be the weight of the prunes shipped to a trade customer for pitting, plus prunes entered into your own pitting equipment.
2. **PRUNE EXPORTS**
  - 1) Report the cumulative tonnage of prunes and pitted prunes shipped to each foreign region excluding Canada on Attachment PMC 12.1A.
  - 2) Enter name of region if not listed.
  - 3) Enter Total Regular Prunes on Line 2, PMC 12.1.
3. **Total Industry** -This is the sum of total domestic and total export shipments.
4. **INTER-HANDLER TRANSFERS**
  - a. Natural condition prunes shipped to another handler either without outgoing inspection or with a memo inspection only.
  - b. Processed condition prunes shipped to another handler either without outgoing inspection or with a memo inspection only, receiving handler to pack and obtain inspection.
  - c. Natural condition prunes shipped to or for the account of another handler after final DFA outgoing P-5 inspection obtained by packing handler. Prunes were packed in consumer packs, sealed bulk fiber cases or export sacks by transferring handler.
  - d. Processed prunes packed and inspected by transferring handler as in 4c.
5. **PRUNES NOT SUBJECT TO THE ORDER**
  - a. Enter on line 5b your inventory of such prunes on hand at the beginning of the period reported upon, plus any acquired during the period.
  - b. Enter on line 5b your Non-Order prune inventory at the close of business of the last day of the period reported upon.
  - c. Deduct 5b from 5a and enter the difference on line 5c as shipments during the period.
  - d. Deduct your entry on line 5e from 5c to determine the entry for line 5d, or, as an alternative method, total the weight of Non-Order prunes shown by your records as having been commingled with California prunes during the period reported upon and enter the sum on line 5d.
  - e. Determine from your records the total weight of Non-Order prunes shipped as such during the period of the report and enter on line 5e.
6. **TOTAL PRUNE SHIPMENTS** (self-explanatory)
7. **SHIPMENTS BY TYPE: OF PACK** Whole Prunes -- Report the nominal net pounds of prunes shipped to the trade segregated by, for Consumer packs and Bulk packs. "Other" includes shipments of prunes (natural condition and processed) in bulk and other containers such as tin or glass, or in a different type container.
8. **SHIPPED AS PITTED PRUNES** --Report the nominal net weight of pitted prunes (Pits removed) shipped to the trade segregated by consumer and bulk pack. This is a separate figure not to be included elsewhere in this report.
