The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, sexual orientation, or marital or family status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer.

## Announcement PY-331

## I. GENERAL

A. The United States Department of Agriculture (USDA) will periodically issue an Invitation for offers (Invitation) under this Announcement to sell to USDA turkey and turkey products (commodity). The Commodity Specifications listed below are published separately and are incorporated herein and made a part hereof.

Commodity Specification for Turkey and Turkey Products dated March 2007

- Consumer Pack (233260)
- Bulk Pack (233390)
- Roasts (233648)

Commodity Specification for Smoked Turkey Ham dated March 2008

- Smoked Turkey Ham (234040)
- Smoked Turkey Ham (Small Pack) (234140)

Commodity Specification for Deli-Style Turkey Breasts and Deli-Style Smoked Turkey Breasts dated March 2007

- Deli-Style Turkey Breast (233040)
- Deli-Style Smoked Turkey Breast (233140)

B. Purchases will be on a competitive bid basis. The Invitations will specify the commodity, the offer date, the delivery period, the destinations, estimated quantities, the closing time for receipt of offers, and any provisions applicable to the proposed procurement which are in addition to or different from those contained in the Announcement. Offerors are cautioned to carefully read all applicable terms and conditions of this Announcement, the applicable Invitation, and the Commodity Specification. The contractor is cautioned that statements made by persons other than the Contracting Officer are not binding on the Government unless subsequently confirmed in writing by the Contracting Officer.

C. Offer prices will be f.o.b. (or f.a.s vessel) at the destinations listed in the applicable Invitation. Offers will be invited on a purchase unit basis or multiples thereof, except that from time to time the Invitation will indicate two or more destinations in a line item which will require a split delivery (drop) at each destination. Delivery by either trucks or railcars is at the option of the contractor except for those destinations which specify the method of delivery.

D. Responsibility of Offeror

1. Central Contractor Registration and Online Representations and Certifications Application.

Contractor must be registered with the Central Contractor Registration (CCR) as prescribed in 48 C.F.R. § 4.1104 and the Online Representations and Certifications Application (ORCA). Offeror must certify with each bid that its company is registered with both the CCR and ORCA.

## 2. Responsibility.

A firm submitting an offer under this Announcement must meet the Federal standards for responsibility in the Federal Acquisition Regulations at 48 C.F.R. Part 9, and this Announcement. Facilities to be used in fulfilling USDA contracts must be operating under the provisions of the Poultry Products Inspection Act (PPIA) and regulations issued thereunder. All subcontractors and suppliers subject to the PPIA who will be utilized in fulfilling this procurement, either directly or indirectly, must first be approved by the Contracting Officer for responsibility. Approval must be received prior to their performance under this Announcement. Offerors must submit a complete list of all subcontractors and suppliers including potential subcontractors and suppliers, prior to the offeror's participation in this program. During the life of the Announcement, offerors must update the list of subcontractors and suppliers as changes occur. Subcontractors and suppliers will be determined to be nonresponsible if they have been suspended or debarred and that suspension or debarment is in effect at the time of a bid or during performance.

The offeror must certify in item 6 of the offer, that: (1) all producing plants specified in the offer are facilities operating under the provisions of the PPIA; (2) neither the offeror nor any of its officials are currently suspended or debarred as defined under 48 C.F.R. § 9.4; (3) the offeror will identify to the Contracting Officer all prospective subcontractors and suppliers subject to the PPIA and request a determination of responsibility prior to their performance; (4) the offeror will only utilize those subcontractors or suppliers in fulfilling the contract who have been approved by USDA; and (5) the offeror will include these certification requirements in every subcontract for the poultry component of this commodity.

Offerors are cautioned NOT to OFFER quantities in excess of what they can reasonably expect to timely deliver in accordance with the contract. Deliveries must be made during the contracted delivery period. No extensions will be granted due to weekends or Federal holidays. Because this commodity is used in domestic food programs, on-time delivery is imperative. See Section VIII.B. as to the importance of timely delivery and the difficulty inherent in quantifying actual damages for delay in delivery. Late deliveries cause serious and substantial damages to USDA and to other agencies that use this commodity. Contractors delivering late on a contract(s) must immediately notify the Contracting Officer of late deliveries and how soon delivery can be expected. Additionally, if the contractor intends to request an extension of time due to causes beyond the control of the contractor, such notice must be made to the Contracting Officer 3 business days in advance of bid opening in which the contractor wants to bid. Notification must include (1) a production report of completed and/or expected production, including pounds and dates, and (2) actual or expected shipment or delivery dates by Delivery Order (D/O) numbers. Offeror must certify to timely performance on outstanding contracts in each offer. A determination that the late performance is beyond the control or negligence of the contractor or the contractor's subcontractor must be made by the Contracting Officer prior to bid opening. An offeror may be deemed nonresponsible if the late shipment/delivery is not due to causes beyond the contractor's control or negligence. This provision is a deviation from 48 C.F.R. § 9.103(b) and § 19.6.

An offeror's false certification may result in rejection of the offer, suspension and debarment, termination of the contract, liability for damages, civil damages, and criminal prosecution.

With respect to purchases under the 8(a) program, the conditions and clauses contained in the Agreement Between USDA, Agricultural Marketing Service (AMS), and the Small Business Administration (SBA) (Interagency Agreement), apply to the 8(a) contractor as defined in 48 C.F.R. § 19.800(a). For the purposes of purchases made under the 8(a) program, reference to "contractor," in all USDA contract documents, means the 8(a) contractor. In accordance with the Interagency Agreement as authorized under 48 C.F.R § 19.800(c), SBA has delegated responsibility to USDA for the administration of contracts awarded to 8(a) contractors with complete authority to take any action on behalf of the Government under the terms and conditions of the contract. In the event of non-performance of a contract by an 8(a) contractor or its subcontractor, it is agreed that no further contract will be offered by the SBA to that contractor during the current fiscal year or until claims for damages resulting from non-performance are settled.

#### E. Food Defense Requirements

Potential contractor(s) and subcontractor(s) must have a documented and operational food defense plan that provides for the security of a plant's production processes and includes the storage and transportation of pre-production raw materials and other ingredients and post-production finished product. The plan shall address the following areas: (1) food security plan management; (2) outside and inside security of the production and storage facilities; (3) slaughter and processing, including all raw material sources; (4) shipping and receiving; (5) storage; (6) water and ice supply; (7) mail handling; (8) personnel security; and (9) transportation, shipping, and receiving (includes the sealing of any transport conveyance for truck lot and less-than-truck lot quantities of finished product).

Potential contractors must certify in their Appendix-1 that they have a documented and operational food defense plan. Prior to a contract award, the plan will be audited by the USDA AMS Grading Branch. The food defense audit is based on the Food Safety and Inspection Service (FSIS) Security Guidelines for Food Processors at the following website: <http://www.fsis.usda.gov/OA/topics/SecurityGuide.pdf> and guidelines for the transportation and distribution of meat, poultry, and egg products are located at the following website: <http://www.fsis.usda.gov/oa/topics/transportguide.htm>. All nonconformances listed in the audit report must be addressed in writing within 14 days to the Contracting Officer. The potential contractors will have an opportunity to correct identified nonconformances and improve their food defense plan. Each written response submitted by the contractor will be reviewed for acceptance by the Contracting Officer. A facility may participate only after each written response is deemed acceptable by the Contracting Officer.

Plans must have been audited since February 7, 2008, to comply with this requirement. Additionally, potential contractors may request waivers when pre-award audits could not be scheduled in time to meet the time required for bid offering. The potential contractors will receive written notification from the Contracting Officer of their eligibility to bid.

Eligible suppliers who receive contracts must have their documented food defense plan and supporting documentation readily available for review by the Contracting Officer or AMS agents. Records may be maintained on hard copy or electronic media. However, records maintained as electronic media will be made available in printed form immediately upon request by AMS or its agents.

Follow-up audits may be conducted as determined by the Contracting Officer.

F. Domestic Products

End products furnished must be of 100 percent domestic origin, meaning that it was produced and processed from poultry and/or egg products, including maltodextrin, (products) which were produced, raised, and processed only in the United States, its territories or possessions, the Commonwealth of Puerto Rico, or the Trust Territories of the Pacific Islands (hereinafter referred to as "the United States"). If the contractor processes or handles products originating from sources other than the United States, the contractor must have an acceptable identification and segregation plan for those products to ensure they are not used in commodities purchased under the Announcement. This plan must be made available to a representative of the Grading Branch, Poultry Programs, AMS, USDA (Grader), and the Contracting Officer or agent thereof upon request. The contractor must ensure that both the contractor and subcontractor(s) maintain records such as invoices, or production and inventory records evidencing product origin, and make such records available for review by the Government in accordance with 48 C.F.R. § 14.201-7(a).

Contractor agrees to include this domestic origin certification clause in all subcontracts for products used in fulfilling contracts awarded under this Announcement. The burden of proof of compliance is on the contractor. Failure to observe this requirement may lead to actions including, but not limited to, the assessment of actual and/or liquidated damages, suspension or debarment, contract termination, penalties at Title 18, Section 1001 of the US Code concerning falsification of information, or other remedies in favor of the Government as may be allowed by law.

The attached form (EXHIBIT 2) must be completed for each contract awarded and be presented to a Grader at the processing facility prior to performance in this program, and the Contracting Officer or agent thereof upon request.

G. Service of Protest

1. Protests, as defined in 48 C.F.R. § 33.101, that are filed directly with an agency, and copies of any protests that are filed with the General Accounting Office (GAO), shall be served on the Contracting Officer by obtaining written and dated acknowledgment of receipt.

2. The copy of any protest shall be received in the office designated above within 1 day of filing a protest with the GAO.

II. SUBMISSION OF OFFERS

Offers must be submitted via the Internet by accessing the Domestic Electronic Bid Entry System (DEBES) (see EXHIBIT 3 for browser requirements). Offerors may request vendor DEBES Identifications and passwords by contacting the Contracting Office at (202)720-7693. Offers submitted by any means other than DEBES will be considered nonresponsive. Access the DEBES website at: <https://pcsd.usda.gov:3077/mdbc1000.exe?>

Once connected to DEBES, follow the online procedures. Click on the "Help" button for detailed instructions on using the system, or call (202)720-7693 for assistance.

AMS will not be responsible for any failure attributed to the transmission of the bid data prior to being accepted and stored on our web server including, but not limited to the following:

1. Any failure of the offeror's computer hardware or software.
2. Availability of the offeror's Internet service provider.
3. Delay in transmission due to the speed of the offeror's modem.
4. Delay in transmission due to excessive volume of Internet traffic.

Offers, modifications, or withdrawals of offers must be received in DEBES not later than 12 noon, Central Time, on the Monday or other day as indicated in the Invitation. Whether an offer, modification, or withdrawal is received within the time limitation will be determined by the latest time recorded in DEBES.

Offers must be submitted through DEBES. All sections of the offer form must be completed, including prices and constraints. Complete the certifications using the following as a guide. (See EXHIBIT 1 of this Announcement for examples of offers.)

1. Offer is made subject to Announcement PY-331, Appendix-1; the Commodity Specifications for Turkey and Turkey Products, Deli-Style Turkey and Smoked Turkey Breasts dated March 2007, and Smoked Turkey Hams dated March 2008; and Invitation No. \_\_\_\_.

2. Furnish the name, complete mailing address, and telephone number of office or person to receive shipping and delivery instructions. NOTE: FURNISH ADDRESS WITH FIRST BID; THEREAFTER, ENTER "SAME" IF INFORMATION HAS NOT CHANGED. ONLY ENTER UPDATED INFORMATION AS NECESSARY.

3. Timely Performance Certification. All products required under any existing USDA contract(s) or subcontract(s) with a not-later-than delivery date prior to this bid opening have been delivered. Choose one:

- (a) Has
- (b) Has not
- (c) Has not, but has notified the Contracting Officer
- (d) No existing contracts

4. Offeror (HAS) submitted to the Contracting Officer Annual Certifications, Representations, and Warranties (Appendix-1). The Appendix-1 is current, accurate, and complete. Furnish the date of the Appendix-1.

5. Offeror (HAS) registered in the Central Contractor Registration (CCR). Furnish the expiration date of registration.

6. Offeror (HAS) registered with the Online Representations and Certifications Application. Furnish the expiration date of registration.

7. Offeror requests HUBZone small business price evaluation preference (YES)(NO). Applies only to firms certified in the Small Business Administration's Historically Underutilized Business Zone program (48 C.F.R. § 19.13).

8. Furnish name, title, fax number, and phone number of person submitting this bid (must be an officer of the company or a person authorized to execute contracts on behalf of the offeror).

EXHIBIT 1 provides an example of how offers may be submitted through DEBES.

### III. ACCEPTANCE OF OFFERS

The Government contemplates award of a fixed-price supply contract resulting from this solicitation. Contracts will be awarded to responsible offerors whose offers conform to the Announcement and the applicable Invitation and whose offers are most advantageous to the Government in terms of, but not limited to, price, quantity requirements, and transportation costs. Acceptance of offers will be made by FAX filed at Washington, DC, not later than midnight, Eastern Standard Time, the Friday following the day for receipt of offers. The official time of award is the date and time stamped on the contract, which is faxed from the Poultry Program's Commodity Procurement Branch. The faxed transmission of the contract is the official notice that the contract has been awarded. A notice of award will be issued in the form of a Food Purchase Report or other public announcement posted at the Department's Office of Public Affairs, News Division, after award and after 3 p.m., Eastern Standard Time, on the day of acceptance. After award information is posted, inquiries may be made to a USDA/AMS Poultry Programs Market News Office or the Contracting Officer. Failure to accept an offer will constitute rejection.

Acceptance as specified above will result in a binding contract without further action by either party. The actual time of award described herein is a deviation from 48 C.F.R. § 14.405-1. Information on awards is also available electronically through the commodity procurement website at <http://www.ams.usda.gov/cp> after award.

### IV. ORDER OF PRECEDENCE

The contract consists of this Announcement including Appendix-1; the applicable Invitation; the Commodity Specification; the contractor's offer; and the acceptance by USDA. If the provisions of contract documents are inconsistent, the following priority order will prevail: Invitation, Announcement, Specification, and applicable Clauses.

### V. CONTRACT COMPLIANCE

The contractor must assure compliance with all requirements of this Announcement and the Commodity Specification prior to submission of product to USDA for acceptance. Examination and certification by USDA is solely for the benefit of USDA and will not relieve the contractor of its obligation and responsibility to deliver a product which complies with all requirements of this Announcement and the Commodity Specification. USDA approval of any part of the production process, including but not limited to equipment, will not relieve the contractor of the responsibility for performing in accordance with the contract. Actual damages not duplicative of liquidated damages may be assessed for performance not in accordance with the contract.

### VI. SHIPMENT AND DELIVERY

Shipment and delivery must be made in accordance with this Announcement; the Commodity Specification; the applicable Invitation; and the Form KC-269 (Notice to Deliver) issued by the Kansas City Commodity Office (KCCO). Contractor must closely follow delivery notification

instructions contained in the Notice to Deliver. Such notification of delivery is vital, particularly in cases of minimal transit time.

The Government shall issue to the contractor electronic “Notices to Deliver” via email. The contractor shall be responsible for ensuring that it is capable of receiving email communications during the course of the contract. The contractor shall ensure that it has an accurate email address on file with the Government. The Government will not be responsible for any failure of contractor receipt of electronic “Notices to Deliver” attributable to inoperable receiver equipment and/or software. The Government reserves the right, at its option, to issue “Notices to Deliver” by other means such as, but not limited to, facsimile transmission or regular mail.

When notified of shipments, consignees may request upgrading of delivery services or delivery to an alternate warehouse; for example, delivery within the consignee’s premises or to a specific room within a building. Such delivery terms are beyond USDA contractual requirements. Any negotiations to upgrade services are between the contractor and consignee and any additional charges for special delivery terms are between consignee and contractor. Any charges invoiced to USDA for additional delivery services will be denied.

When making deliveries to more than one destination from the same railcar, the quantities required at each stopoff must be placed in separate compartments under seal. Each railcar compartment must be stacked in a manner that will preclude containers shifting while in transit.

Transportation cost adjustments for diverting product to new destinations will be made in accordance with the following provisions:

A. Change in Place or Manner of Shipment or Delivery

If USDA orders delivery to a destination other than the original destination named in the contract, transportation costs adjustments will be made at the rate of \$1.10 per mile per delivery unit based on the difference in miles between (1) the shipping point and new destination and (2) the shipping point and original destination.

Applicable mileage cannot exceed that published in the most recent “Household Goods Carriers’ Mileage Guide” issued by the Household Goods Carriers’ Bureau.

The following is an example illustrating the transportation cost adjustment for a change in destination:

	<u>Point</u>	<u>Points</u>
1	Anytown, NC (shipping point)	
2	Hometown, NC (original destination)	1 to 2 = 40 miles
3	Midtown, NC (new destination)	1 to 3 = 120 miles

For this delivery unit, USDA would increase payment to the contractor \$88 to compensate for 80 additional miles from the shipping point to the new destination at \$1.10 per additional mile. In the event the mileage is less when a change in destination is ordered, the payment would be reduced.

B. Early Delivery

The contractor may deliver early upon the approval of the KCCO. Approval may be obtained by telephoning (816) 926-6063. Approval is contingent on the recipient's concurrence to accept early delivery and upon a USDA Grader being available to perform necessary checkloading and final acceptance duties.

VII. LIABILITY FOR LOSSES DUE TO DETERIORATION, SPOILAGE, OR RECALL

A. Loss Due to Deterioration or Spoilage

The contractor is liable for losses due to deterioration or spoilage for which the contractor is responsible, if these losses were discovered for:

Consumer Pack – within 9 months of date of delivery,

Bulk Pack (fresh chilled) – within 10 days of date of delivery,

Bulk Pack (frozen) – within 2 months of date of delivery,

Roasts – within 5 months of date of delivery,

Smoked Turkey Ham -- within 6 months of date of delivery,

Deli-Style Turkey Breast – within 6 months of date of delivery, and

Deli-Style Smoked Turkey Breast – within 6 months of date of delivery.

B. Loss Due to Product Recalled for Health or Safety Risk

The contractor shall be held liable for failure of the commodity or product to meet all of the contract requirements. In the event the commodity or commodity product is recalled due to a health or safety risk, the contractor is responsible for removal and replacement of recalled commodities or products, and reimbursement of State and local costs incurred as a result of the recall, as outlined in the Food and Nutrition Service's (FNS) Commodity Hold and Recall Process. These costs include, at a minimum, storage, transportation, processing, and distribution of the commodities or products.

VIII. LIQUIDATED DAMAGES

A. Compensation to the Contractor for Late Mailing of Notice to Deliver

Liquidated damages for failure to deliver the commodity during the delivery period due to late mailing of Notice to Deliver by the KCCO will be at the rate of \$0.0025 per pound net per calendar day.

B. Compensation to USDA for Delay in Delivery

Liquidated damages for failure to deliver the commodity during the delivery period due to causes other than a late mailed Notice to Deliver will be payable at the rate of \$0.0025 per pound net per calendar day. When deliveries are made by contract carrier or vendor's own vehicle, the date

shown on the Bill of Lading or destination USDA Poultry Products Inspection Certificate will be considered as the date of delivery. However, liquidated damages for late delivery will not be assessed on commodity delivered by railcar or piggyback if the bill of lading was issued prior to the beginning of the delivery period. Timely delivery is important to fulfill the nutritional and dietary needs of persons for whom the commodity is intended. It is difficult to quantify the value of nutritional and dietary needs, but the parties involved agree that the above rate is a reasonable quantification of such value. In addition, liquidated damages include, but are not limited to, compensation for the impairment of USDA's credibility in administering programs which are dependent on timely delivery of commodities.

## IX. INVOICES AND PAYMENT

Invoices requesting payment must be submitted separately by the contractor to the Fiscal Division, Kansas City Finance Office (KCFO) at the address shown in Section X.C. A properly prepared invoice package must include the following supporting documents:

- A. USDA Form KC-269 (Notice to Deliver) or commercial invoice form;
- B. Origin USDA Poultry Products Grading Certificate issued at time of checkloading; and
- C. A copy of the Bill of Lading or other commercial receipt signed by recipient agent evidencing delivery date and quantity of product delivered or (for chilled bulk pack) original destination USDA Poultry Products Grading Certificate.

When applicable, the contractors will note on their invoices, "Invoice subject to adjustment in transportation costs" (See Section VI.).

Interest will be paid in accordance with the provisions of the Prompt Payment Act (31 U.S.C. § 3902 *et seq.*) if payment is made beyond the seventh day after the date of delivery. For the purpose of payment, the date of delivery of each shipment of product will be the date of receipt by KCFO of a properly prepared invoice package for the product.

USDA payments must be made directly to a financial banking institution. To receive payments electronically, Form SF-1199A, Direct Deposit Sign-up Form, can be obtained from KCCO, Commodity Financial Operations Division, ICB; Telephone (816) 926-2550, or access the form via the internet at: <https://pcsd.usda.gov:3076/finance/>.

## X. INQUIRIES

- A. Inquiries pertaining to this Announcement, Appendix-1, Commodity Specifications, and applicable Invitations(s) should be directed to:

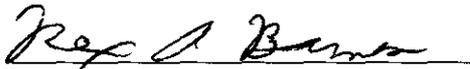

Contracting Officer  
 USDA/AMS/Poultry Programs  
 1400 Independence Avenue, SW  
 Commodity Procurement Branch STOP 0260  
 Washington, DC 20250  
 Telephone: (202) 720-7693

- B. Inquiries concerning shipping instructions should be directed to:

Director, Kansas City FSA Commodity Office  
U.S. Department of Agriculture  
P.O. Box 419205  
Kansas City, Missouri 64141-6205  
Telephone: (816) 926-6063

- C. Inquiries concerning payment should be directed to:

#### Browser Requirements

Netscape 4.07 or above  
OR  
Internet Explorer (IE) 5.0 or above

The browser must be capable of handling 128-bit encryption. To determine this:

In IE, go to **Help/About Internet Explorer**. The display will show the following:

**Cipher Strength: 128-bit**

If it does not, you can download a new version of the browser from Microsoft at <http://www.microsoft.com>.

In Netscape, this can be determined by going to Help/About Communicator.

The display will show the following:

**This version supports U.S. security with  
RSA Public Key Cryptography, MD2, MD5  
RC2-CBC, RC4, DES-CBC,  
DES-EDE3-CBC.**

If it does not, you can download a new version of the browser from Netscape at <http://home.netscape.com/download/index.html?cp=djucc4>. Choose the 128-bit Strong Encryption\* version for your download.

The Production site is <https://pcsd.usda.gov:3077/mbc1000.exe?>

#### Proxy Servers

Most connection problems are the result of improper browser version, not using 128-bit encryption, and connecting through your corporate proxy server. The proxy server must be set up to allow HTTPS protocol through the appropriate port: Production will be 3077.
