

**NOSB COMMITTEE RECOMMENDATIONS ON PETITIONED SUBSTANCES TO BE
CONSIDERED AT THE APRIL 28-30, 2004 NOSB MEETING**

Interested persons may comment on the following NOSB Committee recommendations using the following procedures:

- Mail: Comments may be submitted by mail to: Katherine Benham, Agricultural Marketing Specialist, National Organic Program, USDA-AMS-TMP-NOP, 1400 Independence Ave., SW., Room 4008-So., Ag Stop 0268, Washington, DC 20250.
- E-mail: Comments may be submitted via the internet to: Katherine.Benham@usda.gov.
- Fax: Comments may be submitted by fax to: (202) 205-7808.
- Written comments on NOSB Committee recommendations should be identified with the name of the substance and the use for which it has been petitioned. Commenters should only submit relevant comments.
- Any related data, scientific research, field tests, articles, etc. should be submitted to help substantiate commenters' positions.
- Clearly indicate if you are for or against the NOSB Committee recommendation or some portion of it and your reason for it. Include recommended language changes as appropriate.

It is our intention to have all comments to these recommendations, whether submitted by mail, E-mail, or fax, available for viewing on the NOP homepage. All comments will be provided to the NOSB for consideration, prior to the April 2004 NOSB meeting.

PETITIONED SUBSTANCE	PETITIONED USE	TAP REPORT	COMMITTEE RECOMMENDATION
HYDROGEN CHLORIDE	Handling: Cotton Seed Delinting	TAP Report	Recommendation
SOY PROTEIN ISOLATE	Crop Production: Fertilizer	TAP Report	Recommendation
6-BENZYLADENINE	Crop Production: Active Ingredient in Promalin and Accel as Crop Production Aid.	TAP Report	Recommendation
UREA	Crop Production: Pesticide for Olive and Fruit Crops.	TAP Report	Recommendation
PROTEINATED CHELATES	Livestock: As a feed additive	TAP Report Supplemental	Recommendation
