

LABELING PACKAGED PRODUCTS UNDER THE NATIONAL ORGANIC STANDARDS

These requirements do not preempt Food and Drug Administration; USDA, Food Safety and Inspection Service; or Bureau of Alcohol, Tobacco, and Firearms labeling regulations or label approval requirements.

Letter codes indicate position on package (see Key below).

If you want to claim:	Your product:	Your label MUST:	Your label MAY show:	Your label MUST NOT show:
<p>"100 percent Organic" (or similar statement)</p>	<p>Must contain 100 percent organically produced ingredients, not counting added water and salt.</p>	<p>Show an ingredient statement when the product consists of more than one ingredient.</p> <p>Show below the name and address of the handler (bottler, distributor, importer, manufacturer, packer, processor, etc.) of the finished product, the statement: "Certified organic by ---" or similar phrase, followed by the name of the Certifying agent. Certifying agent seals may not be used to satisfy this requirement. (IP)</p>	<p>The term "100 percent organic" to modify the product name. (PDP/IP/OP)</p> <p>The term, "organic" to identify the organic ingredients.¹ Water and salt included as ingredients must not be identified as organic. (IS)</p> <p>The USDA organic seal and/or certifying agent seal(s). (PDP/OP)</p> <p>The certifying agent business/ Internet address or telephone number. (IP)</p>	

¹ To identify an ingredient as organically produced, in the ingredients statement, use the word, "organic" in conjunction with the name of the ingredient, or an asterisk or other reference mark which is defined below the ingredient statement .

Key:

PDP - Principal display panel. That part of a label that is most likely to be displayed, presented, shown, or examined under customary conditions of display for sale.

IP - Information panel. That part of the label of a packaged product that is immediately contiguous to and to the right of the principal display panel as observed by an individual facing the principal display panel, unless another section of the label is designated as the information panel because of package size or other package attributes (e.g., irregular shape with one usable surface).

IS - Ingredients statement. The list of ingredients contained in a product shown in their common and usual names in the descending order of predominance.

OP - Other panel. Any panel other than the principal display panel, information panel, or ingredients statement.
