Announcement PY-222

I. GENERAL

A. The United States Department of Agriculture (USDA) will periodically issue an Invitation for offers (Invitation) under this Announcement to sell to USDA frozen cooked breaded chicken nuggets and patties (commodity). The applicable commodity specification, listed below, is published separately and is incorporated herein and made a part hereof.

Commodity Specification for Chicken Nuggets and Chicken Patties dated
May 1998

- Chicken Nuggets (222330)
- Chicken Patties (223030)

B. The Invitation will specify the commodity, the quantity to be delivered, the offer date, the delivery period(s), the destinations, the closing time for receipt of offers, and any provisions applicable to the proposed procurement which are in addition to or different from those contained in this Announcement. Provisions of the General Terms and Conditions for the Procurement of Agricultural Commodities or Services, Revision No. 2, dated November 1984, and Amendments 1, 2, 3, and 4, dated October 1990, November 1990, August 1989, and March 1990, respectively, (USDA-1), are incorporated herein except as specifically excluded. Offerors are cautioned to carefully read all applicable terms and conditions of USDA-1, this Announcement, the applicable Invitation, and the Commodity Specification for Chicken Nuggets and Chicken Patties dated May 1998. The contractor is cautioned that statements made by persons other than the Contracting Officer are not binding on the Government unless subsequently confirmed in writing by the Contracting Officer.

C. Offer prices will be f.o.b. (or f.a.s. vessel) at the destinations listed in the applicable Invitation. Offers will be invited on a purchase unit basis or multiples thereof, except that the Invitation may indicate two destinations within a line item which will require a split delivery (drop) at each destination from the same delivery vehicle. Delivery by either mechanically refrigerated trucks or mechanically refrigerated railcars is at the option of the contractor except for those destinations which specify the method of delivery.

D. Responsibility of Offeror

A firm submitting an offer under this Announcement must meet the Federal standards for responsibility in the Federal Acquisition Regulations (FAR) at 48 C.F.R. Part 9, USDA-1, and this Announcement. Facilities to be used in fulfilling USDA contracts must be operating under the provisions of the Poultry Products Inspection Act (PPIA) and regulations issued thereunder. Due to the nature of these contracts, vendors will not be permitted to subcontract without prior approval of the Contracting Officer, and then only in extreme circumstances (see Article 68 (c) of USDA-1 for examples of extreme circumstances). However, all suppliers subject to the PPIA who will be utilized in fulfilling this procurement, either directly or indirectly, must be approved by the Contracting Officer for responsibility. Approval must be received prior to their performance under this Announcement. Offerors must submit a complete list of all suppliers, including potential suppliers, prior to the offeror's participation in this program. During the life of the Announcement, offerors must update the list of suppliers as changes occur. Suppliers will be

determined to be nonresponsible if they have been suspended or debarred and that suspension or debarment is in effect at the time of a bid or during performance.

In addition to the certifications required by Parts C and D of USDA-1, the offeror must also certify in item 7 of Appendix-1 that (1) all producing plants specified in the offer are facilities operating under the provisions of the PPIA; (2) neither the offeror nor any of its officials are currently suspended or debarred as defined under 48 C.F.R. § 9.4; (3) the offeror will identify to the Contracting Officer all prospective subcontractors and suppliers subject to the PPIA and request a determination of responsibility prior to their performance; (4) the offeror will only utilize those suppliers in fulfilling the contract who have been approved by USDA; and (5) the offeror will include these certification requirements in every subcontract for the poultry component of this commodity.

Bidders are cautioned NOT to BID on quantities in excess of what they can reasonably expect to timely deliver in accordance with the contract. Bidders MUST BID on the quantity associated with each item number (See EXHIBIT 1 of this Announcement for a sample Invitation). Deliveries must be made during the contracted delivery period and no extensions will be granted due to weekends or Federal holidays. Because this commodity is used in domestic food programs, on-time delivery is imperative. See section VIII.B. as to the importance of timely delivery and the difficulty inherent in quantifying actual damages for delay in delivery. Late deliveries cause serious and substantial damages to USDA and to other agencies that use this commodity. Late deliveries may result in termination of contracts or ineligibility to bid on future contracts. Contractors must inform the Contracting Officer and recipient agency, as soon as possible, of late deliveries and how soon delivery can be expected. Offeror must certify to timely performance on outstanding contracts in each offer. An offeror may be deemed nonresponsible if the offeror, on other contracts with USDA, is shipping/delivering late and the late shipment/delivery is not due to causes beyond the control and without the fault or negligence of the contractor. This provision is a deviation from 48 C.F.R. §§ 9.103(b) and 19.6.

A false certification may result in rejection of the offer, suspension and debarment by USDA, termination of the contract, liability for damages under the provisions of USDA-1, and criminal prosecution.

E. Buy American Certification

End products furnished must be of domestic origin as defined in I.F. below. This provision is a deviation from 48 C.F.R. part 25 and for the purposes of this Announcement replaces Article 49 of USDA-1.

F. Domestic Products

The commodity must be produced and processed from poultry and/or egg products including maltodextrin (products) which were produced, raised, and processed in the United States, its territories or possessions, the Commonwealth of Puerto Rico, or the Trust Territories of the

Pacific Islands. If the contractor processes or handles products originating from sources other than the United States, its territories or possessions, Puerto Rico, or the Trust Territories of the Pacific Islands, the contractor must have an acceptable identification and segregation plan for those products to ensure they are not used in commodities purchased under this Announcement. This plan must be made available to a representative of the Grading Branch, Poultry Programs, AMS, USDA (Grader), and the Contracting Officer or agent thereof upon request. The contractor must ensure that both the contractor and subcontractor(s) maintain records such as inventories, or production and inventory records evidencing product origin, and make such records available for review by the Government in accordance with Article 76 of USDA-1. The burden of proof of compliance is on the contractor. Failure to observe this requirement may lead to suspension or debarment, contract termination, and penalties at 18 U.S.C. 1001 concerning falsification of information. The attached form (EXHIBIT 4) must be provided to the USDA Grader prior to performance in this program.

G. Cancellation, Rescission, and Recovery of Funds for Illegal or Improper Activity

1. If the Government receives information that a contractor or person has engaged in conduct constituting a violation of subsection (a), (b), (c), or (d) of section 27 of the Office of Federal Procurement Policy Act (41 U.S.C. 423) (the Act), as amended, the Government may -

a. Cancel the solicitation, if the contract has not yet been awarded or issued; or

b. Rescind the contract with respect to which -

(1) The Contractor or someone acting for the Contractor has been convicted for an offense where the conduct constitutes a violation of subsection 27(a) or (b) of the Act for the purpose of either -

(a) Exchanging the information covered by such subsections for anything of value; or

(b) Obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement contract; or

(2) The head of the contracting activity has determined, based upon a preponderance of the evidence, that the Contractor or someone acting for the Contractor has engaged in conduct constituting an offense punishable under subsection 27(e)(1) of the Act.

2. If the Government rescinds the contract under paragraph (1) of this clause, the Government is entitled to recover, in addition to any penalty prescribed by law, the amount expended under the contract.

3. The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other rights and remedies provided by law, regulation, or under this Announcement.

H. Requirements

Requirements contracts, as described in 48 C.F.R. § 16.503, will be awarded for frozen cooked breaded chicken nuggets and patties for the delivery periods stated in the Invitation. The quantities of chicken nuggets and patties specified in the Invitation are estimates only and are not purchased by this contract. The quantities specified are the maximum orders to be purchased, and may be subject to adjustment based on changes in the needs by recipient agencies.

Delivery or performance must be made only as authorized by the Notice to Deliver (ND) issued in accordance with the Ordering clause (48 C.F.R. § 52.216-18). Subject to any limitations in the Delivery-Order Limitations clause (48 C.F.R. § 52.216-19) or elsewhere in this Announcement, the contractor must furnish to USDA all commodity as specified in the Commodity Specification and called for by the ND issued in accordance with the Ordering clause.

The commodity must not be processed and packaged more than 30 calendar days prior to the date of delivery.

I. Ordering

ND's will be issued by the Kansas City Commodity Office (KCCO) not later than 30 days prior to the beginning of the delivery period. Products to be furnished under this Announcement shall be ordered by issuance of ND's by KCCO. All ND's are subject to the terms and conditions of this Announcement.

J. Pricing

The offer price must be a processing cost over a published base price as follows:

1. Base Price

a. The base price is intended to reflect the approximate value of the chicken contained as ingredients in the finished chicken nuggets and patties. The base price per pound will be 1.2 times the 12-city price for broiler chickens published by USDA Poultry Market News on Monday of the week each ND is issued. The average price will be expressed on a per-pound basis, rounded to the fourth decimal place. ND's will be issued not less than 30 days prior to the beginning of the delivery period.

b. If no price is quoted for the specific week an ND is issued, the base price will be the last published price for the 12-city broiler market.

c. Inquiries on the 12-city price for broiler chickens should be directed to Poultry Programs, Market News Branch, by telephoning (202) 720-6911.

2. Offer Price

a. The offer price includes the processing and transportation costs and must be expressed in cents per pound. The offer price is intended to reflect the cost of manufacturing chicken into chicken nuggets and patties and other costs, and reflects the difference between the base price and the final price to produce and deliver the specified end products.

b. The offer price will be added to the base price for each ND to determine the price per pound to be paid.

c. Offers must specify one offer price per line item listed on the Invitation. Line items with more than one price listed will not be considered.

After award information is posted, inquiries may be made to a USDA-AMS Poultry Programs Market News

Office or the Contracting Officer. Failure to accept an offer will constitute rejection. Acceptance as specified above will result in a binding contract without further action by either party. The actual time of award described herein is a deviation from 48 C.F.R. § 14.407-1. Information on awards is also available electronically through the USDA, AMS Home Page at <http://www.ams.usda.gov/cp> after award.

IV. PROVISIONS OF CONTRACT

The contract consists of this Announcement including Appendix-1, the applicable Invitation, the Commodity Specification, the contractor's offer, Standard Form 129, the Notice to Deliver, the acceptance by USDA, and USDA-1, except Article 50 and all of Part E. Article 56 of USDA-1 is hereby amended by deleting the words "shipment from origin" from the third line of paragraph (a) and inserting in lieu thereof the word "delivery". Additionally, Articles 56, 65, and 67 of USDA-1 are hereby amended by deleting the words "ship", "shipping", "shipment(s)", and "shipped" and inserting as appropriate the words "delivery(ies)" or "delivered". If the provisions of contract documents are inconsistent, the following priority order will prevail: Notice to Deliver, Invitation, Announcement, Specification, and USDA-1.

V. CONTRACT COMPLIANCE

The contractor must assure compliance with all requirements of this Announcement and the Commodity Specification for Chicken Nuggets and Chicken Patties prior to submission of product to USDA for acceptance. Examination and certification by USDA is solely for the benefit of USDA and will not relieve the contractor of its obligation and responsibility to deliver a product which complies with all requirements of this Announcement and the Commodity Specification for Chicken Nuggets and Chicken Patties. USDA approval of any part of the production process will not relieve the contractor of the responsibility of performance in accordance with the contract. Actual damages not duplicative of liquidated damages may be assessed for performance not in accordance with the contract.

VI. SHIPMENT AND DELIVERY

Shipment and delivery must be made in accordance with this Announcement, the Commodity Specification for Chicken Nuggets and Chicken Patties, the applicable Invitation, the Notice to Deliver, and Articles 56, 57, and 64 of USDA-1, as amended by this Announcement. Destination diversions must be mutually agreed upon by the recipient agency and the contractor. Transportation cost adjustments will not be made by USDA if the recipient agency orders delivery to a destination other than the original destination named in the contract.

VII. LOSS DUE TO DETERIORATION OR SPOILAGE

The contractor is liable for losses due to deterioration or spoilage, for which the contractor is responsible, which are discovered within 4 months of the date of delivery to USDA in accordance with the provisions of Article 61 of USDA-1.

VIII. LIQUIDATED DAMAGES

A. Compensation to the Contractor for Late Mailing of Notice to Deliver

Liquidated damages for failure to deliver the commodity during the delivery period due to late mailing of Notice to Deliver by KCCO will be payable in accordance with Article 65 of USDA-1, as amended by Section IV., and will be at the rate of \$0.0025 per pound net per calendar day.

B. Compensation to USDA for Delay in Delivery

Deliveries must be made during the contracted delivery period(s). Liquidated damages for failure to deliver the commodity during the delivery period caused by other than a late mailed Notice to Deliver will be payable in accordance with Article 67 or USDA-1, as amended by Section IV., at the rate of \$0.0025 per pound net per calendar day. When deliveries are made by contract carrier or vendor's own vehicle, the date shown on the Consignee's Receipt or destination USDA Poultry Products Grading Certificate will be considered as the date of delivery. Liquidated damages will be assessed on late deliveries by railcar or piggyback. Timely delivery is important to fulfill the nutritional and dietary needs of persons for whom the commodity is intended. It is difficult to quantify the value of nutritional and dietary needs but the parties involved agree that the above rate is a reasonable quantification of such value. In addition, liquidated damages include, but are not limited to, compensation for the impairment of USDA's credibility in administering programs which are dependent on timely delivery of commodities. Late deliveries will count against a contractor's performance and will be considered when determining future contract awards. Current contracts may be terminated due to late deliveries.

IX. INVOICES AND PAYMENT

Invoicing and payment will be handled in accordance with Article 70, USDA-1, except that a properly prepared invoice package must include the following supporting documents:

- A. USDA Form KC-269 or commercial invoice form;
- B. Origin USDA Poultry Products Grading Certificate issued at time of checkloading; and
- C. A copy of the Consignee Receipt (or other commercial receipt evidencing delivery) as provided on the Notice to Deliver (KC-269), or destination USDA Poultry Products Grading Certificate, evidencing delivery of product.

The properly prepared invoice package must be mailed or delivered to the Kansas City Management Office (KCMO) at the address shown in Section X.C.

A vendor will be paid only for delivery to the destinations listed on the Notice to Deliver. Adjustments in transportation costs must be negotiated with the recipient State.

Interest will be paid in accordance with the provisions of the Prompt Payment Act (31 U.S.C. § 3902) if payment is made beyond the seventh day after the date of delivery. For the purpose of payment, the date of delivery of each shipment of product will be the date of receipt by KCMO of a properly prepared invoice package for the product.
