Announcement PY-229

I. GENERAL

A. The United States Department of Agriculture (USDA) will periodically issue an Invitation for offers (Invitation) under this Announcement to sell to USDA frozen cooked diced chicken meat (commodity). The applicable commodity specification, listed below, is published separately and is incorporated herein and made a part hereof.

Commodity Specification for Frozen Cooked Diced Chicken dated July 1999

! Diced Chicken (222140)

B. The Invitation will specify the commodity, the offer date, the delivery period, the destinations, estimated quantities, the closing time for receipt of offers, and any provisions applicable to the proposed procurement which are in addition to or different from those contained in this Announcement. Provisions of the General Terms and Conditions for the Procurement of Agricultural Commodities or Services, Revision No. 2, dated November 1984, and Amendments 1, 2, 3, and 4, dated October 1990, November 1990, August 1989, and March 1990, respectively, (USDA-1), are incorporated herein except as specifically excluded. Offerors are cautioned to carefully read all applicable terms and conditions of USDA-1, this Announcement, the applicable Invitation, and the Commodity Specification for Frozen Cooked Diced Chicken dated July 1999. The contractor is cautioned that statements made by persons other than the Contracting Officer are not binding on the Government unless subsequently confirmed in writing by the Contracting Officer.

C. Offer prices will be f.o.b. (or f.a.s. vessel) at the destinations listed in the applicable Invitation. Offers will be invited on a purchase unit basis or multiples thereof, except that from time to time the Invitation will indicate up to three destinations in a line item which will require a split delivery (drop) at each destination from the same delivery vehicle. Delivery by either mechanically refrigerated trucks or mechanically refrigerated railcars is at the option of the contractor except for those destinations which specify the method of delivery.

D. Responsibility of Offeror

A firm submitting an offer under this Announcement must meet the Federal standards for responsibility in the Federal Acquisition Regulations (FAR) at 48 C.F.R. Part 9, USDA-1, and this Announcement. Facilities to be used in fulfilling USDA contracts must be operating under the provisions of the Poultry Products Inspection Act (PPIA) and regulations issued thereunder. All subcontractors and suppliers subject to the PPIA who will be utilized in fulfilling this procurement, either directly or indirectly, must be approved by the Contracting Officer for responsibility. Approval must be received prior to their performance under this Announcement. Offerors must submit a complete list of all subcontractors and suppliers, including potential subcontractors and suppliers, prior to the offeror's participation in this program. During the life of the Announcement, offerors must update the list of subcontractors and suppliers as changes occur. Subcontractors and suppliers will be determined to be nonresponsible if they have been suspended or debarred and that suspension or debarment is in effect at the time of a bid or during performance.

In addition to the certifications required by Parts C and D of USDA-1, the offeror must also certify in item 7 of Appendix-1 that (1) all producing plants specified in the offer are facilities operating under the provisions of the PPIA; (2) neither the offeror nor any of its officials are currently suspended or debarred as defined under 48 C.F.R. ' 9.4; (3) the offeror will identify to the Contracting Officer all prospective subcontractors and suppliers subject to the PPIA and request a determination of responsibility prior to their performance; (4) the offeror will only utilize those subcontractors or suppliers in fulfilling the contract who have been approved by USDA; and (5) the offeror will include these certification requirements in every subcontract for the poultry component of this commodity.

Bidders are cautioned NOT to BID on quantities in excess of what they can reasonably expect to timely deliver in accordance with the contract. Deliveries must be made during the contracted delivery period and no extensions will be granted due to weekends or Federal holidays. Because this commodity is used in domestic food programs, on-time delivery is imperative. See section VIII.B. as to the importance of timely deliveries and the difficulty inherent in quantifying actual damages for delay in delivery. Late deliveries cause serious and substantial damages to USDA and to other agencies that use this commodity. Contractors must inform the Contracting Officer, as soon as possible of late deliveries, and how soon delivery can be expected. Offeror must certify to timely performance on outstanding contracts in each offer. An offeror may be deemed nonresponsible if the offeror, on other contracts with USDA, is shipping/delivering late and the late shipment/delivery is not due to causes beyond the contractor's control or negligence. This provision is a deviation from 48 C.F.R. ' ' 9.103(b) and 19.6.

An offeror's false certification may result in rejection of the offer, suspension and debarment, termination of the contract, liability for damages under the provisions of USDA-1, and criminal prosecution.

With respect to purchases under the 8(a) program, the conditions and clauses contained in the Announcement, Invitation, Commodity Specification, Appendix-1, USDA-1, and the Interagency Agreement Between USDA, Agricultural Marketing Service (AMS), and the Small Business Administration (SBA) (Interagency Agreement), apply to the 8(a) contractor as defined in 48 C.F.R. § 19.800 (a). For the purposes of purchases made under the 8(a) program, reference to "contractor", in all USDA contract documents, means the 8(a) contractor. In accordance with the Interagency Agreement as authorized under 48 C.F.R. § 19.800 (c), SBA has delegated responsibility to USDA for the administration of contracts awarded to 8(a) contractors with complete authority to take any action on behalf of the Government under the terms and conditions of the contract. In the event of non-performance of a contract by an 8(a) contractor or its subcontractor, it is agreed that no further contracts will be offered by the SBA to that contractor during the current fiscal year or until claims for damages resulting from non-performance are settled.

E. Buy American Certification

End products furnished must be of domestic origin as defined in I.F. below. This provision is a deviation from 48 C.F.R. Part 25 and for the purposes of this Announcement replaces Articles 34 and 49 of USDA-1.

F. Domestic Products

The commodity must be produced and processed from poultry and/or egg products including maltodextrin (products) which were produced, raised, and processed in the United States, its territories or possessions, the Commonwealth of Puerto Rico, or the Trust Territories of the Pacific Islands. If the contractor processes or handles products originating from sources other than the United States, its territories or possessions, Puerto Rico, or the Trust Territories of the Pacific Islands, the contractor must have an acceptable identification and segregation plan for those products to ensure they are not used in commodities purchased under this Announcement. This plan must be made available to a representative of the Grading Branch, Poultry Programs, AMS, USDA (grader), and the Contracting Officer or agent thereof upon request. The contractor must maintain records such as invoices, or production and inventory records evidencing product origin, and make such records available for review by the Government in accordance with Article 76 of USDA-1. The burden of proof of compliance is on the contractor. Failure to observe this requirement may lead to suspension or debarment, contract termination, and penalties at 18 U.S.C 1001 concerning falsification of information. The attached form (EXHIBIT 3) must be provided to the USDA Grader prior to performance in this program.

G. Cancellation, Rescission, and Recovery of Funds for Illegal or Improper Activity

1. If the Government receives information that a contractor or person has engaged in conduct constituting a violation of subsection (a), (b), (c), or (d) of section 27 of the Office of Federal Procurement Policy Act (41 U.S.C. 423) (the Act), as amended, the Government may -

- a. Cancel the solicitation, if the contract has not yet been awarded or issued; or
- b. Rescind the contract with respect to which -

(1) The Contractor or someone acting for the Contractor has been convicted for an offense where the conduct constitutes a violation of subsection 27(a) or (b) of the Act for the purpose of either -

- (a) Exchanging the information covered by such subsections for anything of value; or
- (b) Obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement contract; or

(2) The head of the contracting activity has determined, based upon a preponderance of the evidence, that the Contractor or someone acting for the Contractor has engaged in conduct constituting an offense punishable under subsection 27(e)(1) of the Act.

2. If the Government rescinds the contract under paragraph (1) of this clause, the Government is entitled to recover, in addition to any penalty prescribed by law, the amount expended under the

contract.

3. The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other rights and remedies provided by law, regulation, or under this Announcement.

H. Service of Protest

1. Protests, as defined in 48 C.F.R. § 33.101, that are filed directly with an agency, and copies of any protests that are filed with the General Accounting Office (GAO), shall be served on the Contracting Officer by obtaining written and dated acknowledgement of receipt.

2. The copy of any protest shall be received in the office designated above within 1 day of filing a protest with the GAO.

deviation from 48 C.F.R. ' 14.407-1. Information on awards is also available electronically through the USDA, AMS Home Page at <http://www.ams.usda.gov/cp> after award.

IV. PROVISIONS OF CONTRACT

The contract consists of this Announcement including Appendix-1, the applicable Invitation, the Commodity Specification for Frozen Cooked Diced Chicken dated July 1999, the contractor's offer, Standard Form 129, the acceptance by USDA, and USDA-1, except Articles 34, 49, 50 and all of Part E. Article 56 of USDA-1 is hereby amended by deleting the words "shipment from origin" from the third line of paragraph (a) and inserting in lieu thereof the word "delivery". Additionally, Articles 56, 65, and 67 of USDA-1 are hereby amended by deleting the words "ship", "shipping", "shipment(s)", and "shipped" and inserting as appropriate words "delivery(ies)" or "delivered". If the provisions of contract documents are inconsistent, the following priority will prevail: Invitation, Announcement, Specification, and USDA-1.

V. CONTRACT COMPLIANCE

The contractor must assure compliance with all requirements of this Announcement and the Commodity Specification prior to submission of product to USDA for acceptance. Examination and certification by USDA is solely for the benefit of USDA and will not relieve the contractor of its obligation and responsibility to deliver a product which complies with all requirements of this Announcement and the Commodity Specification. USDA approval of any part of the production process, including but not limited to equipment, will not relieve the contractor of the responsibility for performing in accordance with the contract. Actual damages not duplicative of liquidated damages may be assessed for performance not in accordance with the contract.

VI. SHIPMENT AND DELIVERY

Shipment and delivery must be made in accordance with this Announcement, the Commodity Specification for Frozen Cooked Diced Chicken dated July 1999, the applicable Invitation, and Articles 56, 57, and 64 of USDA-1, as amended by this Announcement.

Transportation cost adjustments for diverting product to new destinations will be made in accordance with the following provisions:

A. Truck.

If USDA orders delivery to a destination other than the original destination named in the contract, transportation costs adjustments will be made at the rate of \$1.10 per mile per delivery unit based on the difference in miles between (1) the shipping point and new destination and (2) the shipping point and original destination.

Applicable mileage cannot exceed that published in the most recent "Household Goods Carrier's Mileage Guide" issued by the Household Goods Carrier's Bureau.

The following is an example illustrating the transportation cost adjustment for a change in destination:

<u>Point</u>	<u>Points</u>
1 Anytown, NC (shipping point)	
2 Hometown, NC (original destination)	1 to 2 = 40 miles
3 Midtown, NC (new destination)	1 to 3 = 120 miles

For this delivery unit, USDA would increase payment to the contractor \$88 to compensate for 80 additional miles from the shipping point to the new destination at \$1.10 per additional mile. In the event the mileage is less when a change in destination is ordered, the payment would be reduced pursuant to Article 64 of USDA-1.

B. Railcar or Piggyback.

Transportation costs adjustment for diverting product to new destination using railcar or piggyback will be made in accordance with Article 64 of USDA-1.

Additionally, when notified of shipments, consignees may request upgrading of delivery services; for example, delivery within the doors of the consignee’s premises or to a specific room within a building. Contractors are alerted that such delivery terms are beyond contractual requirements. Any negotiations to upgrade services are between contractor and consignee, and any additional charges for special delivery terms must be billed to the consignee. Any charges invoiced to USDA for delivery services beyond contractual requirements will be denied.

VII. LOSS DUE TO DETERIORATION OR SPOILAGE

The contractor is liable for losses due to deterioration or spoilage, for which the contractor is responsible, which are discovered within 4 months of the date of delivery to USDA in accordance with the provisions of Article 61 of USDA-1.

VIII. LIQUIDATED DAMAGES

A. Compensation to the Contractor for Late Mailing of Notice to Deliver

Liquidated damages for failure to deliver the commodity during the delivery period due to late mailing of Notice to Deliver by Kansas City Commodity Office (KCCO) will be payable in accordance with Article 65 of USDA-1, as amended by Section IV., and will be at the rate of \$0.0025 per pound net per calendar day.

B. Compensation to USDA for Delay in Delivery

Liquidated damages for failure to deliver the commodity during the delivery period caused by other than late mailed Notice to Deliver will be payable in accordance with Article 67 of USDA-1, as amended by Section IV., at the rate of \$0.0025 per pound net per calendar day. When deliveries are made by contract carrier or vendor's own vehicle, the date shown on the Bill of Lading or other commercial receipt evidencing delivery or destination USDA Poultry Products Grading Certificate will be considered as date of delivery. However, liquidated damages for late delivery will not be assessed on commodity delivered by railcar or piggyback if the bill of lading was issued prior to the beginning of the delivery period. Timely delivery is important to fulfill the nutritional and dietary needs of persons for whom the commodity is intended. It is difficult to quantify the value of nutritional and dietary needs but the parties involved agree that the above rate is a reasonable quantification of such value. In addition, liquidated damages include, but are not limited to, compensation for the impairment of USDA's credibility in administering programs which are dependent on timely delivery of commodities.

IX. INVOICES AND PAYMENT

Invoicing and payment will be handled in accordance with Article 70, USDA-1, except that a properly prepared invoice package must include the following supporting documents:

- A. USDA Form KC-269 or commercial invoice form;
- B. Origin USDA Poultry Products Grading Certificate issued at time of checkloading;
and
- C. A copy of the commercial Bill of Lading or other commercial receipt signed by recipient agent evidencing delivery date and quantity of product delivered or destination USDA Poultry Products Grading Certificate evidencing delivery of product.

The properly prepared invoice package must be mailed or delivered to the Kansas City Management Office (KCMO) at the address shown in Section X.C.

When applicable, the contractors will note on their invoices, "Invoice subject to adjustment in transportation costs." (See Section VI.B.)

Interest will be paid in accordance with the provisions of the Prompt Payment Act (31 U.S.C. ' 3902) if payment is made beyond the seventh day after the date of delivery. For the purpose of payment, the date of delivery of each shipment of product will be the date of receipt by KCMO of a properly prepared invoice package for the product.

USDA payments must be made directly to a financial banking institution. To receive payments electronically, Form SF-1199A, Direct Deposit Sign-up Form, can be obtained from KCCO, Commodity Financial Operations Division, ICB; Telephone (816) 926-2550.

When payment by electronic transfer has been established, the Contractor must notify the Contracting

Officer of the mailing address for the disbursement statement.
