Agricultural Marketing Service, Science & Technology
Pesticide Data Program**

SOP No.: PDP-QC-05		Page 1 of 4
Title: Approval Process for Method Modification		
Revision: 4	Replaces: 09/01/99	Effective: 07/01/04

1. Purpose:

To ensure a uniform procedure for modifying methodology used for the USDA/AMS Pesticide Data Program (PDP). In addition to insure that PDP project management is aware of any changes in methodology.

2. Scope:

This standard operating procedure (SOP) shall be followed by all laboratories conducting residue studies for PDP, including support laboratories conducting stability or other types of studies that may impact the program.

3. Outline of Procedures:

- 5.1 Validation of Modification
- 5.2 Local Approval
- 5.3 Program Administrative Director Approval

4. References:

Revision: 4	Replaces: 09/01/99	Effective: 07/01/04

5. Specific Procedures to be Followed:

5.1 Validation of Modification

- a. Any request for a significant modification (i.e., extraction or clean-up procedure, etc.) of an approved analytical method shall be submitted in writing.
- b. Any modifications of an approved analytical method shall be reviewed by QAU and approved by the Technical Program Manager.
- c. Proceed with method evaluation requirements as stated in PDP-QC-07.

5.2 Local Approval

- a. The request for analytical method modification shall be reviewed by QAU and approved by the Technical Program Manager.
- b. The written modification plus validation documentation shall be reviewed by QAU and approved by the Technical Program Manager.

5.3 Program Administrative Director Approval

- a. The written modification of the analytical method plus validation documentation and local approvals (as required by section 5.2 above) shall be sent by the Administrative Manager to the USDA/AMS Program Administrative Director through the USDA/AMS Technical Director, USDA/AMS PDP, 8609 Sudley Road, Manassas, VA 20110 (FAX (703) 369-0678).
