Long Term Plans and Goals

Merge all processing systems into ATLAS

Respond to trading partner needs and requirements

Process and speed improvement for certificates

Improve customer satisfaction

Export Overview

AMS	• The Agricultural Marketing Service (AMS) is the export certificate issuing agency for most countries.
APHIS	• The Animal Plant Health Inspection Service (APHIS) is the recognized competent authority for animal health.
FDA	• The Food and Drug Administration (FDA) is the recognized competent authority for public (human) health.
FAS	 AMS works very closely with APHIS, FDA, and USDA's Foreign Agriculture Service (FAS) to provide a systems approach for a comprehensive and complete regulatory control program

eDOCS Tips for China Certificates

Product Description Box

- Use only lower-case letters
- Use a maximum of 4 dairy plant number lines with lower-case letters

Keyboard returns (KR)

• Each KR effectively reduces usable space by 20 to 30 characters from the number counter. Solution is to enter as one long string.

Consignee name

• Longer names tend to be cut off during printing – use only 30 characters

EU/GB/Turkey Certificate of Conformance

New language for CoC

Exhibit 1.1 Certificate of Conformance for Applicants

The Certificate of Conformance shall be provided on company letterhead that includes company name, physical address, email address, contact printed name and phone number. This Certificate of Conformance shall be signed and dated for each shipment of product; "blanket certificates" are not acceptable.)

Certificate of Conformance

Applicant for European Union Health Certificate:

I hereby certify that all of the dairy products and/or dairy ingredients used for the production of the products included in the attached request for certification were produced from raw milk meeting the somatic cell count (400,000 per ml.) and bacterial standard plate count (100,000 per ml.) requirements of Regulation (EC) No 853/2004 Annex III, Section IX, Chapter I, III Criteria for Raw Milk and Colostrum and that the raw milk was supplied by credentialed (permitted/licensed) farms regulated either under the requirements of the Grade 'A' Pasteurized Milk Ordinance (PMO) or the USDA AMS Milk for Manufacturing Purposes and its Production and Processing Recommended Requirements.

The signer of this Certificate of Conformance acknowledges responsibility for maintaining adequate records to trace one step in the supply chain (toward the raw milk producer) the production and Certificates of Conformance for all dairy products or ingredients used in the products presented for certification. Failure to maintain such records will cause the applicant ineligibility to receive certifications to the European Union.

Tips and Best Practices TAKE EXTREME CARE WHEN SUBMITTING:

- Date of Departure EU/GB, Vietnam, Korea (egg) certificate must be dated on or before departure
- Request Certificates as far before departure as possible •

Know before you go!

Check and double check everything!

Package labeling match facility numbers on certificate - EU/GB have "registration marks"

Check Country Labeling Requirements (FAS Reports)

USDA Foreign Agricultural Service Links U.S. agriculture to the world.
