Part 1 Instructions to Bidders
This solicitation, called the Master Solicitation for Commodity Procurements (MSCP), is used for the solicitation of bids and award of contracts for various commodities under domestic and foreign food assistance programs administered by the Kansas City Commodity Office (KCCO). KCCO will periodically issue invitations for bids (IFB), available on the Web Based Supply Chain Management (WBSCM) public procurement page, and available through links on the Commodity Operations website and the Federal Business Opportunities (FBO) website. Contract functions, such as, viewing WBSCM Purchase Orders (i.e., contract) and shipping instructions, providing Advance Shipping Notices (ASN), and invoicing are performed in WBSCM.

Bidders are required to read the MSCP, IFB, and USDA Commodity Requirements to understand the invitation, evaluation, and award process for KCCO commodity acquisitions. The MSCP will be updated as necessary to incorporate changes in law, regulation, and acquisition policies and procedures. Each invitation will incorporate the MSCP, which will be applicable for that invitation. Bidders should not assume that a copy of the MSCP, once downloaded for a particular IFB will be applicable for subsequent IFBs. The effective date at the top of the MSCP document will govern which version of MSCP is applicable to a particular IFB. Changes to the MSCP will be bolded in each version. Prior versions of the MSCP will be archived and available on the Commodity Operations Archived MSCPs webpage.

Bidders are encouraged to utilize the Food and Drug Administration’s (FDA) newly established Food Defense Mitigation Strategies Database (MSD) available at: www.accessdata.fda.gov. The MSD provides a range of food security preventive measures that food companies can implement to prevent intentional acts of contamination or tampering. Each company is encouraged to select the appropriate measures that best fit its needs. The MSD is designed as a resource for companies that produce, manufacture, process, package, distribute, store, and/or transport food or food ingredients. Questions and answers on these tools are available on FDA’s MSD website. While having a food defense plan is currently voluntary, USDA encourages all food facilities to conduct a vulnerability assessment and implement a food defense plan with appropriate mitigation strategies. Under the FDA Food Safety Modernization Act (FSMA), food facilities registered with FDA will soon be required to conduct a hazard analysis and implement a preventive controls plan that addresses all reasonably foreseeable hazards, including hazards that may be intentionally introduced. In addition, as required by the FSMA, FDA is currently developing regulations that will require new mitigation strategies for foods deemed to be a high risk of intentional adulteration.

The following web sites are being provided to potential bidders to obtain the full text of the applicable Federal Acquisition Regulation (FAR), and the Agriculture Acquisition Regulation (AGAR) provisions and clauses incorporated in the contract:

http://acquisition.gov/far/index.html

This version of the MSCP incorporates clauses and provisions in effect through FAC 2005-84, this includes clauses and provisions effective as of October 5, 2015.

With respect to factor number (ii) above, as provided in AGAR 470.201 and 470.202, the contracting officer reserves the right to reject such offer if the acceptance of another offer for the commodity or related freight, when combined with offers for commodities or related freight, results in a lower landed cost to the Government. In addition, bids for which the Government has not received matching ocean freight offers/indications shall not be considered.
(b) HUBZone Program
The Government will award contracts to eligible HUBZone bidders in accordance with FAR Subpart 19.13, except for price evaluation preference mandated by the provisions of 15 U.S.C. 657a, 15 U.S.C. 632(p)(5)(A)(i)(III)(cc). The HUBZone price evaluation preference shall be applied as follows:

52.209-5 -- Certification Regarding Responsibility Matters.

As prescribed in 9.104-7(a), insert the following provision:

Certification Regarding Responsibility Matters (Oct 2015)

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that --

   (i) The Offeror and/or any of its Principals --

      (A) Are [__] are not [__] presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

      (B) Have [__] have not [__], within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks “have”, the offeror shall also see 52.209-7, if included in this solicitation); and

      (C) Are [__] are not [__] presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision; and

      (D) Have [__], have not [__], within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds $3,500 for which the liability remains unsatisfied.
(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples.

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has [__] has not [__], within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) “Principal,” for the purposes of this certification, means an officer; director; owner; partner; or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).
This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror’s responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of Provision)

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

1. Definitions
The following definitions are incorporated into the contract.
(a) “Agricultural commodity” means:
   (i) For international feeding and development programs:
As provided by 7 U.SC. 1732(2), 1736o-1(a), and AGAR 470.103, commodities and the products of agricultural commodities shall be products of United States origin. A product shall not be considered to be a product of the United States if it contains any ingredient that is not produced in the United States, if that ingredient is:
1. Produced in the United States; and
2. Commercially available in the United States at fair and reasonable prices from domestic sources.

(ii) For domestic food assistance programs:
As provided by AGAR 470.103(b) commodities and the products of agricultural commodities acquired for use by the Food and Nutrition Service shall be a product of the United States, except as may otherwise be required by law, and shall be considered to be such a product if it is grown, processed, and otherwise prepared for sale or distribution exclusively in the United States except with respect to ingredients. Ingredients from nondomestic sources will be allowed to be utilized as a United States product if such ingredients are not otherwise:
1. Produced in the United States; and
2. Commercially available in the United States at fair and reasonable prices from domestic sources.

(iii) Except as provided in paragraph (iv) of this section, a commingled product shall be considered to be a product of the United States if the offeror can establish that the offeror has in inventory at the time the contract for the commodity or product is awarded to the offeror, or obtains during the contract performance period specified in the solicitation, or combined thereof, a sufficient quantity of the commodity or product that was produced in the United States to fulfill the contract being awarded, and all unfulfilled contracts that the offeror entered into to provide such commingled product to the United States.

(iv) To the extent USDA has determined a commodity is one that is generally commingled, but is also one which can be readily stored on an identity preserved basis with respect to its country of origin, the USDA may require that the commodity procured by the Department shall be of 100 percent United States origin.

The Government has determined that the following commodities shall be 100 percent U.S. origin and provided on an identity preserved basis:

doors, if:

  the Bill of Lading;
• the seal is broken;
• the seal is missing; or
• the seal has been removed prior to the transportation conveyance reaching its
  unloading point.

A rejected conveyance will only be accepted after a Condition of Container
Inspection has been performed by Agricultural Marketing Services (AMS) or Federal
Grain Inspection Service (FGIS). AMS or FGIS must subsequently issue a
Certificate of Quality and Condition that documents that the Condition of Container
meets the applicable [U.S. Standards for Condition of Food Containers](https://www.fsis.usda.gov). If this
inspection is performed at a location other than the contracted delivery point all cargo
doors must be sealed and the seal numbers documented by the Federal Inspection
Agency on the Certificate.

Conditions of Container Inspections arrangements are available by accessing the website for AMS Federal Inspection Offices at:

http://www.ams.usda.gov/AMSv1.0/ams.fetchTemplateData.do?template=TemplateN&navID=ContactaFreshInspectionOffice&rightNav1=ContactaFreshInspectionOffice&topNav=&leftNav=&page=Federal/StateGradingContacts&resultType=&acct=freshgrdcert

If the contractor elects not to complete loading in one continuous berthing, the contractor will be liable for any charges associated with shifting and reberthing as provided in the Charter Party.

(d) Contractor agrees to load the Government’s nominated vessels in rotation with all vessels for loading at the elevator based on when vessels file and are accepted as ready-to-load in all respects. In the event that the contractor, for its own convenience, elects to by-pass the Government’s nominated vessels to load a vessel which filed and was accepted later than the Government’s nominated vessel, such action will be construed as failure or refusal of the contractor to perform.

(e) Contractor will be liable to the Government for any actual damages suffered by the Government resulting from failure or refusal of the contractor to perform, which is not excusable under the Excusable Delay clause. Such actual damages may include, but are not limited to, the cost of demurrage, inter-port vessel relocation, vessel discharge costs, reprocurement costs, and claims by carriers for damages resulting from delays in loading resulting from the commodity not being available for loading,
or for delays or slowness of the vessel loading.

(f) The contractor shall submit Advance Shipping Notifications (ASNs) in WBSCM within 24 hours of completion of vessel loading.

If FGIS is in residence in the contractor’s plant, contractor shall give FGIS no less than one and no more than two workdays advance notice. If FGIS is not in residence in the contractor’s plant, contractor shall give FGIS no less than two and no more than seven days advance notice. At the contractor’s option, it may elect to arrange for inspection and checkloading at the contracted place of delivery. In such case, contractor shall give FGIS no less than two and no more than seven days advance notice.

The results of the checkloading will be reported on a commodity inspection certificate. The cost of checkloading, wherever performed, shall be for the account of the contractor. Checkloading shall not relieve the contractor of its responsibility to deliver a product meeting contract requirements or constitute a waiver of any of the Government’s rights under the contract.

14. Acceptance
If the Government has performed inspection at origin, including checkloading, formal acceptance shall take place at origin. In all other instances, formal acceptance shall occur when the Government approves the invoice for payment.

As prescribed in 4.1403(a), insert the following clause:

Reporting Executive Compensation and First-Tier Subcontract Awards (Oct 2015)

(a) Definitions. As used in this clause:

“Executive” means officers, managing partners, or any other employees in management positions.

“First-tier subcontract” means a subcontract awarded directly by the Contractor for the purpose of acquiring supplies or services (including construction) for performance of a prime contract. It does not include the Contractor’s supplier agreements with vendors, such as long-term arrangements for materials or supplies that would benefit multiple contracts and/or the costs of which are normally applied to a Contractor’s general and administrative expenses or indirect cost.

“Month of award” means the month in which a contract is signed by the Contracting Officer or the month in which a first-tier subcontract is signed by the Contractor.

“Total compensation” means the cash and noncash dollar value earned by the executive during the Contractor’s preceding fiscal year and includes the following (for more information see 17 CFR 229.402(c)(2)):
(1) Salary and bonus.

(2) Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Financial Accounting Standards Board’s Accounting Standards Codification (FASB ASC) 718, Compensation-Stock Compensation.

(3) Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.

(4) Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.

(5) Above-market earnings on deferred compensation which is not tax-qualified.

(6) Other compensation, if the aggregate value of all such other compensation (e.g., severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds $10,000.

(b) Section 2(d)(2) of the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. No. 109-282), as amended by section 6202 of the Government Funding Transparency Act of 2008 (Pub. L. 110-252), requires the Contractor to report information on subcontract awards. The law requires all reported information be made public, therefore, the Contractor is responsible for notifying its subcontractors that the required information will be made public.

(c) Nothing in this clause required the disclosure of classified information.

(d) (1) Executive compensation of the prime contractor. As a part of its annual registration requirement in the System for Award Management (SAM) database (FAR provision 52.204-7), the Contractor shall report the names and total compensation of each of the five most highly compensated executives for its preceding completed fiscal year, if—

(i) In the Contractor’s preceding fiscal year, the Contractor received—

(A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants), cooperative agreements, and other forms of Federal financial assistance; and

(B) $25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants), cooperative agreements, and other forms of Federal financial assistance; and

(ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm.)
(2) First-tier subcontract information. Unless otherwise directed by the contracting officer, or as provided in paragraph (g) of this clause, by the end of the month following the month of award of a first-tier subcontract with a value of $30,000 or more, the Contractor shall report the following information at http://www.fsrs.gov for that first-tier subcontract. (The Contractor shall follow the instruction at http://www.fsrs.gov to report the data.)

(i) Unique identifier (DUNS Number) for the subcontractor receiving the award and for the subcontractor’s parent company, if the subcontractor has a parent company.
(ii) Name of the subcontractor.
(iii) Amount of the subcontract award.
(iv) Date of the subcontract award.
(v) A description of the products or services (including construction) being provided under the subcontract, including the overall purpose and expected outcomes or results of the subcontract.
(vi) Subcontract number (the subcontract number assigned by the Contractor).
(vii) Subcontractor’s physical address including street address, city, state, and country. Also include the nine-digit zip code and congressional district.
(viii) Subcontractor’s primary performance location including street address, city, state, and country. Also include the nine-digit zip code and congressional district.
(ix) The prime contract number, and order number if applicable.
(x) Awarding agency name and code.
(xi) Funding agency name and code.
(xii) Government contracting office code.
(xiii) Treasury account symbol (TAS) as reported in FPDS.
(xiv) The applicable North American Industry Classification System code (NAICS).

(3) Executive compensation of the first-tier subcontract. Unless otherwise directed by the Contracting Officer, by the end of the month following the month of award of a first-tier subcontract with a value of $30,000 or more, and annually thereafter (calculated from the prime contract award date), the Contractor shall report the names and total compensation of each of the five most highly compensated executives for that first-tier subcontractor for the first-tier subcontractor’s preceding completed fiscal year at https://www.fsrs.gov, if—

(i) In the subcontractor’s preceding fiscal year, the subcontractor received—
(A) 80 percent or more of its annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants), cooperative agreements, and other forms of Federal financial assistance; and
(B) $25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants), cooperative agreements and other forms of Federal financial assistance; and
(ii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm.)
(e) The Contractor shall not split or break down first-tier subcontract awards to a value less than $30,000 to avoid the reporting requirements in paragraph (d) of this clause.

(f) The Contractor is required to report information on a first-tier subcontract covered by paragraph (d) when the subcontract is awarded. Continued reporting on the same subcontract is not required unless one of the reported data elements changes during the performance of the subcontract. The Contractor is not required to make further reports after the first-tier subcontract expires.

(g)(1) If the Contractor in the previous tax year had gross income, from all sources, under $300,000, the Contractor is exempt from the requirement to report subcontractor awards.

(2) If a subcontractor in the previous tax year had gross income from all sources under $300,000, the Contractor does not need to report awards for that subcontractor.

(h) The FSRS database at http://www.fsrs.gov will be prepopulated with some information from SAM and FPDS databases. If FPDS information is incorrect, the contractor should notify the contracting officer. If the SAM database information is incorrect, the contractor is responsible for correcting this information.

(End of clause)
(Applicable to all solicitations and contracts of $25,000 or more.)

52.209-9 Updates of Publicly Available Information Regarding Responsibility Matters (Jul 2013)
(a) The Contractor shall update the information in the Federal Awardee Performance and Integrity Information System (FAPIIS) on a semi-annual basis, throughout the life of the contract, by posting the required information in the System for Award Management database via https://www.acquisition.gov.

(1) The non-public segment, into which Government officials and the Contractor post information, which can only be viewed by—
(i) Government personnel and authorized users performing business on behalf of the Government; or
(ii) The Contractor, when viewing data on itself; and
(2) The publicly-available segment, to which all data in the non-public segment of FAPIIS is automatically transferred after a waiting period of 14 calendar days, except for—
   (i) Past performance reviews required by subpart 42.15;
   (ii) Information that was entered prior to April 15, 2011; or
   (iii) Information that is withdrawn during the 14-calendar-day waiting period by the Government official who posted it in accordance with paragraph (c)(1) of this clause.

(c) The Contractor will receive notification when the Government posts new information to the Contractor’s record.
   (1) If the Contractor asserts in writing within 7 calendar days, to the Government official who posted the information, that some of the information posted to the non-public segment of FAPIIS is covered by a disclosure exemption under the Freedom of Information Act, the Government official who posted the information must within 7 calendar days remove the posting from FAPIIS and resolve the issue in accordance with agency Freedom of Information procedures, prior to reposting the releasable information. The contractor must cite 52.209-9 and request removal within 7 calendar days of the posting to FAPIIS.
   (2) The Contractor will also have an opportunity to post comments regarding information that has been posted by the Government. The comments will be retained as long as the associated information is retained, i.e., for a total period of 6 years. Contractor comments will remain a part of the record unless the Contractor revises them.
   (3) As required by section 3010 of Pub. L. 111-212, all information posted in FAPIIS on or after April 15, 2011, except past performance reviews, will be publicly available.

(d) Public requests for system information posted prior to April 15, 2011, will be handled under Freedom of Information Act procedures, including, where appropriate, procedures promulgated under E.O. 12600.

(End of clause)

   As prescribed in 22.1803, insert the following clause:

   **Employment Eligibility Verification (Oct 2015)**

   (a) *Definitions.* As used in this clause—
   “Commercially available off-the-shelf (COTS) item”—
   (1) Means any item of supply that is—
      (i) A commercial item (as defined in paragraph (1) of the definition at 2.101);
      (ii) Sold in substantial quantities in the commercial marketplace; and
      (iii) Offered to the Government, without modification, in the same form in which it is sold in the commercial marketplace; and

   (2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4) such as agricultural products and petroleum products. Per 46 CFR 525.1(c)(2), “bulk cargo” means cargo that is loaded and carried in bulk onboard ship without mark or count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and, therefore, ceases to be bulk cargo.

   “Employee assigned to the contract” means an employee who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), who is directly performing work, in the United States, under a contract that is required to include the clause prescribed at 22.1803. An employee is not considered to be directly performing work under a contract if the employee—
      (1) Normally performs support work, such as indirect or overhead functions; and
      (2) Does not perform any substantial duties applicable to the contract.

   “Subcontract” means any contract, as defined in 2.101, entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

   “Subcontractor” means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.
“United States,” as defined in 8 U.S.C. 1101(a)(38), means the 50 States, the District of Columbia, Puerto Rico, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands.

(b) Enrollment and verification requirements.

(1) If the Contractor is not enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall—

   (i) Enroll. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;

   (ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); and

   (iii) Verify employees assigned to the contract. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee’s assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor shall use E-Verify to initiate verification of employment eligibility of—

   (i) All new employees.

      (A) Enrolled 90 calendar days or more. The Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

      (B) Enrolled less than 90 calendar days. Within 90 calendar days after enrollment as a Federal Contractor in E-Verify, the Contractor shall initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3) of this section); or

   (ii) Employees assigned to the contract. For each employee assigned to the contract, the Contractor shall initiate verification within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever date is later (but see paragraph (b)(4) of this section).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract,
whether existing employees or new hires. The Contractor shall follow the applicable verification requirements at (b)(1) or (b)(2), respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) **Option to verify employment eligibility of all employees.** The Contractor may elect to verify all existing employees hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), rather than just those employees assigned to the contract. The Contractor shall initiate verification for each existing employee working in the United States who was hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), within 180 calendar days of—

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor’s decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor shall comply, for the period of performance of this contract, with the requirement of the E-Verify program MOU.

(i) The Department of Homeland Security (DHS) or the Social Security Administration (SSA) may terminate the Contractor’s MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspension or debarment official.

(ii) During the period between termination of the MOU and a decision by the suspension or debarment official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the suspension or debarment official determines not to suspend or debar the Contractor, then the Contractor must reenroll in E-Verify.

(c) **Web site.** Information on registration for and use of the E-Verify program can be obtained via the Internet at the Department of Homeland Security Web site: [http://www.dhs.gov/E-Verify](http://www.dhs.gov/E-Verify).

(d) **Individuals previously verified.** The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee—

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual; or

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD) -12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(e) **Subcontracts.** The contractor shall include the requirements of this clause, including this paragraph (e) (appropriately modified for identification of the parties), in each subcontract that—
(1) Is for—

(i) Commercial or noncommercial services (except for commercial services that are part of the purchase of a COTS item (or an item that would be a COTS item, but for minor modifications), performed by the COTS provider, and are normally provided for that COTS item); or

(ii) Construction;
