USDA will not award a quantity that exceeds the sum of all supplier#s committed quantities to a particular bidder.

For a new-to-USDA contractor and existing contractors who are bidding on new products, a probationary period may be implemented in which awards are limited to 10 truckloads per product. Contractor must demonstrate successful delivery of at least five (5) truckloads of product in order to be removed from probationary status on future solicitations. For the purposes of this rule, successful delivery is defined as product delivered on-time and in acceptable condition according to the terms and conditions of the contract. Any delivery problems directly attributable to the Government will not be held against the contractor. .

In order to be found responsive the contractor and/or its subcontractors/suppliers must be in compliance with USDA GAP/GHP certification.
