First offering FOB cattle in a few weeks a market trend is not applicable. However, a higher undertone was noted. Demand was good. A lot of buyers are looking in every nook and cranny for cattle to buy. Bulk of the cattle trade is still at the livestock auction in the two-reporting area on this report. Livestock auction prices continue to hit new (high) milestones about each week for most weight classes. Feedlot trade in Nebraska remains at a standstill through this writing. Feedlot managers have priced show list dollars higher than last week, and packers are holding firm on their bids. Actual slaughter weights for week ending 4/12: All live 1438 lbs (+3), Steer carcass 946 lbs (-3) and Heifer carcass 872 lbs (-2). Supply included: 100% Feeder Cattle (60.9% Steers, 39.1% Heifers). Feeder cattle supply over 600 lbs was 100%. Unless otherwise noted, Feeder Cattle prices FOB based on net weights after a 3% shrink or equivalent, with a 10 cent slide > 600 lbs. Livestock reported this week originated from NE, WY.
