Last Year: 2494

Compared to two weeks ago: Last reported sale occurred two weeks ago and cattle numbers were much smaller than todays larger offering. A comparison is not being made, however a definite higher undertone noted in all classes of steers and heifers. A number of larger consignments resulted in double drafts of both steers and heifers going through the ring. Buyers eagerly bid to obtain these uniform loads of high quality calves. Active bidding occurred through out the session. Flesh conditions were mostly moderate. Quality ranged from plain for many of the smaller consignments sold later in the day to high quality attractive calves for the larger consignments . Supply included: 100% Feeder Cattle (57% Steers, 43% Heifers). Feeder cattle supply over 600 lbs was 80%.
