Email us with accessibility issues with this report.

East and central region stakeholders note domestic butter demand is steady. West region stakeholders note domestic retail butter demand varies from steady to strong. Food service demand is indicated to be weaker in comparison to retail demand. Butter demand from international buyers is strong. Cream remains far from short throughout the country. Butter production is stronger with the holiday weekend in the rearview mirror. Butter inventories are generally seasonally growing. Bulk butter overages range from 7 cents below to 5 cents above market across all regions.

Information for the period April 21 - 25, 2025, issued weekly

Secondary Sourced Information:

CME: Grade AA closed at \$2.2800. The weekly average for Grade AA is \$2.3145 (-0.0305).
