Compared to last week: Feeder cattle were too lightly tested last develop an accurate market trend, however higher undertones were noticed on all offerings. Feeder cattle quality was average to attractive and much higher than last week. Demand was mostly moderate to good for moderate to heavy offerings. Local ranchers showed very good demand for feeders today as they attempted to buy feeders to finish filling summer pasture and range. Order buyers were forced to fill loads later in the sale and pushed all cattle higher to do so. CME feeder cattle contracts traded with triple digit gains today. The May contract closed 1.425 higher to settle at 136.75, while the August contract closed 1.675 higher at 150.525. Market activity was mostly active today. Slaughter cows sold mostly 2.00-3.00 higher on boning and lean cows, breaking cows sold mostly 1.00 higher in a narrow comparison. Feeding cows sold mostly steady to 1.00 higher. Lean cows saw the biggest increase in demand this week. The cutter cow cutout continues to climb higher, todays close was 204.16. Slaughter bulls sold mostly 2.00-3.00 higher. Demand for cow calf pairs was mostly light. Higher feed costs and drought conditions, which are bringing these offerings to market, are also what is hindering demand.
