Livestock Weighted Average Report for 11/24/2020 - Final

SPECIAL			
	This Week	Last Reported 11/26/2019	Last Year
Total Receipts:	5,191	4,720	4,720
Feeder Cattle:	5,191(100.0%)	4,720(100.0%)	4,720(100.0%)

Green City Livestock's Annual Thanksgiving Sale was held over the course of the holiday week with yearlings sold on Tuesday and calves on Friday. No recently tested market for a true comparison to Tuesday's yearling offering but the undertone was higher. Nearly all of the cattle on offer were over 700 lbs, predominantly steers, with most of the large strings and load lots scattered over a handful of buyers. Friday's Calf Special featured strings of home raised calves from local producers, mostly weaned with a proven health history. The last fully tested calf market was in early November; this week's calf trade was mostly 5.00 to 7.00 higher. Trade was very active through most of the day with several extra buyers on hand. Discounts for short weaned cattle or those carrying excess flesh were minimal on the top quality calves. After some really tough trading sessions last week, the cattle complex rallied early this week with Live and Feeder contracts posting gains and boxed beef climbing as well, before taking a slight downturn Friday. Supply moderate, demand good. Supply included: 100% Feeder Cattle (68% Steers, 32% Heifers). Feeder cattle supply over 600 lbs was 59%.
