Also many small strings of feeders. It appears that the lots are being cleaned out and the last few feeders there are coming to market to make room for new calves being born. The market was higher today but did not deter buyers from bidding aggressively to fill orders. most feeders were in light to moderate flesh condition. Supply included: 100% Feeder Cattle (71% Steers, 29% Heifers). Feeder cattle supply over 600 lbs was 68%.
