Compared to last sale, premium to supreme hay sold steady to 2.00 higher. Fair to good large squares sold 6.00 to 20.00 lower with rounds trending steady. Cornstalks in large squares sold steady. Best demand was for the premium and higher hay as that is in very short supply in the trade area. Demand on the fair to good was moderate as there is a large supply of that kind and quality around the market place. With spring roughly three weeks away many prospective buyers think they will have enough feed to get to first cutting and didn't jump out to stock pile or procure additional feed resources like last months market displayed.
