### Direct Hay Weighted Average Report for week ending 4/25/2025

Prices remain steady, and demand is at a standstill compared to the last report. Rain has covered Oklahoma multiple times, preventing hay producers from moving hay. Still don't see an end in sight for cattle being sold. We are officially in the between season of old hay and new hay. Alfalfa cutting season is here, and prices for alfalfa are still undetermined for new crop hay. Preparation for the new crop of grass hay is underway as well. The availability of grass hay is still high when it comes to supply across Oklahoma.
