This Week

Last Reported
(12/14/2020)

Last Year

Tons:

Hay 360 888 0

Total 360 888 0

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Compared to the last report in December, all reported hay sold steady. Contacts continue to get calls from people looking for hay for the winter feeding needs. Most contacts are sold out of hay. Very light snow across the state, most contacts said snow pack in a tick lighter than normal. All sales are dollars per ton FOB the field or hay barn unless otherwise noted.
