Report for 2/7/2025

Compared to last report: Feed prices are remaining steady. The price fluctuations are due to new contacts being added to this report. Next month will start new feed contract pricing for the summer months. The temperatures for Oklahoma have been variable all week. Eastern Oklahoma has gotten some good rain in the past couple of weeks. Western Oklahoma has missed the last couple of rains and is in need of some moisture. CME Live and Feeder Cattle closed sharply lower yesterday. Cattle markets have pulled back from the record highs seen last month. Some ports of entry opened this week allowing Mexican cattle to be imported once again.

Feed

Distributor (Dollars Per Ton)
