NATIONAL WEEKLY HEMP REPORT

The National Weekly Hemp Report is issued by USDA AMS Specialty Crops Market News. The information contained in this report reflects prices for selected hemp commodities advertised by major grocery retailers to consumers through circulars and digital promotions and gathered by USDA through a weekly survey, as well as total import volumes and values of all hemp commodities entering the U.S. for both the current week and for the year to date.

The grocery store ad total decreased by 65% from last week and was down by 87% from the same week last year. The number of items advertised decreased by 7 from last week for a total of 1. Very few grocery retailers offered hemp specials last week, resulting in a sharp drop in ads. In the National region, conventional 8 oz. hemp seeds declined by 29% from last week. All other items changed by less than 1% or were not reported last week, including those in the Alaska and Hawaii regions.
