Compared to last week: Steer calves 450-749 lbs sold mostly 1.00-5.00 higher, all other weights of steers were too lightly tested to develop any market trend. Feeder heifers 500-599 lbs offered the best test this week, selling steady to 4.00 higher. All other classes of heifers were too lightly tested either this week or last to develop an accurate market trend, however steady undertones were noticed on heifers weighing less than 500 lbs and higher undertones were noticed on heifers over 600 lbs. Quality this week was average to attractive. Most cattle on offer were light fleshed. Demand for cattle to develop into yearlings was mostly good to very good again this week. Several attractive sets of replacement quality heifers were on offer this week. These offerings sold on mostly good demand. Market activity was mostly active this week. Weigh up cows sold on mostly good demand for moderate offerings. All cows on offer this week are destined for immediate harvest as packers showed good demand for all slaughter cows. All classes of slaughter cows were too lightly tested last week to develop an accurate market trend, however higher undertones were noticed. Feeding cows were not tested this week. Slaughter bulls were too lightly tested last week to trend, however higher undertones were noticed. Young age cows suitable to feed or re-breed were not well compared.
