Compared to last week: The best test for feeder steers was for 700-749 lbs which sold steady to 5.00 lower. All other weights of steers were too lightly tested to develop an accurate market trend, however steady undertones were noticed on 550-699 lbs steers suitable to run on grass, all other weights of steers sold with lower undertones. Feeder heifers 500-749 lbs sold generally steady. All other weights of heifers were too lightly tested to develop an accurate market trend, however lower undertones were noticed. Quality this week was average to attractive. Buyers purchased cattle on mostly moderate to good demand for cattle suitable to run on grass, while all other offerings sold on light to moderate demand. Heavy offerings were seen this sale. Flesh conditions varied. Most backgrounded cattle were in moderate to moderate plus flesh. Strong premiums were seen for thin fleshed cattle suitable to go to grass. CME positions lost ground again today as all contracts traded 0.075-0.60 lower. Buyers remain cautious as they bid on heavy weight cattle going directly to feed. Market activity today was moderate to active. Weigh up cows sold on mostly good demand for light to moderate offerings. Packer buyers remain aggressive as they bid on cows for immediate harvest as well as to put on feed. Feeding buyers remain aggressive as well as they push to fill orders. Slaughter cows sold steady to 3.00 higher. Feeding cows sold generally steady to firm. Slaughter bulls sold fully steady. Young age cows sold unevenly steady. Demand for re-breed type cows helped push offerings higher in places. Feeding demand remains light. Feeding offerings sold weak. A heavy offering of cow calf pairs sold this week. These offerings were met with light to moderate demand. Quality was mostly average to attractive. Supply included: 69% Feeder Cattle (53% Steers, 43% Heifers, 4% Bulls); 27% Slaughter Cattle (63% Cows, 37% Bulls); 3% Replacement Cattle (33% Stock Cows, 4% Bred Cows, 61% Cow-Calf Pairs, 2% Bulls). Feeder cattle supply over 600 lbs was 70%.
