Compared to last week: Yearling steers and heifers were too lightly tested last sale to develop an accurate market trend, however higher undertones were noticed. CME positions continue to see positive movement this week giving buyers continued confidence in the market. Quality this week was mixed from plain to attractive. Quality was better in places compared to last week. Demand was moderate to good. Market activity was moderate to active. Weigh up cows sold on mostly moderate to good demand and light to moderate offerings. Packers showed moderate demand to start the sale, however demand increased to mostly good as the sale progressed. Packers showed need for cows for immediate harvest as they bid aggressively on nearly every cow that sold today. slaughter cows sold mostly 3.00-5.00 higher. Feeding cow buyers showed good demand for fleshy cows again this week. The majority of feeding cows purchased this week were fleshy cows as packers pushed most other cow offerings above where feeders wanted to buy them. Cows this week offered buyers average to below average weigh up conditions and slightly better than last week. Slaughter bulls sold mostly 2.00-4.00 higher again on good demand from packer buyers. Young age cows suitable to re-breed sold on mostly moderate demand however these offerings were too lightly tested to develop any market trend. Supply included: 72% Feeder Cattle (28% Steers, 70% Heifers, 2% Bulls); 22% Slaughter Cattle (5% Steers, 63% Cows, 32% Bulls); 6% Replacement Cattle (100% Stock Cows).
