Livestock Weighted Average Report for 5/4/2019 - Final

SPECIAL GRADED SALE			
	This Week	Last Reported 4/27/2019	Last Year
Total Receipts:	117		0
Replacement Cattle:	117(100.0%)	0(0.0%)	0(0.0%)

Supply consisted of 117 bred heifers from 16 producers in 72 lots selling to 35 different buyers, the average price per head was \$1891.00, \$208.00 lower than the December sale; Demand lower with good attendance.

Sponsored by Missouri Show-Me-Select Replacement Heifers, Inc., Division of Animal Sciences, Southwest Missouri Beef Cattle Improvement Association in cooperation with University Extension, Commercial Agriculture Program, MU College of Veterinary Medicine, Missouri Cattlemen's Association and the Missouri Department of Agriculture.

All heifers in the sale had met minimum standards for reproductive soundness, pelvic size, body condition and weight. A strict immunization program had been followed including Brucellosis calf-hood vaccination and tested negative for PI BVD. Heifers were bred to bulls meeting strict calving ease or birth weight EPDs. Many were synchronized and artificially bred. Projected calving dates were given and all heifers preg checked within 30 days of the sale. The offering was screened for blemishes, muscle, frame, body condition score, and disposition by a screening committee, consisting of official graders from the Missouri Dept of Agriculture and USDA, then sorted into lots according to calving dates and similar body types. There were 52 percent of the heifers artificially bred, and XX percent were naturally bred. Heifers in the offering were in the 1st and 2nd of pregnancy. Sale average for the 117 head was \$1891.00 which was \$208.00 per head less than the December 2018 sale. The AI bred heifers received a premium of \$112.00 per head over the natural bred heifers. The top selling lots brought \$3900.00 per head. Supply included: 100% Replacement Cattle (100% Bred Heifers).

Please Note:

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.

Explanatory Notes:

Stage (Cattle) - Represents pregnancy stage (O = open; T1 = 1st Trimester, 1 to 3 months; T1-2 = 1st/2nd trimester, 1 to 6 months; T2 = 2nd Trimester, 4 to 6 months; T2-3 = 2nd/3rd Trimester, 4 to 9 months; T3 = 3rd Trimester, 7 to 9 months; T1-3 = all trimesters, 1 to 9 months; E = Exposed; B = Bred)

Age - Numerical representation of age in years.
