

Afternoon National Slaughter Cattle Review as of 2:00 pm Thursday

Thus far for Thursday trading in the Southern Plains has been at a standstill. In Nebraska and the Western Cornbelt trading has been inactive on very light demand. Not enough trades for a market trend in any feeding region. For the prior week a light test of live and dressed trades was noted in all feeding regions. Last week in the Southern Plains live cash trades were from 112.00-113.00. In Nebraska for the prior week live cash trades were mostly at 110.00 and dressed trades were from 176.00-181.00. For previous week in the Western Cornbelt live cash trades were from 110.00-112.00 and dressed trades were from 176.00-181.00.
