

NEBRASKA WEEKLY SUMMARY

Recap For Week Ending

November 10, 2018

Receipts: This Week: 31,059 Week Ago: 39,880 Year Ago: 28,709

Compared to last week steer and heifers calves sold steady to 3.00 lower and feeder cattle sold unevenly steady. Demand was light to moderate for calves with moderate to good demand for heavier weight cattle. Instances good to very good demand was noted on replacement type heifers. Winder than normal price spreads at some auctions as buyers filled orders and left before the sales were completed. Buyers are getting very selective making sure a vaccination program is used, sorting off frozen eared cattle, maybe off colored cattle and making sure all "I's" are dotted and "T's" are crossed. It has been several years since buyers have been this selective. Feedlot sales sold mostly 2.00 lower on live sales at 114.00 and dressed sales sold mostly steady at 180.00 on moderate movement. Some reports of packers starting to discount heavy weight carcasses in the Cornhusker state. This week's auctions report comprised of 61 percent steers with only 29 percent of the run over 600 lbs.
