This report provides a concise overview of the allocations in the scenario. Unlike other post optimization reports this report shows all items whether they are allocated or not. The number of bids in the report corresponds to the maximum number of bids on an item in the event. The maximum number of bids in the Excel download of this report will be 62 bids due to the 256 column limit in spreadsheets that exists in Microsoft Excel.

Current Scenario [\[2\] Set Aside](#) Scenario Status: Current Data Status: Current

This report provides a concise overview of the allocations in the scenario. Unlike other post optimization reports this report shows all items whether they are allocated or not. The number of bids in the report corresponds to the maximum number of bids on an item in the event. The maximum number of bids in the Excel download of this report will be 62 bids due to the 256 column limit in spreadsheets that exists in Microsoft Excel.

BEOS Report: Commodity Material Group: Commodity Material Description: Solicitation Item Number: Destination City, State: Unit of Measure (UoM): Quantity (Order UOM): Labels: Bid 1

Current Scenario: [2] Set Aside Scenario Status: Current Data Status: Current

This report provides a concise overview of the allocations in the scenario. Unlike other post optimization reports this report shows all items whether they are allocated or not. The number of bids in the report corresponds to the maximum number of bids on an item in the event. The maximum number of bids in the Excel download of this report will be 62 bids due to the 256 column limit in spreadsheets that exists in Microsoft Excel.

Reports :: Bid Array

Current Scenario **[2] Set Aside** Scenario Status: Current Data Status: Current

This report provides a concise overview of the allocations in the scenario. Unlike other post optimization reports this report shows all items whether they are allocated or not. The number of bids in the report corresponds to the maximum number of bids on an item in the event. The maximum number of bids in the Excel download of this report will be 62 bids due to the 256 column limit in spreadsheets that exists in Microsoft Excel.

Current Scenario **[2] Set Aside** Scenario Status: Current Data Status: Current

This report provides a concise overview of the allocations in the scenario. Unlike other post optimization reports this report shows all items whether they are allocated or not. The number of bids in the report corresponds to the maximum number of bids on an item in the event. The maximum number of bids in the Excel download of this report will be 62 bids due to the 256 column limit in spreadsheets that exists in Microsoft Excel.

Scenario Status: Current Data Status: Current

This report provides a concise overview of the allocations in the scenario. Unlike other post optimization reports this report shows all items whether they are allocated or not. The number of bids in the report corresponds to the maximum number of bids on an item in the event. The maximum number of bids in the Excel download of this report will be 62 bids due to the 256 column limit in spreadsheets that exists in Microsoft Excel.

This report provides a concise overview of the allocations in the scenario. Unlike other post optimization reports this report shows all items whether they are allocated or not. The number of bids in the report corresponds to the maximum number of bids on an item in the event. The maximum number of bids in the Excel download of this report will be 62 bids due to the 256 column limit in spreadsheets that exists in Microsoft Excel.

Current Scenario **[2] Set Aside** Scenario Status: Current Data Status: Current

This report provides a concise overview of the allocations in the scenario. Unlike other post optimization reports this report shows all items whether they are allocated or not. The number of bids in the report corresponds to the maximum number of bids on an item in the event. The maximum number of bids in the Excel download of this report will be 62 bids due to the 256 column limit in spreadsheets that exists in Microsoft Excel.
