Inspection Aid 106  
January 2011

## **Inspection Aid 106, Universal Sizer, January 2003 Edition**

### **Instructions for Use and Care**

This instruction provides for the use and care of Inspection Aid 106, Universal Sizer. Please follow instructions in applicable Grading Manuals and U. S. Standards for Grades for sizing the applicable product. A plastic device used for the inspection of commodities with a specific size requirement. This aid includes sizes for measuring frozen and canned lima beans, peas, cherries, canned white potatoes, frozen strawberries, onions, dried figs, processed raisins, and prunes.

These plastic inspection aids should be treated with care. Avoid prolonged exposure to extreme heat or cold. Clean with lukewarm sudsy water, rinse, then air dry, or dry using a soft cloth.

This inspection aid does not supersede any previously issued sizers. These inspection aids are distributed to area offices from the National Office. This inspection aid is available as a set to processors, buyers, and other interested parties for \$110.00 and may be obtained from:
