Regional Food System Partnerships

Fiscal Year 2023 Request for Applications

Funding Opportunity Number: USDA-AMS-TM-RFSP-G-23-0007

Publication Date: February 14, 2023

Application Due Date: 11:59 PM Eastern Time on May 2, 2023
Program Solicitation Information

**Funding Opportunity Title:** Regional Food System Partnerships

**Funding Opportunity Number:** USDA-AMS-TM-RFSP-G-23-0007

**Announcement Type:** Initial

**Assistance Listing (formerly CFDA) Number:** 10.177

**Dates:** Applications must be received on or before 11:59 pm Eastern Time on May 2, 2023, through Grants.gov. Applications received after this deadline will not be considered for funding.

**Executive Summary:** The U.S. Department of Agriculture (USDA), Agricultural Marketing Service (AMS), requests applications for the fiscal year (FY) 2023 Regional Food System Partnerships (RFSP) grant program. RFSP purpose is to support partnerships that connect public and private resources to plan and develop local and regional food systems.

Approximately $56.5 million will be available to fund applications under this solicitation. RFSP Planning and Design projects range from $100,000 to $250,000, while Implementation and Expansion projects and Farm to Institution projects range from $250,000 to $1,000,000. RFSP is part of the Local Agriculture Market Program (LAMP). AMS welcomes applications that meet LAMP goals (see section 1.1) to support the development, coordination, and expansion of direct producer-to-consumer marketing, local and regional food markets and enterprises, and value-added agricultural products. Eligible entities and activities remain the same as in previous years. A 25% cash match is required.

In the FY 2022 application cycle, AMS funded 36 (48%) of the 75 applications received.

AMS will competitively award grants to eligible applicants for projects that meet the purpose of the program, meet all program requirements, and are of high quality. All applications are reviewed using merit and customary evaluation procedures. This announcement provides information regarding eligibility criteria for applicants and projects, details on match requirements, and the forms and instructions needed to apply for an award.

AMS encourages applications from partnerships that engage with smaller farms and ranches, new and beginning farmers and ranchers, underserved producers, veteran producers, and/or underserved communities. For grants intending to serve these entities, applicants should engage and involve those beneficiaries when developing projects and applications.

USDA promotes climate-resilient landscapes and rural economic systems, including tools to support agriculture, forests, grazing lands, and rural communities. AMS encourages applicants to consider including goals and activities related to reducing and stabilizing the levels of heat-trapping greenhouse gases in the atmosphere or adapting to the already occurring climate change in their project’s design and implementation.

**Stakeholder Input:** AMS seeks comments about this Request for Applications (RFA). We will consider the comments in developing the next RFA for the program. Email written stakeholder comments within one year of the publication date of this RFA to: AMSGrants@usda.gov. This e-mail address is intended only for receiving comments regarding this RFA and not requesting information or forms. In your comments, please state that you are commenting on the Regional Food System Partnerships RFA.
2023 Highlights and Changes

Below are highlights of major changes to the program since last year.

- The RFSP performance measures (outcomes and indicators) have been updated and are reflected in the Project Narrative.

Application Checklist

AMS expects applicants to read the entire RFA prior to submitting their application to ensure that they understand the program's requirements. This application checklist provides the required documents for an application package.

RFSP requires that all application packages include the following:

- SF-424 – Application for Federal Assistance (Grants.gov)
- SF-424A - Budget Summary (in Grants.gov)
- Project Abstract Summary (in Grants.gov)
- Project Narrative Form (including Fiscal Plan and Resources and Personnel Qualifications)
  - Must use required template
  - Executive Summary supports project goals and objectives, and is no more than 250 words
  - Ensure the Narrative does not exceed the page limit specified in section 5.2.4.
  - Ensure the application excludes unallowable costs and activities per section 1.3.
- Signed Letter(s) Verifying Matching Funds for each match resource listed in the application
- Signed Letter(s) of Commitment from each partner listed in the application

If applicable, packages may also be required to include the following documents:

- Negotiated Indirect Cost Rate Agreement (NICRA) (PDF Attachment)

Tips for Applicants

- To do business with the Federal Government and to submit your application electronically using Grants.gov, you must—
  - Have a Unique Entity Identifier (UEI) and a Taxpayer Identification Number (TIN);
  - Be registered in SAM.gov, the Government's primary registrant database;
  - Provide your UEI number and TIN on your application; and
  - Maintain an active SAM registration with current information throughout the application review period and, if you are awarded a grant, during the project period.

- Register in Grants.gov and submit applications early. **DO NOT WAIT UNTIL THE DAY OF THE APPLICATION DEADLINE.** AMS encourages to submit your application at least two weeks before the application deadline to ensure all certifications are met.
- Thoroughly read this RFA and follow all instructions.
- Thoroughly review the **AMS General Terms and Conditions** to understand allowable and unallowable costs.
• Apply to the correct grant program in Grants.gov using the correct Assistance listing (formerly Catalog of Federal Domestic Assistance (CFDA) number “10.177” and Funding Opportunity Number “USDA-AMS-TM-RFSP-G-23-0007.”
• Ensure you have the most recent copy of Adobe Reader installed on your computer and that it is compatible with Grants.gov software. Grants.gov supports Adobe Reader version 9.0.0 and higher.
• Limit Application File Size/ File Name Characters (50 or less).
• Avoid Special Characters in File Names ($, %, &, *, Spanish "ñ", etc.).
• When uploading attachments, click the “Add Attachments” button (do NOT use the “paperclip” icon in Adobe Reader)
• Do not password-protect your documents and make sure all tracked-changes are “accepted”.
• Input the correct UEI (formerly DUNS) number on the SF-424 form cover page.
• Review the correct UEI (formerly DUNS) number on the SF-424 form cover page.

1.0 FUNDING OPPORTUNITY DESCRIPTION

1.1 LEGISLATIVE AUTHORITY

The Local Agriculture Market Program (LAMP) is authorized by subtitle A of the Agricultural Marketing Act of 1946 (7 U.S.C. § 1627c), as amended. LAMP supports the development, coordination, and expansion of direct producer-to-consumer marketing; local and regional food markets and enterprises; and value-added agricultural products. The primary goals of LAMP are to:

- Connect and cultivate regional food economies through public-private partnerships.
- Support the development of business plans, feasibility studies, and strategies for value-added agricultural production and local and regional food system infrastructure.
- Strengthen capacity and regional food system development through community collaboration and expansion of mid-tier value chains.
- Improve income and economic opportunities for producers and food businesses through job creation; and
- Simplify the application processes and the reporting processes for the Program.

The Regional Food System Partnerships Program (RFSP), Farmers Market and Local Food Promotion Program (FMLFPP), and Value-Added Producer Grants (VAPG) Program are implemented under LAMP. RFSP and FMLFPP are administered by AMS and VAPG is administered by the Rural Business-Cooperative Service under Rural Development. This RFA is for RFSP.

1.2 PURPOSE

The RFSP supports partnerships that connect public and private resources to plan and develop local or regional food systems. The RFSP focuses on building and strengthening the viability and resilience of the local or regional food economy.

Applicants will work with their partners to promote the development of local or regional food systems. Applicants will coordinate efforts within the partnership to set priorities, connect resources and services, and measure progress towards common goals.

Partnerships are authorized to:

- Determine the size and scope of the local or regional food system in which the project’s goals, outreach objectives, and eligible activities are to be carried out.
- Coordinate with AMS to receive technical assistance; and
- Conduct outreach and education for potential participation in the partnership agreement and eligible activities.

Partnerships must bring a variety of innovative financial and technical capabilities, demonstrate experience or readiness to work effectively and collaboratively with public and private entities across sectors, and present sustainable and measurable approaches to achieving the project’s goals.
RFSP recipients may apply for other LAMP programs on behalf of eligible entities that wish to participate in eligible activities under the RFSP partnership agreement.

1.3 PROJECT TYPES

RFSP offers Planning and Design, Implementation and Expansion, and Farm to Institution project types.

1.3.1 PLANNING AND DESIGN PROJECTS

Planning and Design projects support partnerships in the early stages of convening, envisioning, goal setting and identifying strategies for developing local or regional food systems. Specifically, these projects support food system’s efforts to build community connections (public and private) that allow a region to drive the discovery and promotion of collaboration opportunities within the food system. Emphasis is placed on seeking public and private partners that operate across the regional food economy and can access diverse non-Federal financial and technical resources. Examples of eligible project activities for these partnerships include but are not limited to:

- Convening partners to define the regional food system scope and structure, share opportunities and challenges, and develop inclusive approaches to address challenges and improve connection and success across the regional food system.
- Creating and conducting feasibility studies and data-driven implementation plans that achieve measurable goals for the partnership’s work in developing the regional food system.
- Conducting research on specific market, mid-tier value chain, or infrastructure investments (including studies analyzing the capital needs or gaps of the regional food system) to prioritize next steps at the local, regional, state, or tribal government level.
- Connecting food value chain entities with partners and funders to engage in activities that strengthen the regional food system.
- Researching and developing metrics to measure and evaluate the partnership’s early development work and establish performance benchmarks for achieving partnership goals.

1.3.2 IMPLEMENTATION AND EXPANSION PROJECTS

Implementation and Expansion projects support partnerships building on prior or ongoing efforts within a local or regional food system. Partnerships funded in this track will have already completed most or all the activities discussed for Planning and Design projects. Applicants should describe how the goals, objectives, and activities in the application build on previous efforts within the food system, engage entities with a shared commitment to the regional food system and maintain a diverse public-private network that enhances food system development. Examples of eligible project activities for these partnerships include but are not limited to:

- Creating value chains in which producers, manufacturers, buyers, and other related actors form collaborative, transparent partnerships with a commitment to shared operational values and social mission goals.
- Developing processes for ongoing community and business engagement to provide a forum for ideas, concerns, and updates across the regional food system.
• Analyzing capital needs and gaps and identifying resources to support the regional food system.
• Identifying resources for food system enterprises, providing technical assistance for partners and stakeholders, and applying for programs and resources that align with regional food system efforts, including other LAMP programs or capital investments

1.3.3 FARM TO INSTITUTION PROJECTS

Farm to Institution projects support public-private partnerships that plan and facilitate supply chains and develop relationships between local and regional producers, processors, intermediaries, and institutional markets or institutional food services operations, such as dining facilities within pre-K through grade 12 schools, college, university, hospital, local government, tribal, and state agency cafeterias or meal programs.

Examples of eligible project activities for these partnerships include but are not limited to:

• Connect food supply chain partners with institutional food operations to increase the availability of local food products in colleges and universities, hospitals, senior meal programs, schools, afterschool and summer meal programs, public dining facilities, detention centers, prisons, etc.
• Develop business plans and strategies for establishing business relationships between local or regional food producers, processors, intermediaries, and institutional settings.
• Support food safety certification efforts related to farm to institution and improvements to food safety practices and equipment.
• Strengthen institutional local and regional food system capacity through community collaboration and expansion of the mid-tier value chains.

1.3.4 RFSP PARTNERSHIP FUNCTIONS

RFSP is intended to fund the partnership functions and to build capacity for decision making, coordination efforts, obtaining additional resources, and planning direction and needed activities. The partnership or its member entities must identify and use other resources to cover costs of implementation where such other resources exist. Activities not commonly funded under other USDA programs might include but are not limited to value chain coordination, convening multiple types of partners and stakeholders for strategic planning, grant-writing, and program exploration on behalf of partners and entities. Therefore, those and similar activities should be the focus of applications for RFSP Partnership funds.

AMS recognizes that businesses may source or market some of their food products outside of the defined locality or region. These businesses may participate in RFSP projects as long as they meet the eligibility requirements (see section 3.0), but award recipients may use Federal award funds only to build a business’ capacity to develop, improve, and/or expand local or regional supply chain activities, and not to support supply chain activities for food items originating from or being sold to areas outside the defined locality or region.
1.3.5 PROJECTS AND ACTIVITIES NOT ELIGIBLE FOR FUNDING

Projects are not eligible for funding if the proposed activities:

- Are for agricultural production-related expenses, including crop production and the purchase of farm equipment, tools, materials, supplies, and other related costs.
- Are to purchase land, or for construction of a building or structure.
- Are to purchase general purpose equipment. – general purpose equipment can be leased, but not leased-to-own or purchased. See section 4.4.
- Benefit only one agricultural producer or individual.
- Depend upon the completion of another project or the receipt of another grant.
- Duplicate activities in a project that has received a Federal award from another Federal award program.
- Provide capital for revolving loan funds or seed equity funds.

1.3.6 PRIORITY AREAS

AMS will prioritize applications that:

- Leverage significant non-Federal financial and technical resources and coordinate with other local, State, Tribal, or national efforts. Any match above and beyond the match requirement (see section 3.5) may lend support to the application.
- Cover an area that includes distressed low-income rural or urban communities with areas of persistent poverty that provide significant opportunities for high impact investment; or
- Have multiple entities and partners, although such partners need not be based in the partnership’s defined region.

Applicants are not required to meet these priorities in order to be eligible to apply or receive grant funds. AMS will review and apply priority consideration, based on applicant narrative responses, during its administrative review process (see section 5.2).

2.0 AWARD INFORMATION

2.1 TYPE OF FEDERAL ASSISTANCE

AMS will use a Grant Agreement to provide a federal award to successful applicants.

2.2 TYPE OF APPLICATIONS

New application. All new applications will be reviewed competitively using the selection process and evaluation criteria described in section 6.0.
2.3 AVAILABLE FUNDING

AMS anticipates approximately $56.5 million will be available in FY2023 for RFSP projects, including funds come from the American Rescue Plan. Any funds not awarded under this RFA will be made available through the RFA published in the next competitive award cycle.

Funding may be contingent on Federal appropriations actions. USDA does not guarantee minimum funding levels or a specific number of awards.

2.4 FEDERAL AWARD PERIOD DURATION AND SIZE

AMS expects applicants to complete their projects within the required timeframe. It is acceptable to complete a project before the scheduled performance period end date. However, AMS encourages applicants to take the full grant period to allow ample time to complete projects. The applicant must indicate the start date and end date on Block 17 of the SF-424 “Application for Federal Assistance”.

Award size varies by project type. Applicants may not request less than or more than the respective minimum/maximum amounts. Applicants must justify the requested funding amounts within the Project Narrative.

3.0 ELIGIBILITY INFORMATION

3.1 ELIGIBLE APPLICANTS - PARTNERSHIPS

Only partnerships are eligible to apply to RFSP. A partnership is an agreement between one or more eligible entities (see section 3.2) and one or more eligible partners (see section 3.3). The agreement may be in the form of any official documentation such as a contract or Memorandum of Understanding (MOU).

An application may be submitted either by an eligible entity or an eligible partner on behalf of the partnership. The partnership must specify in its application which organization(s) in the partnership are responsible for receiving and managing the award.

Partnerships that include Limited Resource Entities are strongly encouraged to apply.

---

1 The total amount available consists of $5 million from the Farm Bill, and up to $51.5 million from the American Rescue Plan Act of 2021 (ARP). Additional ARP funds may be added, depending on applications received in this program and Local Food Promotion Program.
All applicants must be domestic entities owned, operated, and located within the 50 United States, the District of Columbia, the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands, or Tribal Governments.

### 3.2 ELIGIBLE ENTITIES

Eligible entities include:

### Entity Type | Description
---|---
**Private Corporations** | A company that is owned by one person or a small group of people, for example a family, and whose shares are available only to specific individuals and are not traded on a stock market.

**Institutions of Higher Education** | Educational institutions that meet the requirements specified at 20 U.S.C. § 1001.

**Commercial, Federal or Farm Credit System Lending Institutions** | An accredited financial organization such as a bank, credit union, or finance company that makes agriculture loans and may or may not also be a depository institution.

### 3.4 LIMIT ON NUMBER OF AWARDS

Applicants may submit multiple project applications to RFSP. If recommended for more than one award, applicants are limited to receiving **one** award. If the applicant is recommended for multiple awards, AMS staff will contact the applicant to discuss the options.

Applicants must close out an active RFSP award to be eligible to receive another RFSP award. For example, a Planning & Design award recipient must close out that award prior to applying for an Implementation & Expansion award. The applicant must submit all required close out documentation by the application due date mentioned in section 4.4. Please refer to the respective General Award Terms and Conditions, available on the “How to Administer the Award” webpage, for closeout instructions.

### 4.0 FUNDING CONSIDERATIONS

#### 4.1 COST SHARING AND MATCHING

This funding opportunity requires matching funds from non-Federal sources in the form of cash in an amount equal to or greater than 25% of the **total Federal portion of the grant**.

If a project is selected for funding, any match amount exceeding the respective requirement will be considered voluntary and must be documented and secured at the time of the award. Any match amount exceeding the respective requirement may also be considered under the Priority Area for leveraging significant non-Federal financial and technical resources (see section 1.3.6).

Match contributions may be in the form of cash or in-kind resources, such as a partner’s cash contribution to the project or professional volunteer services as described in 2 CFR § 200.306(e). However, the application must include a minimum 25% **cash** match to meet the minimum RFSP statutory requirement.

Cost sharing for the required match must be in the form of allowable direct costs. Refer to 2 CFR § 200.306 for additional Federal requirements and definitions, including the basis for determining the value of cash and in-kind contributions.

Cash match contributions are generally defined as an actual cash contribution (not the ‘value’ of someone’s time/effort) from the applicant’s general revenue/reserves/savings/line of credit, or 3rd-
party partner(s), or other non-Federal grants. The applicant must be able to track and show the source of the match funding and that the funding source was dedicated entirely to the grant project and produce records to that effect (for example, taking the cash match in your accounting system, or from your partner, and placing it into a special ‘grant project’ account).

In-kind match contributions are generally defined as the value of goods or services provided by the contributor for the benefit of the grant project, where no funds transferred hands. For example, a partner, such as a tribal community member, may volunteer their professional expertise as an in-kind match contribution to the project as described in 2 CFR § 200.306(e).

Match contributions (either cash or in-kind) cannot be used for RFSP if they are already being used toward satisfying a match requirement under any other Federal grant agreement to which the applicant is a party.

All matching contributions must be committed or secured at the time an applicant is recommended for an award. Applicants must submit a signed letter(s) with the application, which serves as the verification for each cash and in-kind matching contribution (see section 5.2.5). An award will not be issued unless all matching funds over the life of the grant are secured. Additional anticipated matching funds not in place by the time the project commences cannot be counted toward the matching requirement.

Applicants must indicate the total match amount and how it will specifically align with their requested funding when completing the fiscal plan and resources sections of the RFSP Project Narrative (see section 5.2.2) and submit letters verifying the match for EACH cash and in-kind resource (see section 5.2.5).

Indirect costs may count as an in-kind match, but not as a cash match contribution (see section 4.2.1).

Applicants may not use program income (as defined in 2 CFR § 200.1) or Federal funds of any kind as a match or cost share.

4.2 INDIRECT COSTS

Indirect costs (also known as “facilities and administrative costs”—defined at 2 CFR § 200.1) are those costs incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved.

In accordance with 2 CFR § 200.414 (f), any non-Federal entity that does not have a current negotiated (including provisional) indirect cost rate, except State and Local Government and Indian Tribe Indirect Cost Proposals, may elect to charge a de minimis rate of 10 percent of modified total direct costs (MTDC) that may be used indefinitely. No documentation is required to justify the 10% de minimis indirect cost rate. As described in 2 CFR § 200.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a recipient chooses to negotiate for a rate, which the recipient may apply to do at any time.
All applicants who elect to charge a de minimis rate of 10 percent must use the MTDC as the base. MTDC are defined in 2 CFR § 200 as all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDCs exclude equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of $25,000. Other items may be excluded only when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

If an applicant has a negotiated indirect cost rate approved by its cognizant agency, the applicant must submit a copy of its approved NICRA with its application. Entities that would like to negotiate an indirect cost rate must contact their cognizant agency. For assignments of cognizant agencies, see 2 CFR § 200.1.

4.2.1 USING INDIRECT COSTS FOR COST SHARING OR MATCHING

The maximum indirect costs allowed for a project may be included under the Federal portion of the budget or, alternatively, may be offered as an in-kind matching contribution if no indirect costs are requested on the Federal portion of the budget. For example, if a proposed project’s maximum allowable indirect costs are $8,000, the applicant may include $8,000 on the Federal portion of the budget or $8,000 as a matching in-kind contribution, but not both.

The applicant may split the indirect cost allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs does not exceed the maximum indirect costs allowed. Alternatively, the recipient may request any other combination that, when combined, does not exceed the maximum indirect costs allowable. Refer to 2 CFR §§ 200.413 and 200.414 for additional information on determining if costs charged to the award are direct or indirect.

4.3 SUBAWARDS

The recipient may use sub-awarding and/or sub-contracting methods with eligible partners via its partnership agreement to accomplish the proposed project.

The recipient may not use an RFSP grant to competitively “re-grant” funds in mini-grant programs, or for activities that are not central to the purpose of the project, or for unknown costs. However, the recipient may use its match to offer mini-grants if so desired, as long as they further the project’s purposes and comply with Federal match requirements at 2 CFR § 200.306. If the recipient chooses to offer project mini-grants with non-Federal funds that do not comply with these regulations, those funds may not be included as part of the required match for this grant. For more information, refer to section 3.4.

4.4 ALLOWABLE AND UNALLOWABLE ACTIVITIES

All AMS awards are subject to the terms and conditions, cost principles, and other considerations described in the AMS General Terms and Conditions.

Applicants that have questions concerning the allowability of costs after reviewing this document should contact AMS staff using the contact information listed under section 8.0.
Recipients are expected to attend an AMS sponsored grants management meeting during the project’s period of performance. The proposed budget must include travel funds for the Project Coordinator and any additional key personnel as reasonably determined by the recipient and AMS.

To estimate these costs in the budget section, please account for flight, hotel, per diem, and ground transportation expenses for a 3-day, 2-night stay. Location and dates are to be determined with a possibility of a virtual conference. If the conference is virtual, recipients will be able to reallocate those funds to another allowable item.

5.0 APPLICATION AND SUBMISSION INFORMATION

5.1 ELECTRONIC APPLICATION PACKAGE

Only electronic applications for this RFA will be accepted and must be submitted via Grants.gov. We urge applicants to submit early to the Grants.gov system. For an overview of the Grants.gov application process, see Grants.gov’s Apply for Grants webpage. This RFA contains the information needed to obtain and complete required application forms and AMS-specific attachments. More information about applying through Grants.gov can be found in section 5.3.

Applicants can find the opportunity under either the Assistance Listing number “10.177,” or the RFSP Funding Opportunity Number “USDA-AMS-TM-RFSP-G-23-0007”.

5.2.3 PROJECT ABSTRACT SUMMARY

**Required.** The Project Abstract Summary form will be used as the award description for the overarching Federal award. This is separate from the RFSP Project Narrative form. The Project Abstract Summary must include:

- Project purpose
- Activities to be performed
- Deliverables and expected outcomes
- Intended beneficiary(ies): Who will benefit from this beyond the applicant organization?
- Subrecipient, key partner, and collaborator activities. Identify the key partners, collaborators and subrecipients you know will be part of the work and how their engagement will support the program goals.

5.2.4 PROJECT NARRATIVE

**Required.** Applicants are required to prepare and submit a narrative using the RFSP Project Narrative form. The Project Narrative must clearly describe the project’s partners, actual or potential definition of “region,” objectives and goals, types and sequence of project activities, monitoring and evaluation strategies associated with the proposed activities, and how the applicant will manage the project.

The Project Narrative must be typed and single-spaced in an 11-point font and must not exceed fifteen (15) 8.5 x 11 pages (excluding pre-existing form content). For example, if the form is 15 pages before you begin entering your project narrative information, your form may be up to 30 pages in length when completed (15 original pages + 15 pages of applicant content). DO NOT modify the margins of the Project Narrative form. Applicants must submit the RFSP Project Narrative form as a PDF and attached to the Grants.gov application package using the “Project Narrative Attachment Form” on the application package. Handwritten applications or applications submitted in MS Word will not be accepted.

Prior to submitting the application to Grants.gov, please make sure no tracked changes or mark-up edits and comments are visible.

The supporting documents listed below do not count toward the 15-page limit.

5.2.5 MATCHING FUNDS LETTERS OF VERIFICATION

**Required:** Each application is required to have written verification of match commitment from any party, including the applicant, who will contribute cash or in-kind matching non-Federal resources to the project.

Submit one letter verifying the match for EACH cash or in-kind resource, signed by the matching organization.

AMS has posted A SUGGESTED MATCH VERIFICATION TEMPLATE LETTER on the grant program’s application website. We highly encourage you to use this template. If you do not use this template, your match verification document must minimally include the following:

- Project Applicant
• Project Title
• Cash Commitment per year (if applicable) and Total Cash Match
• In-kind Contribution per year (if applicable) and Total In-kind Match. Break down items into categories as applicable:
  o Salaries (employee name, title, duties, pay rate/hour, amount matched per year)
  o Items/Activities (fair market value per unit, how value determined, and amount matched per year)
• Explanation of how each type of match will correspond to the budget or be used by the Applicant
• Signature of Matching Organization Representative with typed name and title

Submit Matching Fund and Letters of Verification on letterhead and address them to the applicant (i.e., Project Director). Clearly indicate at the top of the documents that they are MATCH VERIFICATION LETTERS. Letters must accompany the proposal at the time of application. Unsigned letters will not be accepted.

Letter(s) must be attached to the Grants.gov application package using the “Add Attachments” button under Form SF-424 item #15.

5.2.6 LETTERS OF COMMITMENT FROM PARTNER ORGANIZATIONS

Required: Applicants must provide letters of commitment (not support) from all project partners at the time of application. More information can be found on partners in section 3.3.

AMS has posted a PARTNER ORGANIZATION TEMPLATE on the grant program’s application website. We highly encourage you to use this template. If you do not use this template, the Letters of Commitment must include at least the following information:

• Project Applicant
• Project Title
• A short introduction describing the partner entity’s mission and its reason(s) for joining the partnership
• The specific role(s) the entity is committing to for the project, including the participation of specific individuals, as applicable
• A statement that these individuals and the entity agree to abide by the management plan contained in the application

Submit Letters of Commitment on letterhead and address them to the applicant (i.e., Project Director). Clearly indicate at the top that they are LETTERS OF COMMITMENT. Letters must accompany the proposal at the time of application. Unsigned letters or letters emailed separately will not be accepted.

Letter(s) must be attached to the Grants.gov application package using the “Add Attachments” button under SF-424 item #15.

PLEASE NOTE: RFSP does not require Congressional letters of support and such letters do not carry additional weight during the evaluation process.
5.2.7 NEGOTIATED INDIRECT COST RATE AGREEMENT (NICRA)

Required if the applicant has a Negotiated Indirect Cost Rate Agreement (NICRA). Refer to section 4.2 for more information. The NICRA must be in PDF format and attached to the Grants.gov application package using the “Add Attachments” button under SF-424 item #15.

5.3 GRANTS.GOV APPLICATION SUBMISSION AND RECIPIENT PROCEDURES AND REQUIREMENTS

5.3.1 HOW TO REGISTER TO APPLY THROUGH GRANTS.GOV

The applicant organization registration process can take up to four weeks to complete. Therefore, complete your registration allowing enough time to ensure it does not impact your ability to meet required application submission deadlines.

If individual applicants are eligible to apply for this grant funding opportunity, refer to: https://www.grants.gov/web/grants/applicants/registration.html.

1) **Obtain a Unique Entity Identifier (UEI) Number:** All entities applying for funding, including renewal funding, must have a Unique Entity Identifier from SAM.gov. Applicants must enter the UEI number in the data entry field labeled "Organizational UEI" on the SF-424 form. Getting a UEI number requires validation steps in SAM.gov. Applicants are encouraged to start this process as early as possible.

2) **Register with the System for Award Management (SAM):** In addition to having a UEI number, organizations applying online through Grants.gov must register with the SAM. Current SAM.gov registrants have already been assigned a UEI and can view it within SAM.gov. All organizations must register with SAM to apply online in Grants.gov. Failure to register with SAM will prevent your organization from applying through Grants.gov. **SAM.gov accounts must be updated annually, and your organization must have an active SAM.gov account to submit your application to Grants.gov.**

3) **Create a Grants.gov Account:** The next step in the registration process is to create an account with Grants.gov. Applicants must know their organization's UEI number to complete this process. Completing this process automatically triggers an email request for applicant roles to the organization's E-Business Point of Contact (EBiz POC) for review. The EBiz POC is a representative from your organization who is the contact listed for SAM. To apply for grants on behalf of your organization, you will need the Authorized Organization Role (AOR).

4) **Authorize Grants.gov Roles:** After creating an account on Grants.gov, the EBiz POC receives an email notifying him or her of your registration and request for roles. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, including the AOR role, thereby giving you permission to complete and submit applications on behalf of the organization. You will be able to submit your application online any time after you have been approved as an AOR.
Track Role Status: After registering with Grants.gov and authorizing the applicant AOR, Grants.gov allows you to track your status.

Electronic Signature: When applications are submitted through Grants.gov, the name of the organization's AOR who submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC must authorize individuals who are able to make legally binding commitments on behalf of the organization to act as an AOR; this step is often missed, and it is crucial for valid and timely submissions.

5.3.2 HOW TO SUBMIT AN APPLICATION TO AMS VIA GRANTS.GOV

Applicants may use the Grants.gov Workspace, a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each funding opportunity announcement, an applicant creates individual instances of a workspace.

1) Create a Workspace: This allows you to complete your Workspace online and route it through your organization for review before submitting.

2) Complete a Workspace: Add participants to the workspace, complete all the required forms, and check for errors before submission.
   a. Adobe Reader: If you decide not to apply by filling out the webforms, you can download individual PDF forms in Workspace so that they will appear similar to other Standard or AMS forms. The individual PDF forms can be downloaded and saved to your local storage device, network drive(s), or external drives, and then accessed through Adobe Reader.

   NOTE: You may need to visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software. There is no cost for Adobe Reader Software.

   b. Mandatory Fields in Forms: Fields marked with an asterisk and a different background color are mandatory fields you must complete to successfully submit your application.

   c. Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant’s name, address, and UEI number. To trigger this feature, an applicant must complete the SF-424 information first. Once it is completed, the information will transfer to the other forms.

3) Submit via a Workspace: Submit your application through Workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.

SPECIAL NOTE: Grants.gov does not check for AMS required attachments. It is the applicant’s responsibility to ensure that all required attachments listed in section 5.2.
4) **Track via a Workspace:** After successfully submitting a workspace package, Grants.gov automatically assigns a Tracking Number (GRANTXXXXXXXX) to the package, which will be listed on the Confirmation page generated after submission.

**Applicant Support:** Grants.gov provides additional training resources, including video tutorials. Applicants may also call the 24/7 toll-free support number 1-800-518-4726, or email support@grants.gov. Grants.gov will issue a ticket number to which you and Grants.gov can refer if the issue is not resolved. For questions related to the specific grant opportunity, use the contact information described in section 8.0.

### 5.4 APPLICATION SUBMISSION REQUIREMENTS

AMS will not consider any applications received after the deadline, any applications submitted by fax, email, or postal mail and any applications not responsive to the requirements of this RFA (eligibility, incomplete application, missing required attachments documents, etc.). See AMS’ Late Applications, Denials and/or Appeal Procedures Policy.

Ensure that all components are complete before submission. Allow enough time for the application process, as it may take more than one attempt before your application is successfully submitted. AMS encourages you to submit your application at least two weeks before the application deadline to ensure all certifications and registrations are met.

Proof of timely submission is automatically recorded by Grants.gov using an electronic date/time stamp generated when the application is successfully received by Grants.gov. The applicant AOR will then receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov. Applicant AORs will also receive the official date/time stamp and Grants.gov tracking number in an email serving as proof of their timely submission.

Special Note for Applicants with Slow Internet Connections: Applicants using slow internet, such as dial-up connections, may experience significantly longer transmission times when submitting their application to Grants.gov, especially if there are large attachments contained in the upload. Again, Grants.gov will provide either an error message or a successfully received transmission notification via email to the applicant AOR.

### 5.5 SUBMISSION DATE AND TIME

Applicants must submit applications electronically via Grants.gov by 11:59 pm Eastern Time on May 2, 2023. AMS cannot consider applications received after this deadline for funding. See AMS’ Late Applications, Denials and/or Appeal Procedures Policy.

### 5.6 INTERGOVERNMENTAL REVIEW

This program is not subject to Executive Order 12372, which requires intergovernmental consultation with state and local officials.

### 6.0 APPLICATION REVIEW INFORMATION

23 | Page
6.1 PROJECT EVALUATION CRITERIA

Each application that meets the initial qualification screening requirements (see section 6.2) will be reviewed and scored competitively based on the extent to which it addresses the following criteria:

**Alignment and Intent** ........................................................................................................................................... 25 Points

1) The application identifies specific issues of the local or regional food system and describes the project’s objectives and their relevance to those issues.

2) The application describes a strong history of collaboration and engagement among partners to ensure high levels of participation or provides a clear and concise plan for how such engagement will occur. In particular, the partnership includes historically underserved entities such as underserved, beginning, and/or limited resource entities.

3) The application describes the project’s proposed geographic focus area and why it is the most appropriate place to conduct partnership activities.

4) The application describes how the partnership adds value to the local or regional food system, as opposed to each entity/partner acting independently of one another.

5) The application identifies the intended benefits of the project and specifies how partners will be involved in achieving them (NOT required if the application is solely for a planning or feasibility project).

6) The application complies with all written instructions and requirements described within the RFA and Project Narrative Template.

**Technical Merit** ..................................................................................................................................................... 25 Points

1) The application describes technical resources that partners will be contributing to the project’s development, implementation, and/or management.

2) The application presents a clear, well-conceived, and suitable Work Plan that describes how the partners will work together to achieve the goals and objectives of the proposed project.

3) The application presents a realistic schedule for implementing and completing the proposed project during the award project period.

4) The application identifies potential challenges to partner recruitment and engagement, and achievement of goals or outcomes, and describes possible strategies to address the challenges.

5) If the applicant proposes to build upon previous partnership activities, the previous lessons learned are clearly incorporated into the proposed project.
Achievability ........................................................................................................................................15 Points

1) The selected Outcome(s) and Indicator(s) are appropriate for the scale and scope of the proposed project.

2) The application describes a monitoring and evaluation plan that identifies potential feedback mechanisms and metrics that measure the results of project activities (the Outcome Indicator Measurement Plan).

3) The applicant provides a comprehensive plan to distribute the project’s results (both positive and negative) electronically and/or in person to target audiences, stakeholders, and interested parties.

4) The application describes how the partnership will be sustained beyond the project’s period of performance (without grant funds).

Expertise and Partners ........................................................................................................................................25 Points

1) The application represents a substantial, effective, and diverse array of relevant partners to accomplish the project’s goals and objectives and meet the needs of the intended beneficiaries, including:
   a. Commitment from the key staff, demonstrated through Letters of Commitment from Partner Organizations.
   b. The key staff who will be responsible for managing the projects and the individuals (name and title) who comprise the Project Team; and
   c. The expertise and experience of the Project Team necessary to successfully manage and implement the proposed project.

2) The application demonstrates a commitment from partners to perform specific roles in order to achieve project goals and outcomes.

3) The application demonstrates a commitment to engage potential project beneficiaries as active participants in partnership activities.

4) The application describes plans for coordination, communication, data sharing, and reporting among members of the partnership and other stakeholder groups.

Fiscal Plan and Resources ........................................................................................................................................10 Points

1) The Budget and Justification provides a clear description for each budget line item and is consistent with the size and scope of the project.

2) The Budget and Justification relates logically to the project narrative.

3) The fiscal plan clearly describes the intended use of partner resources (cash or in-kind).

4) The applicant demonstrates its partners’ contributions of non-Federal cash or in-kind resources are available for the project as evidenced through the submitted Match Verification Letters.
6.2 REVIEW AND SELECTION PROCESS

Step 1: Initial Qualification Screening

Each application is initially reviewed for overall completeness, as well as compliance with eligibility and program requirements as set forth in this RFA. If an application does not meet these requirements, it is removed from consideration. Please see section 4.3 and AMS’ Late and/or Non-Responsive Applications Policy for more information.

Step 2: Technical Review

Each application that passes initial screening (Step 1) is evaluated by a panel of independent peer reviewers. AMS makes every attempt to match reviewers with applications in their areas of expertise. Each reviewer signs a conflict of interest and confidentiality agreement regarding any assigned applications. The peer review panels evaluate their assigned applications using instructions prepared by AMS officials. Individual reviewers score applications and then confer with other panel members. The scoring and discussion serve as the basis for awarding and allocating grant funds and focuses on strengths and weaknesses of each proposal.

Step 3: Administrative Review

AMS will conduct a final administrative evaluation of each review panel’s top rankings and recommendations. In addition to the rank and scores, AMS reviews each application to ensure that potential recommended projects align with the scope of the RFA, allowability of budget items, available funding, geographic diversity, and USDA priorities. AMS staff will work with top-ranked applicants to negotiate any revisions if necessary and possible. AMS will also assess an organization’s ability to account for the use of Federal funds and monitor the performance associated with these monies using the guidance provided by 2 CFR § 200.206.

7.0 AWARD ADMINISTRATION INFORMATION

7.1 AWARD NOTICES

Upon announcement of the Federal awards, AMS will prepare and send a Notice of Award (NOA) to each recipient for signature by the appropriate official. The NOA will be signed by AMS and the AOR.

The NOA will provide pertinent instructions and information including, at a minimum, the information described in 2 CFR § 200.211 and a reference to the AMS General Terms and Conditions.

7.2 UNSUCCESSFUL APPLICANTS

Unsuccessful applicants will be contacted by AMS via email as soon as possible after the RFSP awards are announced. The unsuccessful applicants will be provided anonymous review panel consensus comments regarding their application as feedback.
7.3 ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

As part of the NOA, all AMS recipients must abide by the AMS General Terms and Conditions, which reference applicable Administrative and National Policy Requirements.

7.4 REPORTING REQUIREMENTS

Reporting and award closeout requirements are included in the AMS General Terms and Conditions. If there are any program or award-specific award terms, those will be identified in the award.

7.5 ACKNOWLEDGEMENT OF USDA SUPPORT

Proper acknowledgement of your USDA-AMS funding in published solicitations (e.g., for state competitions), presentations, press releases, and other communications is critical for the success of our agency’s programs. Grantees must meet the acknowledgement requirements outlined in the updated AMS General Terms and Conditions.

8.0 AGENCY CONTACTS

8.1 PROGRAMMATIC QUESTIONS

After closely reviewing this RFA in its entirety, applicants and other interested parties are encouraged to contact the RFSP staff by e-mail with questions about the grant program at IPPGrants@usda.gov.

For additional information, please visit the RFSP Website: https://www.ams.usda.gov/rfsp.

8.2 AVAILABLE RESOURCES

AMS provides resources and information on the RFSP website (https://www.ams.usda.gov/rfsp) that may be helpful to applicants, including Frequently Asked Questions (FAQ’s), descriptions of funded projects, and required application forms. AMS staff is available to provide timely technical assistance.

8.4 GRANTS.GOV QUESTIONS

All questions regarding Grants.gov technical assistance must be directed to Grants.gov’s Applicant Support.
9.0 OTHER INFORMATION

9.1 DEFINITIONS

**Local and regional food** means food that is raised, produced, aggregated, stored, processed, and distributed in the locality or region where the final product is marketed to consumers, so that the total distance that the product travels between the farm or ranch where the product originates and the point of sale to the end consumer is kept to a minimum, or both the final market and the origin of the product are within the same State, territory, or tribal land.

**Local or Regional Food Business or Enterprise** means an organization or business entity that functions as an intermediary between producers (farmers or growers) and buyers by carrying out one or more local or regional food supply chain activities—including aggregating, storing, processing, and/or distributing locally or regionally produced food products—to meet local and regional market demand.

**Farm to Institution** broadly refers to connecting local or regional producers, including farmers and ranchers, processors, and intermediaries selling local and regional foods to establishments where people routinely eat meals outside of home, such as schools and early childcare centers, colleges and universities, hospitals, corporate cafeterias, and government agencies and to vendors that sell to these establishments.

**Value-Added Agricultural Product** means any agricultural commodity or product that:

- Has undergone a change in the physical state or form of the product, such as milling wheat into flour or making strawberries into jam.
- Is produced in a manner that enhances the value of the agricultural commodity or product, such as organically produced products.
- Is physically segregated in a manner that results in the enhancement of the value of that commodity or product, such as an identity preserved product.
- Is a source of farm- or ranch-based renewable energy, including E–85 fuel; or
- Is aggregated and marketed as a locally produced agricultural food product and, as a result of the change in physical state or the manner in which the agricultural commodity or product is produced and segregated, the customer base for the commodity or product is expanded and a greater portion of revenue derived from the marketing, processing, or physical segregation is made available to the producer of the commodity or product.

**Mid-tier Value Chain** means a local or regional supply network that links independent producers with businesses and cooperatives that market value-added agricultural product in a manner that:

- Targets and strengthens the profitability and competitiveness of small and medium-size farms and ranches that are structured as a family farm; and
- Obtains agreement from an eligible agricultural producer group, farmer or rancher cooperative, or majority-controlled producer-based business venture that is engaged in the value chain on a marketing strategy.
Limited Resource Entity means an organization that provides technical assistance services to and engages historically underserved farmers and ranchers in addressing their needs. See USDA definition of Historically Underserved Groups for further information. See USDA definition of Historically Underserved Groups for further information.

9.2 EQUAL OPPORTUNITY STATEMENT

USDA is an equal opportunity provider, employer, and lender.

9.3 FREEDOM OF INFORMATION ACT REQUESTS

The Freedom of Information Act of 1966 (5 U.S.C. § 552) (FOIA) and the Privacy Act of 1974 (5 U.S.C. § 552a), as implemented by USDA’s regulations (7 CFR § 1, Subpart A) govern the release or withholding of information to the public in connection with this Federal award. The release of information under these laws and regulations applies only to records held by AMS and imposes no requirement on the recipient or any subrecipient to permit or deny public access to their records.

FOIA requests for records relating to this Federal award may be directed to USDA, Agricultural Marketing Service, FOIA/PA Officer, Room 2055-S, Stop 0201, 1400 Independence Ave., SW, Washington, DC 20250-0201, Telephone: (202) 302-0650; or email: AMS.FOIA@usda.gov.

9.4 PAPERWORK REDUCTION

According to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501), an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0581-0240. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering, and maintaining the data needed, and completing and reviewing the collection of information.
