U.S. Equal Employment Opportunity Commission FEDERAL AGENCY ANNUAL EEO PROGRAM STATUS REPORT

Agricultural Marketing Service

For period covering October 1, 2015, to September 30, 2016.

EXECUTIVE SUMMARY

INTRODUCTION

This report summarizes the Agricultural Marketing Service's (AMS / Agency) implementation of the Equal Employment Opportunity Commission's (EEOC) Management Directive 715 (MD-715). AMS has taken appropriate steps and made efforts to remove barriers to ensure that all employment decisions and the workplace are free from discrimination.

AMS'S MISSION STATEMENT

AMS administers programs that facilitate the strategic marketing of U.S. agricultural products in domestic and international markets, while ensuring fair trading practices and promoting a competitive and efficient marketplace to the benefit of producers, traders, and consumers of U.S. food and fiber products.

AMS ORGANIZATIONAL STRUCTURE

The Agency consists of the Office of Administrator (OA) and 13 subordinate offices and programs that support the OA (Appendix 1), as follows:

Office of the Administrator (OA): The Office of the Administrator has overall responsibility for leading the Agency's mission.

- <u>Civil Rights Program (CRP)</u>: Provides advice, guidance, and assistance on the implementation, management, and compliance with the Agency's Equal Employment Opportunity (Title VII) and Title VI programs.
- <u>Commodity Procurement Staff</u>: Purchases a variety of domestically produced and processed commodity food products, through a competitive process among approved vendors to support American agriculture by encouraging the consumption of domestic foods.

Management and Analysis Program (MAP): Formally known as the Compliance and Analysis (C&A) Program, provides a wide range of professional services to AMS to help carry out its mission. MAP services include: analysis and information that supports decision-making; administrative management; employee safety and stewardship of facilities and resources; homeland security; compliance and investigations; budget and performance monitoring; financial management procedures and monitoring; management tools and reform initiatives that

- support mission achievement; and process improvement activities.
- <u>Public Affairs Staff</u>: Plans, coordinates, executes, and evaluates the Agricultural Marketing Service's communications, enhances the Agency's brand, and protects its reputation as the trusted authority that consumers and stakeholders can rely on to ensure the quality and wholesomeness of agricultural commodities moving into the commercial marketplace.
- <u>Legislative and Regulatory Review Staff:</u> Coordinates the Agricultural Marketing Service's legislative and regulatory review activities that are governed by some 50 separate statutes, the AMS Freedom of Information Act (FOIA) activities, and the Agency's Information Collection activities.
- Cotton and Tobacco (C&T) Program: Facilitates the domestic and international fair marketing of cotton and tobacco through a variety of services used by industry to measure quality, ensure consistency, and report market activity.
- <u>Dairy (DY) Programs:</u> Facilitates the efficient marketing of milk and dairy products.
- <u>Information Technology Service (ITS)</u>: Provides technology support services to all of the Agency's business units and is responsible for guiding the effective and efficient use of information technology across AMS.
- <u>Specialty Crops Program (SCP)</u>, formally known as Fruit and Vegetable Programs: Helps buyers and sellers of all sizes in the U.S. produce industry to market their perishable products in the most efficient manner.
- <u>Livestock, Poultry and Seed (LPS) Program:</u> Administers a wide range of the Agency's programs related to the livestock, meat, poultry, egg, fish, grain, and seed industries, as well as regulatory and support functions that extend to other commodities as well.
- <u>National Organic Program (NOP)</u>: Develops regulations that consist of national standards for organically-produced agricultural products.
- <u>Science and Technology (S&T) Program:</u> Provides scientific, certification, and analytical support services to the agricultural community to improve the quality, wholesomeness, and marketing of agricultural products domestically and internationally.
- <u>Transportation and Marketing (T&M) Program:</u> Provides programs, grants, and services that support local and regional food systems and assist in increasing consumer access to fresh, healthy foods in our community.

Element A. Demonstrated Commitment From Agency Leadership

(This element ensures that the Agency's EEO Policy statements are up-to-date, communicated to all employees, and vigorously enforced by the agency.)

AMS leadership strives to maintain an efficient, high-performing, diverse workforce, aligned with mission priorities. In so doing, the goal is to value and invest in employees, to have a diverse workforce free of discriminatory practices, a positive work environment, and to deliver AMS programs and services in a fair and equitable manner to all customers.

• In keeping with this effort, the AMS Administrator issued the Agency's Civil Rights Policy Statement and Anti-Harassment Policy Statement dated February 21, 2017, to all Agency employees. AMS delivered policies electronically via the Agency's all-employee newsletter, the AMS Voice, on March 1, 2017, and posted these statements throughout its headquarters and field office locations as a reminder that discrimination of any kind is strictly prohibited in all aspects of employment.

• AMS instituted a policy to issue EEO policy statements during new employee orientation and at the promotion of employees into supervisory positions.

In collaboration with the Animal and Plant Health Inspection Service (APHIS) Marketing and Regulatory Program's New Employee Orientation Coordinator, the EEO Policy Statements are provided in the employees' packages during the new employee orientation.

Electronic copies of the EEO policy statements are provided to AMS managers and supervisors, who are responsible for providing statements to the new supervisors. AMS also requested the APHIS Center for Training and Organization Development to include EEO policy statements within training packages for new supervisors' training.

The Civil Rights Program Director also provides regular reminders to the Agency's senior leadership team to distribute the Policy Statements to employees at the Administrator's senior staff meetings. AMS employees receive copies of the civil rights and anti-harassment policy statements at civil rights training sessions given by AMS's CRP staff throughout the year. In addition, copies are provided to the Agency's Resource Management Officers for distribution to headquarters and field offices.

• On January 1, 2017, AMS published the Agency's Workplace Violence Prevention Statement.

AMS' policy statements (Appendix 2) reinforce the Agency's commitment to promoting nondiscrimination and equal access in all Agency programs and services, and ensures all managers and supervisors are held accountable for immediately addressing employment issues and concerns.

Element B. Integration of EEO into AMS' Strategic Mission

(This element covers the Agency's commitment to the EEO Program, informing Agency senior management about the status of EEO operations, and maintaining human resources/budget for a successful EEO program.)

Civil rights-related goals and objectives are included in the AMS FY 2014-2018 Strategic Plan, FY 2016 Strategic Operating and Annual Performance plans, which are regularly reviewed to ensure workforce diversity. The Administrator and Civil Rights Director emphasized the Secretary's vision and civil rights initiatives and goals during weekly staff meetings and through frequent updates in the FY 2017 *AMS Voice* newsletter. The Civil Rights Director briefed the senior managers on the MD-715 goals during regularly scheduled meetings. Additionally, all AMS SES, supervisors, and managers have EEO critical elements in their performance plans.

• The Agency's FY 2014-2018 Strategic Plan was developed and issued by AMS senior leadership. It is a four-year roadmap, which guides the strategic direction of the Agency and demonstrates the Agency leadership's commitment to advancing civil rights and aligns the Agency's work to Civil Rights plans. The 2014-2018 plan has three key areas that align with Civil Rights and Employee Engagement efforts: "Enhance Communication between Stakeholders and AMS Programs" (Goal 1); "Sustain and Enrich a Diverse, Progressive, and Dynamic Organizational Environment" (Goal 6); and Appendix A: Civil Rights and Cultural

Transformation Commitments. Goal 1 includes the objective to encourage diversity, Goal 6 includes an objective to implement an Agency-wide Human Capital Plan to diversify, recruit, train and develop the Agency's workforce. Appendix A of the Strategic Plan aligns with the Department's initiative, and demonstrates AMS's commitment to improving civil rights, diversity and inclusion.

- Also during FY 2016, the Agency finalized its FY 2016-2018 Civil Rights Strategic Plan, which links to the AMS Strategic Plan under AMS' Goals 1 (Communication) and Goal 2 (Organization). Quantifiable CRP goal metrics were developed for: compliance reviews, complaint management, counseling and alternative dispute resolution (ADR) (CRP Goal 1); training programs conducted by CRP and training participation (CRP Goal 2); and partnerships and focus groups (CRP Goal 3).
- The AMS Administrator appointed Agency Special Emphasis Program Managers (SEPMs) for the following groups: African American; American Indian/Alaska Native; Asian American/Pacific Islander; Individuals with Disabilities; Veterans; Lesbian, Gay, Bisexual, and Transgender Individuals (LGBT); Hispanic; Caribbean American; and Women.
- In FY 2017, the Agency continues to allocate a Special Emphasis Program budget of \$52,000 to cover observance events, focus groups, training and outreach.

Element C. Management and Program Accountability

(This element requires that AMS's Civil Rights Program Director advise Agency managers about the status of EEO programs, meet with Human Resources Director regularly to access EEOC policies, and ensure that the Agency's review decisions and provides assistance for disciplinary actions where discrimination is found.)

- In accordance with DR-4300-010 and AMS Directive 4430.5 ("Incorporating the Equal Opportunity Civil Rights/EEO CR Goals into Performance Standards"), performance plans for SES, managers, supervisors, and employees include civil rights performance elements and standards. All employees are held accountable to adhere to the Agency's civil rights policy through their annual performance ratings. All managers and supervisors have a stand-alone critical civil rights element in their performance plans.
- AMS continues to demonstrate its commitment to holding its employees and managers accountable for engaging in any type of discriminatory conduct or retaliation. Whenever AMS identifies any unprofessional or inappropriate behavior, AMS senior leadership works quickly to end the behavior and suitably discipline responsible parties. In the majority of situations involving disciplinary actions, the Agency took timely and appropriate actions. The Agency continues to work closely with Human Resources (HR), managers, supervisors, and other employees to ensure accountability and compliance with respect to USDA civil rights policy, legal requirements, EEO settlement agreements, and EEO decisions. The Agency has clear standards and procedures in place requiring prompt disciplinary action against any employee found guilty of discrimination or reprisal. Employees and managers receive civil rights training that includes guidance on discrimination, retaliation, and harassment, and the means to avoid these actions.

• AMS also monitored its settlement agreements to ensure the terms of the agreements were met. AMS also strictly adheres to DR 4300-010, Civil Rights Accountability Policy and Procedures, dated December 16, 2016, from USDA's Office of Human Resources Management (OHRM). Per the new regulation, agencies are required to conduct a thorough review of all settlement agreements, findings of discrimination, and internal investigations involving EEO matters. The Agency's Civil Rights Program and Employee Relations staffs collaborate and thoroughly review these documents and provide recommendations to the Administrator and the OHRM for the appropriate course of action. In addition, the OHRM reviews the Reports of Investigations (ROIs) and all other relevant documents and provides feedback on the appropriate action to hold employees accountable.

Title VI and VII Compliance Reviews:

- During FY 2017, the AMS CRP forwarded AMS's FY 2017 Title VI and VII Compliance Review Schedule to OASCR's Compliance, Policy, and Training Division on October 31, 2016.
- The CRP met its FY 2017 goal and completed its Title VII compliance review of the Agency's Commodity Procurement Staff in February 2017, and Transportation Marketing (T&M) Program in August 2017. CRP made a series of training recommendations to Commodity Procurement and T&M management and gave them 90 days to implement and submit a report noting all corrective actions. Commodity Procurement completed the corrective actions in July 2017. As of the date of this report, T&M is completing all of the required corrective actions.
- The Title VI compliance review process establishes the requirements for Civil Rights Program, employees, and recipients who implement AMS programs and services. During FY 2017, the AMS CRP exceeded its FY 2017 goal and completed three Title VI compliance reviews: AMS Management and Analysis Program (MAP); Commodity Procurement Staff; and the Livestock, Poultry and Seed's Country of Origin Labeling (COOL) Program. All corrective actions CRP identified were completed in FY 2017.
- AMS CRP forwarded a copy of all completed FY 2017 Title VI and VII compliance review reports, as well as completed corrective actions, to the OASCR's Compliance Division, on August 7, 2017.

Element D. Proactive Prevention

(This element requires that the Civil Rights Director assist senior level Agency managers in identifying and eliminating barriers to employment, and encourage senior management to utilize ADR.)

- AMS received a Departmental Award in recognition for commendable efforts in Employment Alternative Dispute Resolution in FY 2017. This award recognizes exceptional contribution and/or achievements in Alternative Dispute Resolution in the practice of ADR, providing training in ADR, and promotion of the use of ADR in resolving EEO related workplace disputes.
- AMS significantly increased the use of ADR in both the informal and formal EEO complaint processing stages this fiscal year. Specifically, out of the five pre-complaints all (or 100%) participated in ADR. Out of the 18 formal complaints, seven (or 39%) participated in ADR; and

six (or 86%) were settled in ADR. AMS will continued to offer employees ADR to resolve complaints during the informal and formal stages.

- The Agency also emphasized the use of ADR during numerous civil rights training session for employees and managers. During FY 2017, AMS conducted six conflict management training session training 283 managers/supervisor and 499 employees.
- The Agency also has an Early Intervention Program (EIP), Alternative Resolution, for non-EEO complaints. AMS proactively distributes information about this information via the Agency's Agricultural New and Information Service (AGNIS) and the AMS Voice AMS' e-newsletter. Nine employees used the Early Resolutions services for non-EEO cases this FY, all (or 100%) were resolved either through signed agreements or withdrawals.
- Monthly workforce profiles that include Disability and Veteran hires are distributed to the AMS Administrator and Deputy Administrators. The senior managers review and use these profiles in their recruitment strategy.
- The Civil Rights Director meets with AMS Administrator staff weekly and senior AMS Program managers quarterly to discuss EEO and CRP activities, address employee complaints, and to identify and eliminate barriers that impede free and open competition in the workplace and prevent members of any EEO group from realizing their full potential.

Additional activities include:

Reasonable Accommodations:

• In responding to reasonable accommodation requests, the CRP staff follows the USDA current reasonable accommodation procedures, Department Manual 4300-2, which have been in place since 2002. This ensures that AMS employees and applicants with disabilities are provided equal employment opportunities, while potentially reducing the number of overall complaints.

In FY 2017, the AMS processed and completed (temporary and ongoing) reasonable accommodation requests for 20 employees. The accommodations provided included the Agency providing equipment, leave, and telework. AMS Civil Rights Program also coordinated and conducted reasonable accommodation (RA) training sessions in March and June 2017, for AMS employees, supervisors, and managers.

In addition to the training this FY, the Agency established internal tools for employees, supervisors, and managers to simplify the RA paperwork. These AMS tools include a: 1) four-step written info for employees explaining how and where to submit an RA request, 2) fillable confirmation of request for an RA form (AD-1163), 3) fillable RA (approval) information reporting form (AD-1164), and 4) template for supervisors to record all topics discussed during the RA interactive session.

Alternative Dispute Resolution (ADR) Use:

• AMS continued to offer employees ADR participation to resolve complaints during the informal and formal stages. The Agency also emphasized the use of ADR during numerous

civil rights training sessions for employees and managers.

- The Agency continues to ensure that there are effective systems in place for evaluating the impact and effectiveness of AMS' EEO Program, as well as an efficient and fair dispute resolution process.
- AMS continued to use iComplaints to efficiently create, track, manage, and report on EEO complaint cased. This system was instrumental in ensuring the timely submission of the Annual Federal EEO Statistical Report of Discrimination Complaints (462 Report) provided to EEOC.
- AMS also continued inputting information into the ADR database (Entellitrak) to report on EEO formal and informal complaint cases in which mediation is elected by the complainant. This information tracks the effectiveness of AMS's ADR efforts.
- AMS had a dramatic decrease in the both the number of EEO pre-complaints filed and number of formal complaints filed. In FY 2017, five pre-complaints were filed, but only two progressed to the formal stage. AMS carried-over only 11 formal complaints into FY 2018. This is the lowest number of formal complaint carried over into the next fiscal year within the last five fiscal year.

MOU and Minority Institution Partnerships:

• AMS continues its efforts to establish partnerships and agreements to recruit and maintain its workforce with minority representation. Additional information about these activities are available via the section for FY 2017 Accomplishments.

On December 2, 2016, the Civil Rights Program coordinated the official signing ceremony for the Memorandum of Understanding (MOU) between Gallaudet University and AMS.

The Agency allocated \$40,000 to create cooperative partnerships with Minority Serving Institutions in order to establish Student Enrichment Internship Programs.

AMS successfully created its first cooperative partnership with Navajo Technical University, a land-grant tribal college and university, located in Crownpoint, New Mexico.

New Agency Onboarding Tool, Leadership Training, and Working Group:

• In FY 2017, the Agency also rolled out new tools, training, and a working group. Additional information about these activities are available via the section for FY 2017 Accomplishments.

The Agency also rolled out its new AMS Onboarding Passport and the Student Intern Handbook.

The Agency established a leadership development program, the AMS Leadership, Education and Development (LEAD) Program, focused on developing managerial core competencies and targeted leadership skills of mid-level AMS employees.

AMS established the *New and Emerging Professionals (NEP)* working group, which includes employees from all AMS Program areas. The NEP working group develops networks identifying developmental activities to guide and support new employees to grow and advance within AMS.

Element E. Efficiency

(This element requires that the Agency has sufficient staffing and funding to achieve: a model EEO program, track and monitor an effective EEO program, investigate complaints and investigations, implement a fair dispute resolution process, and implement an effective investigation and adjudication functions.)

The Agency continues to ensure that there are effective systems in place for evaluating the impact and effectiveness of AMS' EEO Program, as well as an efficient and fair dispute resolution process.)

- AMS continued to use iComplaints to efficiently create, track, manage, and report on EEO complaint cases. This system was instrumental in ensuring the timely submission of the Annual Federal EEO Statistical Report of Discrimination Complaints (462 Report) provided to EEOC.
- AMS also continued inputting information into the ADR database to report on EEO formal and informal complaint cases in which mediation is elected by the complainant. This information tracks the effectiveness of AMS's ADR efforts.
- AMS had a dramatic decrease in the both the number of EEO pre-complaints filed and number of formal complaints filed. In FY 2017, five pre-complaints were filed, but only two progressed to the formal stage. AMS carried-over only 11 formal complaints into FY 2018. This is the lowest number of formal complaint carried over into the next fiscal year within the last five fiscal year.

Informal and Formal Complaints:

• In FY 2017, AMS decreased the number of informal EEO complaints filed by 60% and the number of formal complaints filed by 80% in FY 2017. There were six informal complaints filed, but only two (or 33%) were converted into formal complaints. Compared to FY 2016, 15 informal complaints were filed, 6 were withdrawn or closed, and 10 filed formal complaints (or 67% filed), which includes 1 carry-over complaint from FY 2015.

Element F. Responsiveness and Legal Compliance

(This element requires that federal agencies are in full compliance with EEO laws and EEOC regulations, policy guidance, and other written instructions.)

Informal and Formal Complaints:

• In FY 2017, AMS decreased the number of informal EEO complaints filed by 60% and the number of formal complaints filed by 80% in FY 2017. There were six informal complaints filed, but only two (or 33%) were converted into formal complaints.

AMS successfully complied with the EEO statutes and regulations, policy guidance, and other applicable written instructions with respect to responsiveness and legal compliance.

For FY 2017, the Agency timely submitted all its reports and accomplishments to the EEOC and responded to EEOC directives and orders in accordance with instructions, time frames and deadlines. These included timely submission of the Annual EEOC Form 462 Report, No FEAR Act report, and there were no findings of discrimination. AMS also continues to seek ways to streamline internal processes and avenues to comply with EEOC's orders and directives in an efficient manner.

The Agency noted that the questions/issues below are not applicable (N/A) since AMS does not have these responsibilities, and continues to work within its boundaries for:

- The collection and tracking of AMS applicant flow data. AMS collaborates with the APHIS Human Resources (HR) Office for A-7 data table by permanent/temporary positions data (completed by HR), while the MD-715 A-7, A-9, A-11, B-7, B-9, and B-11 tables for FY 2017 (not completed by HR) were generated by the vendor of the eRecruit staffing system for the FY 2017 MD-715 annual report. AMS is working with APHIS/CTOD to obtain applicant and selectee data for completion of the A-12 and B-12 tables.
- <u>Holding contractors accountable</u> for delays in investigation processing times and monitoring and ensuring timelines for training are in compliance.

AMS does not implement investigations; these are completed by contract investigators who report to the Department's Employment Investigations Division. In FY 2017, the Agency did not use any contractors for counseling.

Additionally, while the Agency verifies required training for counselors, the Department verifies the completion of required training for the investigators.

- <u>Final Agency decisions</u> within 60 days of the complaint's request. FADs are not processed by the Agency. These are completed by the Department's Employment Adjudication Division (EAD). AMS continues to request that EAD forwards the FADs more timely.
- <u>Tracking recruitment efforts.</u> AMS tracks recruitment efforts with the assistance of APHIS HR. AMS also has a Hiring and Recruitment Functional Committee that is chaired by one of AMS's Deputy Associate Administrators.
- AMS's Reasonable Accommodation Procedures are not finalized. The Agency could not update its procedures until the USDA finalizes Departmental Reasonable Accommodation procedures. It is our understanding that this document is currently in the vetting process and may be completed in FY 2018. Until the USDA regulation is updated, the Agency will create a directive covering Reasonable Accommodation and Personal Assistance Service, and will provide a copy to EEOC.

BARRIER IDENTIFICATION AND ELIMINATION

(Barrier identification and elimination is the process by which agencies uncover, examine and remove barriers to equal opportunity and participation at all levels of the workforce.)

Assessment of Workforce

AMS conducted an assessment of its workforce in last year's EEO Program Status Report (EEOC Form 715-01). To date, the Agency remains slightly less than the expected participation rate in the following races/gender categories in its permanent workforce: White females, Hispanic males and females, and Native Hawaiian or Other Pacific Islander males and females. In its total workforce, the Agency remains slightly less than the expected participation rate in White males and females, Asian males and females, American Indian/Alaska Native males, and Native Hawaiian or Other Pacific Islander males and females.

Barrier Analysis

AMS identified possible triggers which are included in Part I of this Report.

Determination of Objectives

Based on the workforce assessment and barrier analysis contained in the EEO Program Status

Report (EEOC Form 715-01) submitted for FY 2016, AMS identified the following objectives: 1) close the gaps where less than the expected participation rate exists in the populations listed above specifically White males and females, Hispanic males and females, Asian females and Native Hawaiian or Other Pacific Islander males and females; and 2) increase the representation of individuals with targeted disabilities and Veterans. The Agency took the following actions to implement these objectives.

AMS's goals are to close the gaps where less than the expected participation rates exist in the populations listed above through its recruitment efforts and by working with selecting officials to increase representation in areas where low participation rates exist in both its permanent and total workforces. In addition, AMS has hiring goals of new veterans to the Federal workforce comprising 25% of its new hires, individuals with disabilities comprising 10%, and achieving a total workforce composed of 12% for individuals with disabilities and 4% of individuals with targeted disabilities.

The Agency has developed relationships with numerous organizations focused on serving diverse communities, such as student, military, and minority groups, and maintains ongoing recruiting and relationship-building activities. To attract a diverse candidate base to full-time and internship positions, representatives of the Agency attend career fairs, post job announcements on websites, conduct targeted mass mailings, and otherwise partner with these organizations. AMS has hiring checklists in place for both interns and permanent hires to ensure all avenues for diverse recruitment are explored for any position that comes available.

AMS has made progress in increasing its representation in its populations that have less than the expected participation rates as follows.

In FY 2017, AMS hired 114 permanent employees; 75 hires (or 65.79%) of which were males and 39 hires (or 34.21%) were females. AMS increased its diversity by hiring into its permanent workforce 51 white males (44.74%), and 18 White females (15.79% of the hires). Nine (9) Hispanic males (7.89% of the hires), 4 Hispanic females (3.51% of the hires), two Asian males (1.75% of the hires, and 5 Asian females (4.39% of the hires) were also brought onboard. Asian females were hired above their CLF of 1.93%; and Hispanic males were hired above their CLF of 5.17%.

AMS participated in three *USDA Pathways Onsite Application Acceptance Events*, at University of Maryland, Baltimore Campus (UMBC), North Carolina State University and Tuskegee University. AMS advertised 18 positions, including Recent Graduate and Internships, which resulted in 10 new hires.

Despite challenges relating to the hiring freeze, AMS hired 27 summer interns. The Agency participated in new minority-serving third-party programs, resulting in a first time AMS hire through the Thurgood Marshall College Fund Program and a first time AMS hire through USDA's cooperative partnership with the University of the Virgin Island. AMS continued to support the Hispanic Association of Colleges and Universities (HACU) by hiring five HACU interns. In addition, AMS hired an Asian American intern from the *Conference on Asian Pacific American Leadership* (CAPAL) and a Native American intern through the strategic partnership and an inter-

agency agreement with APHIS.

AMS also participated in the Pathways Presidential Management Fellowship (PMF) Program, resulting in the first AMS Pathways PMF Rotational Assignment. The 6-month rotational assignment is paid for by the fellow's home agency, generating a salary and benefits costs savings to AMS of over \$45,000.

The Agency allocated \$40,000 to create cooperative partnerships with Minority Serving Institutions in order to establish Student Enrichment Internship Programs. AMS successfully created its first cooperative partnership with Navajo Technical University, a land-grant tribal college and university, located in Crownpoint, New Mexico.

AMS has the goal of achieving a total workforce composed of 4% of individuals with targeted disabilities. This fiscal year, AMS hired a total of 45 individuals with disabilities, of which 11 have targeted disabilities. In FY 2017, individuals with targeted disabilities represented 2.44% of the AMS's total workforce, which is an improvement over the Agency's 1.02% from the previous fiscal year. This is also a .44% increase higher than the "Federal Government High" of 2.00%. Two individuals with targeted disabilities were hired into the Agency's permanent full-time workforce during FY 2017. In addition, two individuals with targeted disabilities were hired into the Agency's temporary full-time workforce during FY 2017.

Additionally, on December 2, 2016, the official signing ceremony for the Memorandum of Understanding (MOU) between Gallaudet University and AMS was hosted at the university. Gallaudet University is the premier institution of learning, teaching and research for deaf and hard-of-hearing students. Former AMS Administrator Elanor Starmer was accompanied by nine employees from AMS, FAS, and the Department in support of the MOU. The USDA Deaf and Hard of Hearing Employee Association, Acting President and Secretary attended as well. Later in the fiscal year, Karen Cook, Director, Gallaudet Career Center, and Monic Gavin, Employer Relation Specialist, provided a briefing to our senior leadership covering an overview of the university, student demographics, relevant major programs and types of previous internships held by their students and examples of organizations that are employing their graduates.

In FY 2017, AMS hired a total of 37 (or 6.20%) veterans to its workforce. Of the 37 veterans hired this fiscal year, 7 (or 1.17%) were disabled veterans. One hundred percent (100%) of the disabled veterans hired were permanent hires. There was an increase in promotions for veterans from thirty-five (35) in Fiscal Year 2016 to fifty-three (53) in Fiscal Year 2017, a gain of 51%. While the Agency has not met the 25 percent hiring goal, AMS continues to increase its efforts to recruit and hire veterans to its workforce each fiscal year.

FY 2018 PLAN TO ELIMINATE BARRIERS/DEFICIENCIES

In FY 2018, AMS will continue to strive towards its goal to have a Model EEO Program. The following actions will be taken to overcome deficiencies and to eliminate barriers:

1. Conduct Compliance Reviews:

AMS will increase its compliance reviews conducted and completed in FY 2018, both internally and with its external customers.

2. Collaborate with Human Resources (HR) on Workforce Diversification:

AMS will set up working groups with HR, Associate Deputy Administrators, and Resource Management Officers to discuss applicant flow data, hiring, exit interviews, recruitment efforts, training, and other related issues. AMS will also work with HR to review policies, procedures and practices in order to conduct barrier analyses for targeted groups.

3. Alternative Dispute Resolution (ADR):

AMS will increase ADR awareness and continue to conduct refresher training for its Resolving Officials and ADR training for employees to increase ADR participation.

4. Focus Groups

AMS will conduct quarterly focus group sessions during FY 2018.

6. Diversity and Inclusion

AMS will continue to utilize its Hiring, Recruitment, and Functional Committee to address recruiting, hiring, and retaining a diverse AMS workforce. The Agency will also implement limited English proficiency (LEP) plans for its conducted and assisted programs, focusing its efforts in contracting Agency-wide language assistance services.

ACCOMPLISHMENTS FOR FY 2017 PLAN

Some accomplishments for the action items noted in last year's EEO Program Status Report to overcome deficiencies and to eliminate barriers are as follows:

1. Conduct Compliance Reviews:

AMS increased its compliance reviews conducted and completed in FY 2017 to include Title VI and Title VII.

Employment (Title VII) Compliance Reviews: The Civil Rights Program (CRP) met its FY 2017 goal and completed its Title VII compliance review of the Agency's Commodity Procurement Staff in February 2017, and Transportation Marketing (T&M) Program in August 2017. CRP made a series of training recommendations to Commodity Procurement and T&M management and gave them 90 days to implement and submit a report noting all corrective actions. Commodity Procurement completed the corrective actions in July 2017. As of the date of this report, T&M is completing all of the requested corrective actions.

• Program (Title VI) Compliance Reviews: During the third quarter of FY 2016, the AMS Civil Rights Program completed the development of new guidance, requirements, and a reviewer survey (compliance review process) for its Title VI civil rights compliance reviews. The process covers review requirements for CRP, employees, and recipients who implement AMS programs and services. CRP staff requested that the new process be reviewed by its AMS Management and Analysis Program, formally known as the Compliance and Analysis Program staff, who concurred with the guidance and requirements.

During FY 2017, the AMS CRP exceeded its FY 2017 goal and completed three Title VI compliance reviews: AMS Management and Analysis Program (MAP); Commodity Procurement Staff; and the Livestock, Poultry and Seed's Country of Origin Labeling (COOL) Program. All corrective actions were completed in FY 2017, and forwarded to the OASCR Compliance Division in August 2017.

• Specialty Crop Block Grant Program (SCBGP) Compliance Reviews: Conducted for grant-specific compliance or for the terms and conditions of the SCBGP grant awards. At the end of FY 2017, the SCBGP performed a total of 11 site visits/compliance reviews.

2. Collaborate with Human Resources (HR) on Workforce Diversification:

AMS set up working groups with HR, Associate Deputy Administrators, and Resource Management Officers to discuss applicant flow data, hiring, exit interviews, recruitment efforts, training, and other related issues.

• AMS held its first virtual town hall from 2:00-3:00 p.m. on Friday, November 18, 2016. The Agency's Administrator, Associate Administrator, and a select panel of Deputy Administrators

attended to answer employees' questions about the future of AMS, the Agency's transition plans, top priorities in FY 2017, and employee engagement efforts. There was a 30-minute live question-and-answer session, at which time employees logged in and received responses to their questions in real time.

- The CRP began receiving monthly training reports in FY 2017 from Marketing and Regulatory Programs, Human Resources (MRP-HR) Data Resource Center for AMS employees. This is a new initiative with the Animal and Plant Health Inspection Service (APHIS) Center for Training and Organization Development (CTOD) to track training participation throughout the year. In May, 2017 the CRP developed a mid-year training report that showcased training participation data for employees by RSNOD and grade levels.
- AMS held an Individual Development Plan and Career Development Brown Bag training event from 11:00 a.m. 12:30 p.m. on January 24, 2017. The session was facilitated by James Alexander, Training Specialist from APHIS, who explained how to construct an IDP, the requirements of an IDP, what resources are available to assist employees in this process, and the SharePoint site specifically designed as a career and IDP planning tool. An in-person live session was held at Headquarters and a live webinar was also conducted for those who could not attend in person.
- On March 30, 2017, the Marketing and Regulatory Program (MRP) Human Resources Division (HRD) held a one-hour Town Hall for AMS supervisors that was hosted via webinar to allow all supervisors to participate regardless of their location. The agenda included the following topics: "Hiring Freeze Lessons Learned and Best Practices for the Future"; and "Employee Relations Update Rise in Serious Misconduct Cases." The webinar was also recorded for anyone who was unable to join.
- The Agency established a leadership development program, the AMS Leadership, Education and Development (LEAD) Program which is a new year long training program focused on developing managerial core competencies and targeted leadership skills of mid-level AMS employees. The program is designed to help provide a leadership pipeline and talent pool aligned with AMS's strategic and human capital goals. To promote diversity, inclusion, and equity in the program, the selection committee consisted of Deputy Administrators and Staff Directors or their designees. There are two cohorts with a total of 40 employees being selected. Each program area was represented by at least one employee.
- The Agency had planned to attend several direct hiring events in the form of career fairs, conferences, etc. with the MRP, Hunan Resources Division. However, due to the 90-day hiring freeze,³ AMS participated in three events at the University of Maryland Baltimore Campus (UMBC), North Carolina State University and Tuskegee University. AMS advertised 18 positions, including Recent Graduate and Internships, which resulted in 10 new hires.
- On Aug. 23, 2017, AMS Special Emphasis Program Managers (SEPMs) attended a "Meet and Greet" with Acting Administrator Bruce Summers and APHIS Human

_

³ Note: A 90-day hiring freeze was instituted by Executive Order on January 23, 2017.

Resources Division Acting Deputy Director James Ivy. During the meeting the SEPMs were acknowledged for volunteering to assist the agency in the following areas: improving employment and advancement opportunities for their respective program areas; identifying systemic causes of discrimination through the hosting of focus groups and analysis of workforce data; and recognizing and seeking ways to help minorities, women and people with disabilities to advance in their careers.

- On September 28, 2017, the Marketing and Regulatory Program (MRP) Human Resources Division (HRD) held a Town Hall for AMS supervisors via webinar. The topics covered were the AMS and GIPSA merger, new HRD Leadership, hiring freeze exemption process, LincPass process, performance management dates and standards, NextGen AgLearn timeframe and resources, center for training and organization development resources,
- In addition, the CRP's Director met with the Agency's Acting Administrator monthly and the Deputy Administrators quarterly during FY 2017 to discuss workforce diversification.

3. Alternative Dispute Resolution (ADR):

AMS increased ADR awareness and provided training for employees to encourage participation in the process.

- AMS received a Departmental Award in recognition for commendable efforts in Employment Alternative Dispute Resolution in FY 2017. This award recognizes exceptional contribution and/or achievements in Alternative Dispute Resolution in the practice of ADR, providing training in ADR, and promotion of the use of ADR in resolving EEO related workplace disputes. The criteria for the ADR award include: 1) achieve outstanding results in resolving EEO related workplace disputes in both the informal and formal stage; 2) achieving a 90% or higher utilization rate of Entellitrak ADR portal in tracking ADR complaints; and 3) Promoting, encouraging, and utilizing the Secretary's ADR policy of resolving complaints at the lowest level
- The Agency emphasized the use of ADR during numerous civil rights training session for employees and managers. During FY 2017, AMS conducted 17 conflict management training session training 283 managers/supervisor and 499 employees.
- The Agency also has an Early Intervention Program (EIP), Alternative Resolution, for non-EEO complaints. AMS proactively distributes information about this information via the Agency's Agricultural New and Information Service (AGNIS) and the AMS Voice AMS' e-newsletter. Nine employees used the Early Resolutions services for non-EEO cases this FY, all (or 100%) were resolved either through signed agreements or withdrawals.
- The FY 2016 2018 Civil Rights Strategic Plan which aligns to the AMS Strategic Plan has a measurable goal for FY 2017, to utilize ADR for 34% of EEO informal complaints. AMS exceeded this goal with 100% of these complaints processed through ADR.

4. Focus Groups:

AMS conducted the following Roundtable Discussions and Career Development/Informational Workshops during FY 2017.

- AMS continued throughout the fiscal year to hold its Roundtable Discussions and Career Development/Informational Workshops. To increase employees' awareness and appreciation of diversity in the workplace, AMS Civil Rights Program in collaboration with the following Special Emphasis Program Managers (SEPM); Black/African American (AA), Asian American Pacific Islander (AAPI); Federal Women (FW), and Hispanic, hosted roundtable discussions.
 - On March 8th, the Federal Women (FW) Program Manager and AMS Affirmative Employment Program (AEP) Manager, held two sessions for women, non-supervisory with 48 participants and supervisory with 22 participants.
 - On May 31th, the Asian American/Pacific Islander (AAPI) Program Managers along with the AMS AEP Manager held a roundtable discussion with the AAPI employees. Even though participation was not as expected for AMSs AAPI employees the discussion was insightful.
 - On June 28th, the African-American/Black Employment Program (AAEP) manager and AMS AEP Manager held two sessions for African-American employees, non-supervisory with 40 participants and supervisory with 10 participants.
 - o On June 26th, the Hispanic Employment Program Manager and AMS AEP Manager hosted a combined session for the Hispanic employees.
 - O During the sessions, employees were provided an opportunity to discussion perceptions, attitudes, and recommendations within the Agency relative to each group.
- On February 9, 2017, the (AAEP) manager hosted the Effective Federal Resume Workshop.
 Wanda Bryant, Senior Executive Service Candidate Development Program Manager, facilitated the workshop. Participants learned how to market themselves and tips for effective resumes.
- On April 20, 2017, the FW SEPM, collaborated with Rene Redwood, CEO, Redwood Enterprise, LLC to host the Value of Networking, Coaching, and Mentorship Workshop. The workshop covered how to identify the value of networking as a way to expand your knowledge and learn from the success of others. Participants were challenged to see themselves as mentors, "Each One, Teach One" and learned the benefits of using a coach
- On June 27, 2017, AMS held its annual Administrator's Awards Ceremony. Last year, AMS added three new award categories Administrative Services Delivery, Employee Engagement, and Information Technology Services. The three new categories allowed the AMS Administrator to recognize more employees for their outstanding accomplishments that help the Agency deliver our mission every day. A total of 12 AMS teams were recognized in FY 2016 and 16 teams in FY 2017 totaling 193 AMS employee receiving an award. The Agency also rolled out its new AMS Onboarding Passport and the Student

Intern Handbook. .

5. Special Emphasis Programs:

- For the second consecutive year, the Agency allocated a separate budget to support the Agency's Special Emphasis Program which resulted in four newly appointed Special Emphasis Program Managers (SEPM) being certified as SEPM by EEOC. Additionally, six of the eight SEPMs represented the Agency at their annual affinity group training conferences in which they conducted outreach by hosting a booth or increasing awareness by facilitating workshops. The SEPMs also attended various workshops where they gained knowledge and best business practices pertaining to their program areas.
- AMS also sent employees to the major special emphasis programs' national training conferences during FY 2017. Specifically, AMS sent 8 employees to the Federal Employed Women National Training Conference in New Orleans, Louisiana; 10 employees to the Blacks in Government National Conference in Atlantic City, New Jersey; employees also attended the League of United Latin American Citizens in San Antonio, Texas, Hispanic Association of Colleges and Universities National Training Conference in San Diego, California, Society of American Indian Government Employees National Training Conference in Scottsdale, Arizona; Minorities in Agriculture, Natural Resources and Related Sciences in Pittsburgh, Pennsylvania; and Out and Equal Workplace Summit in Philadelphia, Pennsylvania. AMS' overall financial investment to send AMS employees to these diversity training and awareness national training conferences was over 36,000.
- On October 27, 2016, the Veterans Employment Program Manager (VEPM) assisted and attended the USDA Department-Wide Veterans' Day Observance and an AMS employee served as the Mistress of Ceremony. The theme for FY 2017 was "Courage."
- On December 2, 2016, the Civil Rights Office coordinated the official signing ceremony for the Memorandum of Understanding (MOU) between Gallaudet University and AMS. Former AMS Administrator Elanor Starmer was accompanied by 9 employees from AMS, FAS, and the Department in support of the MOU. USDA Deaf and Hard of Hearing Employee Association, Acting President and Secretary attended as well.
- On January 26, 2017, the Civil Rights Program and AMS' Black/African American Employment Program Manager, coordinated a volunteer opportunity at the SOME (So Others Might Eat) organization. Seven AMS volunteers loaded bags of food and sorted crates of non-perishable food items, while building comradery and giving their time to a great cause.
- On March 23, 2017, FW SEPM attended and assisted with the Department's Women's History Month Celebration. Deputy Administrator Dana Coale was selected to provide the opening remarks. Additionally, Deputy Administrator Sonia Jimenez and Deputy Director Rose Satterfield were mentors during the Flash mentoring session in which approximately 91 USDA employees were in attendance. Additionally, AMS sponsored the event by providing \$200 toward the performers' honorarium.

- On May 14 19, 2017, AAPI SEPMs attended the Federal Asian Pacific American Council (FAPAC) annual National Leadership Training (NLT) Program which was the premier training destination for federal employees including DC government and military. It provided training in leadership, diversity and inclusion/EEO, and career advancement and management. The theme this year provided a single focus for all AAPIs to *Unite by Speaking Together*. This theme encouraged the various AAPI communities to join together to overcome misconceptions and stereotypes about the vibrant and diverse AAPI community. AMS leadership and employees were at the forefront of the NLT Federal Day as Clifton Gilchrist provided opening remarks followed by a presentation entitled, "Civil Treatment Is Imperative to Organizational Performance "by Charmin Rickards. Additionally the agency provided \$5000.00 toward the 2017 Federal Asian Pacific American Council (FAPAC) sponsorship where AMS staffed an outreach table where over 500 attendees learned about AMS programs.
- On July 4 7, 2017, the Agency attended The League of United Latin American Citizens (LULAC) Emerge Conference and Career Fair. This event specifically targeted the Hispanic community. Overall, outreach to this group was to over 15,000 participants. During the conference, the Agency's Hispanic representative conducted four presentations to over 150 participants about diversity, leadership, and professional growth. Additionally, the representative was invited to be a panelist to share his experience, perspective, and valuable tools he utilized as a former intern. During the conference, in collaboration with the Department, AMS hosted two exhibit tables in which 500 participants learned more about the mission and job opportunities at AMS.
- On August 24, 2017, Erin Morris, Associate Administrator, served on the mentoring panel for the USDA Women's Equality Day event. Topics discussed included "Taking Charge of Your Career", "Building a Reputation", "Seeing Success in Yourself", "Healthy Women Lead", and an open Q&A period.

6. Diversity and Inclusion:

AMS continued to utilize its Hiring, Recruitment, and Functional Committee (HRFC) to address recruiting, hiring, and retaining a diverse AMS workforce. The role of being a member of the HRFC is in part to share information with the members' Programs, identify positions for Pathways, plan for future hires, and the avenues for hiring. All of the SEPMS attended Departmental, AMS SEPMs, and Hiring and Recruitment Functional Committee (HRFC) meetings during FY 2017.

- In FY 2017, the Agency continued working with OASCR representatives to: 1) seek approval of its Agency assisted program LEP plan, and 2) identify the AMS Program that may fit within the conducted program status. OASCR will notify AMS once they have reviewed the Agency's documentation.
- AMS sponsored an Effective Resume Writing Workshop on February 9, 2017. The workshop covered best practices for writing an effective federal resume that highlights strengths and weaknesses. During the workshop, participants learned, among other things, important information to include or exclude on a resume, best practices for describing an applicant's experience, and how to communicate veteran-specific information.

- In the second quarter of FY 2017, AMS instituted mandatory diversity training in AgLearn for all employees. The one-hour training session was entitled, "Managing Workforce Generations: Introduction to Cross-Generational Employees." Employees without access to a computer were provided with hard copies. At the end of FY 2017, 94.7% of AMS's employees and 100% of AMS's Senior Leadership had completed the training.
- AMS actively promotes open and direct communication and offers numerous opportunities for employees to provide ongoing feedback. Initiatives were implemented as a result of comments, recommendations, and suggestions generated from employees during Focus Group sessions and through the Agency's "What a Great Idea" Program. Some of these initiatives were the New Employee Handbook, Student Intern Handbook and Veteran's employment page, which was added to the AMS career opportunities website.
- During FY 2017, AMS created an onboarding passport. This passport was designed for all new AMS employees and will be used to facilitate the onboarding process, information about AMS' mission, culture, and expectations and track the Agency's onboarding progress.
- AMS established the New and Emerging Professionals (NEP), working group which includes employees from all AMS Program areas. NEP helps create an inclusive environment for new headquarters and field employees by sharing resources, developing networks, identifying developmental activities to guide and support new employees to grow and advance within AMS. NEP also supports and guides new employees to be empowered to become involved in the Agency's initiatives and activities. AMS employees hired within the last five years are encouraged to join the NEP. However, all AMS employees are welcome to join the working group.
- In addition, the Agency hosted two successful employee engagement events to display its workforce diversity and diverse services. Both events were spearheaded by the Headquarters Employee Engagement Advisory Council, which was formed to encourage esprit de corps among employees working in the DC area. On October 12, 2016, the Agency hosted AMS Diversity Day. The purpose of AMS Diversity Day was to celebrate our diverse backgrounds and how we all work as one. It featured all of the Agency's special emphasis programs displaying interactive/informational booths that engaged over 300 employees. There were remarks from Dr. Joe Leonard, former Assistant Secretary for Civil Rights and former Administrator, Elanor Starmer. The SEPMs focused on historic and modern food/agriculture contributions as well as educated and conducted outreach as it pertains to their programs. Additionally, the SEPMs highlighted their purpose, value, future goals, education, exposure to programs and connections to food and agriculture.

Team AMS Day was held on September 12, 2017 and showcased the work of AMS Programs and how each Program ties into the mission and strategic plan of AMS. Over 300 employees attended this event that increased awareness of the core AMS programs with an emphasis on the value of the diversity of services and opportunities for employee engagement and commitment. The exhibits and demonstrations allowed fellow team members the ability to learn and develop a deeper appreciation for the services,

ı					
	accomplishments, and improvements that each program contributes daily to Team AMS.				
	These two events enhanced the Agency's appreciation for cultural diversity within the workforce as well as the services and accomplishments that each program contributes to food and agriculture for the continued success of Team AMS. The Agency strives to strengthen opportunities for future collaboration among employees and programs.

The agency has conducted an annual self-assessment of Section 717 and Section 501 programs against the essential elements as prescribed by EEO MD-715. If an essential element was not fully compliant with the standards of EEO MD-715, a further evaluation was conducted and, as appropriate, EEO Plans for Attaining the Essential Elements of a Model EEO Program, are included with this Federal Agency Annual EEO Program Status Report.

The agency has also analyzed its work force profiles and conducted barrier analyses aimed at detecting whether any management or personnel policy, procedure or practice is operating to disadvantage any group based on race, national origin, gender or disability. EEO Plans to Eliminate Identified Barriers, as appropriate, are included with this Federal Agency Annual EEO Program Status Report.

I certify that proper documentation of this assessment is in place and is being maintained for EEOC review upon request.

REPORT OF ACCOMPLISHMENTS and MODIFICATIONS TO OBJECTIVE

All of USDA has transitioned and is using eRecruit. AMS continued to collaborate with its Human Resources (HR) Office in developing a system to collect and track applicant flow data. Developments to break out the A-7 table by permanent/temporary positions were completed, and the completed MD-715 A-7, A-9, A-11, B-7, B-9, and B-11 tables for FY 2016 were generated by the vendor of the eRecruit staffing system for the FY 2016 MD-715 annual report. Tables A-12 and B-12 also were submitted, but

were not filled in.

The only incomplete tables remaining in FY 2017 were the A-12 and B-12 tables. AMS is able to pull data on the number of persons who participated in career development programs, and the A-12 and B-12 tables submitted for FY 2017 have this information. HR is able to pull data for the applicants to the career development programs, and the A-12 and B-12 tables have this information included in the FY 2017 Report as well. Data for the relevant applicant pool Relevant Applicant Pool (all employees in the next lower pay grade and in all series that qualify them for the position announced) was not collected in FY 2017. AMS will continue to work with HR to create a system where the Relevant Applicant Pool data can be included in future A-12 and B-12 tables.

In addition, NFC has not configured its data so that the number and names of individuals who are PWTDs match in all of its sites in the NFC (for example, the number of PWTDs in the B1 tables does not match those in the Minority Profile table), which further impairs the ability of AMS to complete all the new Part J sections dealing with PWDs and PWTDs. This is an issue that NFC will need to correct.

NOTE: The revisions to the **USDA Regulations on Reasonable Accommodations** have been sent to the Equal Employment Opportunity Commission (EEOC) for their review, but **were not approved in FY 2017.** AMS will receive a copy when it is finalized and approved. Subsequently, AMS will update its current internal procedures, based on the DM 4300-002 2002 directive, to create a new policy/procedure, which will include the new AMS Personal Assistance Service.

In FY 2017, AMS:

- Forwarded its internal reasonable accommodation (RA) procedures and DR 4300-002 to employees via its AMS Voice newsletter.
- Provided RA procedures during separate RA Training sessions, presented by OGC, for employees and supervisors on March 29, 2017, and June 7, 2017.
- Tracked Agency RA trends, policies, problems, and managerial issues, which were used to develop internal tools and templates for AMS employees and supervisors (below).
- Prepared internal tools to assist Agency staff/supervisors in the RA process. These AMS tools include a: 1) four-step written info for employees explaining how and where to submit an RA request, 2) fillable confirmation of request for an RA form (AD-1163), 3) fillable RA (approval) information reporting form (AD-1164), and 4) template for supervisors to record all topics discussed during the RA interactive session. The tools have simplified and assisted AMS employees and staff through the RA process.

In FY 2018-2019, AMS will add the Agency's RA procedures on its web site/Internet, continue RA training for all employees and supervisors, and provide the RA procedures to new employees during orientation/Civil Rights training.

The USDA, OASCR, Employment Investigation Division (EID) investigates all EEO complaints of alleged discrimination. We have been meeting with EID on a regular basis to address challenges with completing all investigations within the regulatory timeframe. We are pleased to mention that progress was made in FY 2017. In FY 2017, all investigations were completed within the regulatory time frame. Five of the eight investigations were completed within 180 days. Three cases were amended so the timeframe to complete the investigations was extended to 180 – 360 days and these investigations were also completed within the regulatory time frame. AMS will also meet with the Employment Complaints Division (ECD) quarterly to insure cases are reviewed and accepted/dismissed in a most efficient and timely manner.

U.S. Equal Employment Opportunity Commission FEDERAL AGENCY ANNUAL EEO PROGRAM STATUS REPORT

Agricultural Marketing Service	FY 2017
STATEMENT OF CONDITION THAT WAS A TRIGGER FOR A POTENTIAL BARRIER: Provide a brief narrative describing the condition at issue.	The Agency has slightly less than the expected participation rate for White males and females, Hispanic males and females, Asian females, and Native Hawaiian or Other Pacific Islander males and females in its permanent workforce.
How was the condition recognized as a potential barrier?	This condition was recognized as a potential barrier through the review of workforce statistics, CLF data, and an analysis of the MD-715 workforce tables.
BARRIER ANALYSIS: Provide a description of the steps taken and data analyzed to determine cause of the condition.	AMS workforce data was analyzed by comparing the participation rates of all racial and ethnic groups in the AMS workforce and through an examination of applicant data in the mission-critical occupations, separation rates, and complaints data.
	White Males:
	The participation rate of White males was compared to White males in the Civilian Labor Force (CLF). This revealed that the percentage of White males in the AMS permanent workforce (39.20) is slightly above the CLF of 38.33%. AMS is 0.87% above the CLF for White males.
	190 White males (or 38.46 of Officials and Managers) are employed as Officials and Managers. Out of the 11 SES positions at AMS, White males occupy 5 (or 45.45%) of these positions.
	Out of the six mission-critical occupations in AMS, the participation rate of White males was higher than the Occupational or Relevant CLF (RCLF) in 4 (or 50%) of the mission-critical occupations.

In FY 2017, AMS's separation rate for White males was 31.61%. There were 47 voluntary separations of White males from AMS, which represents 30.32% of the separations. There were 2 involuntary separations of White males from AMS, which represents 1.29% of the separations. By comparison, in the total workforce, AMS had 155 separations, 7 of which were involuntary.

White Females:

The participation rate of White females was compared to White females in the Civilian Labor Force (CLF). This revealed that the percentage of White females in the AMS permanent workforce (27.74%) is slightly below the CLF of 34.03%. AMS is within 6.29% of the CLF among White females.

128 White females (or 25.91% of Officials and Managers) are employed as Officials and Managers. Out of the 11 SES positions at AMS, White females occupy 2 (or 20%) of these positions.

Out of the six mission-critical occupations in AMS, the participation rate of White females was higher than the Occupational or Relevant CLF (RCLF) in 2 (or 33.33%) of the mission-critical occupations.

20% the bases of the formal complaints filed in FY 2015 alleged discrimination on the basis of sex (female).

In FY 2017, AMS's separation rate for White females was 33.55%. There were 50 voluntary separations of White females from AMS, which represents 32.25% of the separations. There were 2 involuntary separations of White females from AMS, which represents 1.29% of the separations. By comparison, in the total workforce, AMS had 155 separations, 7 of which were involuntary.

Barrier Analysis for Hispanics in GS-12 through SES grade levels (as requested).

At the GS-12 level, Hispanic males occupy 15 (or 5.42%) and Hispanic females occupy 5 (or 1.81%) of 277 positions.

At the GS-13 level, Hispanic males occupy 10 (or 3.56%) and Hispanic females occupy 7 (or 2.49%) of 281 positions.

At the GS-14 level, Hispanic males occupy 3 (or 2.52%) and Hispanic females occupy 1 (or 0.84%) of 119 positions.

At the GS-15 level, no Hispanics occupy any of the 52 positions.

At the SES level, a Hispanic female occupies one (or 11.11%) of 9 positions.

Hispanic Males:

The participation rate of Hispanic males was compared to Hispanic males in the Civilian Labor Force (CLF). This revealed that the percentage of Hispanic males in the AMS permanent workforce (4.70%) is slightly below the CLF of 5.17%. AMS is within 0.47% of the CLF among Hispanic males.

20 Hispanic males (or 4.05% of Officials and Managers) are employed as Officials and Managers. Hispanic males do not occupy any of the 11 SES positions at AMS.

Out of the six mission-critical occupations in AMS, the participation rate of Hispanic males was higher than the Occupational or Relevant CLF (RCLF) in 2 (or 33.33%) of the missions-critical occupations.

In FY 2017, AMS's separation rate of Hispanic males was 7.10%. There were 10 voluntary separations of Hispanic males from AMS, which represents 6.45% of the separations. There was 1

involuntary separation of a Hispanic male from AMS, which represents 0.65% of the separations. By comparison, in the total workforce, AMS had 155 separations, 1 of which were involuntary.

Hispanic Females:

The participation rate of Hispanic females was compared to Hispanic females in the Civilian Labor Force (CLF). This revealed that the percentage of Hispanic females in the AMS permanent workforce (3.50%) is below the CLF of 4.79%. AMS is 1.29% below the CLF among Hispanic females.

13 Hispanic females (or 2.63% of Officials and Managers) are employed as Officials and Managers. Out of the 11 SES positions, Hispanic females occupy 1 (or 10%) of these positions.

Out of the six mission-critical occupations in AMS, the participation rate of Hispanic females was higher than the Occupational or Relevant CLF (RCLF) in 3 (or 50%) of the mission-critical occupations.

In FY 2017, AMS's separation rate of Hispanic females was 3.23%. There were 5 voluntary separations of Hispanic females from AMS, which represents 3.23% of the separations. There was no involuntary separation of a Hispanic female from AMS. By comparison, in the total workforce, AMS had 155 separations, 7 of which were involuntary.

Asian Females:

The participation rate of Asian females was compared to Asian females in the Civilian Labor Force (CLF). This revealed that the percentage of Asian females in the AMS permanent workforce (1.70%) is slightly below the CLF of 1.93%. AMS is within 0.23% of the CLF among Asian females.

5 Asian females (or 2.69% of Officials and Managers) are employed as Officials and

Managers. Out of the 11 SES positions, an Asian female occupies 1 (or 10%) of these positions.

Out of the six mission-critical occupation in AMS, the participation rate of Asian females was higher than the Occupational or Relevant CLF (RCLF) in 5 (or 60.33%) of the mission-critical occupations.

In FY 2017, AMS's separation rate of Asian females was 1.93%. By comparison, in the total workforce, AMS had 155 separations, none of which were involuntary.

<u>Native Hawaiian or Other Pacific Islander</u> <u>Males:</u>

The participation rate of Native Hawaiian or Other Pacific Islander males was compared to Native Hawaiian or Other Pacific Islander males in the Civilian Labor Force (CLF). This revealed that the percentage of Native Hawaiian or Other Pacific Islander males in the AMS permanent workforce (0.03%) is slightly below the CLF of 0.07%. AMS is within 0.04% of the CLF among Native Hawaiian or Other Pacific Islander males.

There were no Native Hawaiian or Other Pacific Islander males (or 0.00% of Official and Managers) are employed as Officials and Managers. Native Hawaiian or Other Pacific Islander males do not occupy any of the 11 SES positions at AMS.

Only one Native Hawaiian or Other Pacific Islander male occupied one of the six mission-critical occupations in AMS.

There were no separations, voluntary or involuntary, of any Native Hawaiian or Other Pacific Islander males from AMS during FY 2017. By comparison, in the total workforce, AMS had 155 separations, none of which were involuntary.

Native Hawaiian or Other Pacific Islander

	Ī
	Females:
	The participation rate of Native Hawaiian or Other Pacific Islander Females was compared to Native Hawaiian or Other Pacific Islander females in the Civilian Labor Force (CLF). This revealed that the percentage of Native Hawaiian or Other Pacific Islander females in the AMS permanent workforce (0.03%) is slightly below the CLF of 0.07%. AMS is within 0.04% of the CLF among Native Hawaiian or Other Pacific Islander females.
	One Native Hawaiian or Other Pacific Islander females is employed as Officials and Managers at AMS. Native Hawaiian or Other Pacific Islander females do not occupy any of the 11 SES positions at AMS.
	Native Hawaiian or Other Pacific Islander females do not occupy any of the six mission-critical occupations in AMS.
	There were no separations, voluntary or involuntary, of any Native Hawaiian or Other Pacific Islander females from AMS during FY 2016. By comparison, in the total workforce, AMS had 155 separations, none of which were involuntary.
STATEMENT OF IDENTIFIED BARRIER: Provide a succinct statement of the agency policy, procedure or practice that has been determined to be the barrier of the undesired condition.	No policy, procedure, or practice has been formally identified in FY 2017 as a potential barrier underlying the less than expected participation rates in AMS of any of the protected groups examined in this barrier analysis.
OBJECTIVE: State the alternative or revised agency policy, procedure or practice to be implemented to correct the undesired condition.	Conduct annual barrier analyses to investigate whether any policies, procedures, or practices are responsible for these triggers.

MD-715 – Part J

Special Program Plan for the Recruitment, Hiring, Advancement, and Retention of Persons with Disabilities

To capture agencies' affirmative action plan for persons with disabilities (PWD) and persons with targeted disabilities (PWTD), EEOC regulations (29 C.F.R. § 1614.203(e)) and MD-715 require agencies to describe how their plan will improve the recruitment, hiring, advancement, and retention of applicants and employees with disabilities. All agencies, regardless of size, must complete this Part of the MD-715 report.

Section I: Efforts to Reach Regulatory Goals

EEOC regulations (29 C.F.R. § 1614.203(d)(7)) require agencies to establish specific numerical goals for increasing the participation of persons with reportable and targeted disabilities in the federal government.

1. Using the goal of 12% as the benchmark, does your agency have a trigger involving PWD by grade level cluster in the permanent workforce? If "yes", describe the trigger(s) in the text box.

a.	Cluster GS-1 to GS-10 (PWD)	Yes	No X
b.	Cluster GS-11 to SES (PWD)	Yes 0 No X	

2. Using the goal of 2% as the benchmark, does your agency have a trigger involving PWTD by grade level cluster in the permanent workforce? If "yes", describe the trigger(s) in the text box.

a.	Cluster GS-1 to GS-10 (PWTD)	Yes	No X
b.	Cluster GS-11 to SES (PWTD)	Yes	No X

3. Describe how the agency has communicated the numerical goals to the hiring managers and/or recruiters.

AMS conducts internal compliance reviews of specific Agency Programs as a means of evaluating the Agency's effectiveness in fulfilling its civil rights obligations. AMS's Civil Rights Program provides monthly statistical tables relating to hires, promotions, separations, and workforce representation of PWD and PWTD to each of its Agency Programs' Deputy Administrators and to the Agency Administrator with the numerical goals listed.

Section II: Model Disability Program

Pursuant to 29 C.F.R. §1614.203(d)(1), agencies must ensure sufficient staff, training and resources to recruit and hire persons with disabilities and persons with targeted disabilities, administer the reasonable accommodation program and special emphasis program, and oversee any other disability hiring and advancement program the agency has in place.

A.Plan to Provide Sufficient & Competent Staffing for the Disability Program

1. Has the agency designated sufficient qualified personnel to implement its disability program during the reporting period? If "no", describe the agency's plan to improve the staffing for the upcoming year.

B. Plan to Ensure Sufficient Funding for the Disability Program

Has the agency provided sufficient funding and other resources to successfully implement the disability program during the reporting period? If "no", describe the agency's plan to ensure all aspects of the disability program have sufficient *funding* and other *resources*.

Yes X	No	

Section III: Plan to Recruit and Hire Individuals with Disabilities

Pursuant to 29 C.F.R. § 1614.203(d)(1)(i) and (ii), agencies must establish a plan to increase the recruitment and hiring of individuals with disabilities. The questions below are designed to identify outcomes of the agency's recruitment program plan for PWD and PWTD.

A. Plan to Identify Job Applicants with Disabilities

1. Describe the programs and resources the agency uses to identify job applicants with disabilities, including individuals with targeted disabilities.

AMS uses special hiring authorities to recruit, hire, and retain disabled veterans. The Agency provides outreach for recruitment efforts to recruit, hire, and retain individuals with disabilities, including individuals with targeted disabilities. In FY 2017, the Veteran Employment Program Manager attended various Operations War Fighter and Wounded Waniors sessions.

2. Pursuant to 29 C.F.R. § 1614.203(a)(3), describe the agency's use of hiring authorities that take disability into account (e.g., Schedule A) to recruit PWD and PWTD for positions in the permanent workforce.

Schedule A applicants forward their resumes to the Agency's Selective Placement Program Manager (SPPM), APHIS Human Resources for review. The SPPM maintains a file of the resumes and refers the Schedule A Applicants for consideration, when an appropriate AMS position becomes available.

3. When individuals apply for a position under a hiring authority that takes disability into account (e.g., Schedule A), explain how the agency (1) determines if the individual is eligible for appointment under such authority and (2) forwards the individual's application to the relevant hiring officials with an explanation of how and when the individual may be appointed.

If a Schedule A applicant applies to an announcement, an HR Staffing Specialist/Assistant reviews the PWD's application materials to determine qualifications and eligibility.

If the applicant is deemed qualified and eligible via Schedule A, he/she is forwarded to the selecting official via a non-competitive list (certificate). If the Schedule A applicant is selected, the servicing HR specialist provides guidance to the selecting official on the Schedule A appointment process

4. Has the agency provided training to all hiring managers on the use of hiring authorities that take disability into account (e.g., Schedule A)? If "yes", describe the type(s) of training and frequency. If "no", describe the agency's plan to provide this training.

No

The agency did not provide special hiring authorities training to hiring managers during Fiscal Year 2017 but we will conduct this training during fiscal year 2018.

B. Plan to Establish Contacts with Disability Employment Organizations

Describe the agency's efforts to establish and maintain contacts with organizations that assist PWD, including PWTD, in securing and maintaining employment.

On December 2, 2016, the official signing ceremony for the Memorandum of Understanding (MOU) between Gallaudet University and AMS was hosted at the university. Former AMS Administrator Eleanor Starmer was accompanied by nine employees from AMS, FAS, and the Department in suppolt of the MOU. The USDA Deaf mid Hard of Hearing Employee Association, Acting President and Secretary attended as well. Later in the fiscal year. Karen

Cook, Director, Gallaudet Career Center, and Monie Gavin, Employer Relation Specialist, provided a brief to our senior leadership covering an overview of the university, student demographics, relevant major programs and types of previous internships held by their students and examples of orgm1izations that are employing their graduates.

C. PROGRESSION TOWARDS GOALS (RECRUITMENT AND HIRING)

1. Using the goals of 12% for PWD and 2% for PWTD as the benchmarks, do triggers exist for PWD and/or PWTD among the new hires in the permanent workforce? If "yes", please describe the triggers below.

a. New Hires for Permanent Workforce (PWD)b. New Hires for Permanent Workforce (PWTD)Yes No X

7.89% of all permanent employees hired in FY 2017 were PWD.

2. Using the qualified applicant pool as the benchmark, do triggers exist for PWD and/or PWTD among the new hires for any of the mission-critical occupations (MCO)? If "yes", please describe the triggers below.

a. New Hires for MCO (PWD)b. New Hires for MCO (PWTD)Yes XNo

In the 0301 series, the difference between the Qualified Applicant Pool and the Selectees was -8.63% for PWD. The difference between the Qualified Applicant Pool and the Selectees for PWTD was -5.76%.

In the 1102 series, the difference between the Qualified Applicant Pool and the Selectees for PWD was -9.89%. The difference between the Qualified Applicant Pool and the Selectees for PWTD was -5.30%.

In the 1980 series, the difference between the Qualified Applicant Pool and the Selectees for PWD was -5.50%.

3. Using the relevant applicant pool as the benchmark, do triggers exist for PWD and/or PWTD among the qualified *internal* applicants for any of the mission-critical occupations (MCO)? If "yes", please describe the triggers below.

a. Qualified Applicants for MCO (PWD)b. Qualified Applicants for MCO (PWTD)Yes XNo

In the 0301 series, the difference between the Relevant Applicant Pool and the Qualified Internal Applicants was -1.79% for PWD.

In the 1147 series, the difference between the Relevant Applicant Pool and the Qualified Internal Applicants was -4.75%. For PWTD, the difference between the Relevant Applicant

Pool and the Qualified Internal Applicants was -1.37%.

In the 1146 series, the difference between the Qualified Applicant Pool and the Selectees was -8.95%. For PWTD, the difference between the Qualified Applicant Pool and the Selectees was -3.58%.

In the 1980 series, the difference between the Qualified Applicant Pool and the Selectees was -5.50%.

Section IV: Plan to Ensure Advancement Opportunities for Employees with Disabilities

Pursuant to 29 C.F.R §1614.203(d)(1)(iii), agencies are required to provide sufficient advancement opportunities for employees with disabilities. Such activities might include specialized training and mentoring programs, career development opportunities, awards programs, promotions, and similar programs that address advancement. In this section, agencies should identify, and provide data on programs designed to ensure advancement opportunities for employees with disabilities.

A.Advancement Program Plan

Describe the agency's plan to ensure PWD, including PWTD, have sufficient opportunities for advancement.

AMS continues to explore promotion and advancement opportunities for employees with disabilities and targeted disabilities.

In FY 2017, the Agency established a leadership development program, the AMS Leadership, Education and Development (LEAD) Program, which is a new year long training program focused on developing managerial core competencies and targeted leadership skills of mid-level AMS employees. The program is designed to help provide a leadership pipeline and talent pool aligned with AMS's strategic and human capital goals. To promote diversity, inclusion, and equity in the program, the selection committee consisted of Deputy Administrators and Staff Directors or their designees. This year, the LEAD Program contained three employees who self-identified themselves as persons with disabilities.

B. Career Development Opportunities

1. Please describe the career development opportunities that the agency provides to its employees.

AMS continues to explore career development opportunities for Agency employees. Employees are required to develop IDP (individual development plans), which allow for training, detail, and leadership opportunities. AMS managers review and assist employees with IDPs before approvals.

AMS established the LEAD Program, a leadership development program, focused on developing managerial core competencies and targeted leadership skills of mid-level AMS employees. This program is designed to help provide a leadership pipeline and talent pool aligned with AMS's strategic and human capital goals.

In addition to this fiscal year's LEAD Program, AMS established the *New and Emerging Professionals (NEP)* working group, which includes employees from all AMS Program areas. The NEP working group develops networks identifying developmental activities to guide and support new employees to grow and advance within AMS.

2. In the table below, please provide the data for career development opportunities that require competition and/or supervisory recommendation/approval to participate. [Collection begins with the FY 2018 MD-715 report, which is due on February 28, 2019.] WE DO NOT NEED TO PROVIDE THIS DATA UNTIL NEXT YEAR

AMS was unable to obtain or calculate this data. The instructions in this section of Part J require the preparer to use the Qualified Applicant Pool as the benchmark. The applicant flow data in the National Finance Center (NFC) had not been coordinated with the hiring data for FY 2017. The vendor will need to import this data, but the tool is not yet available. (See further explanation below.)

AMS was unable to obtain or calculate data in its MD-715 Report for 2017 for the questions in the new Part J that deal with triggers for PWD and PWTD in the supervisory grades;

specifically, executives, managers, and supervisors. The instructions in Part J require the preparer to use the benchmarks of Relevant Applicant Pool, Qualified Applicant pool, and Qualified Internal Applicants to determine whether there are triggers in these grades. The MD-715 tables in the NFC covered high grades (GS-13, -14, -15, and SES); however, there was no MD-715 table breaking down supervisory positions or further dividing them into executives, managers, and supervisors. In addition, there was no benchmark data necessary to calculate whether there are triggers for PWD or PWTD.

Such requirements were included in the new Part J without providing the agencies a way to execute on them. The applicant flow data had not been coordinated with the hiring data for FY 2017. The vendor will need to import this data, but the tool is not yet available. OASCR will be following up with the EEOC, OHRM, and OSEC on this issue to determine how this data can be collected and dispersed to the agencies. At the MD-715 Working Group Meeting held on November 30, 2017, the AMS representative requested training and follow-up when the information does become available, similar to the inclusion rate training that had been offered to the agencies in September, 2017.

Section V: Plan to Improve Retention of Persons with Disabilities

To be a model employer for persons with disabilities, agencies must have policies and programs in place to retain employees with disabilities. In this section, agencies should: (1) analyze workforce separation data to identify barriers retaining employees with disabilities; (2) describe efforts to ensure accessibility of technology and facilities; and (3) provide information on the reasonable accommodation program and workplace personal assistance services.

A. Voluntary and Involuntary Separations

1.	In this reporting period, did the agency convert all eligible Schedule A employees with a disability into the competitive service after two years of satisfactory service (5 C.F.R. § 213.3102(u)(6)(i))? If "no", please explain why the agency did not convert all eligible
	Schedule A employees.
	Yes 0 No 0 N/A 0

AMS CRP consulted with its servicing Human Resources office and found the following four employees with disabilities eligible for Schedule A conversions:

- One employee was on a temporary appointment which did not count toward the two years needed for conversion. His clock started 8/21/16 when he was rehired and he is eligible for conversion in August 2018
- A second employee left AMS for another agency before she was eligible for conversion
- A third employee was converted to a career conditional appointment under the Veterans Employment Hiring Authority effective 5/28/17
- A fourth employee is not eligible for conversion until September 2018.
- 2. Using the inclusion rate as the benchmark, did the percentage of <u>PWD</u> among voluntary and involuntary separations exceed that of persons without disabilities? If "yes", describe the trigger below.

- 3. Using the inclusion rate as the benchmark, did the percentage of <u>PWTD</u> among voluntary and involuntary separations exceed that of persons without targeted disabilities? If "yes", describe the trigger below.
 - a. Voluntary Separations (PWTD)b. Involuntary Separations (PWTD)YesNo0

Among involuntary separations, the inclusion rate for PWOD was 4.18% and the inclusion rate foe PWTD was 8.13%.

4. If a trigger exists involving the separation rate of PWD and/or PWTD, please explain why they left the agency using *exit interview results and other data sources*.

Exit interview data is not available. Exit interviews are conducted only voluntarily; in addition, RSNOD data is not collected on the exit interviews that are conducted.

B. Accessibility of Technology and Facilities

Pursuant to 29 C.F.R. § 1614.203(d)(4), federal agencies are required to inform applicants and employees of their rights under Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. § 794(b), concerning the accessibility of agency technology, and the Architectural Barriers Act of 1968 (42 U.S.C. § 4151-4157), concerning the accessibility of agency facilities. In addition, agencies are required to inform individuals where to file complaints if other agencies are responsible for a violation.

1. Please provide the internet address on the agency's public website for its notice explaining employees' and applicants' rights under Section 508 of the Rehabilitation Act, including a description of how to file a complaint.

AMS has a link at the bottom of each public website page titled "Accessibility" that takes one to: https://www.ams.usda.gov/about-ams/accessibility, which explains Agency document accessibility and 508 compliance. It also requests feedback and how to contact AMS if there are problems. There is also a link for filing a complaint and complaint information at the bottom of the each public web page under "Non-Discrimination."

2. Please provide the internet address on the agency's public website for its notice explaining employees' and applicants' rights under the Architectural Barriers Act, including a description of how to file a complaint.

AMS will be working to update its current "Accessibility" web page, https://www.ams.usda.gov/about-ams/accessibility, to include info about the Architectural Barriers Act.

Should the public contact the Agency, the AMS Civil Rights Program would forward all visitors/employees to the USDA for to the United States Access Board (USAB) website: https://www.access-board.gov/aba-enforcement. At this site, complaints can be

submitted via the online USAB form.

The AMS website also features a link for filing a complaint and complaint information at the bottom of the each public web page under "Non-Discrimination."

3. Describe any programs, policies, or practices that the agency has undertaken, or plans on undertaking over the next fiscal year, designed to improve accessibility of agency facilities and/or technology.

AMS continues to maintain high standards in Accessibility and Section 508 compliance. The AMS web site was tested using Total Validator, 7804 pages (98%) are compliant, with less than 2 percent of 508 errors. These errors were corrected before August 30, 2017. All AMS web site updates are now compliant, centralized, and reviewed by staff trained in 508 compliance.

In FY 2017, AMS worked on correcting historical PDF files that were not 508 compliant in our AMS Specialty Crops Inspection Program. AMS has replaced 20 of 33 files, and the remaining files will be corrected by the end of this calendar year. AMS plans is to continue to review and replace documents that are still in use but more than 20 years old.

In FY 2018, AMS will be working to update its current "Accessibility" web page, https://www.ams.usda.gov/about-ams/accessibility, to include info about the Architectural Barriers Act.

C.Reasonable Accommodation Program

Pursuant to 29 C.F.R. § 1614.203(d)(3), agencies must adopt, post on their public website, and make available to all job applicants and employees, reasonable accommodation procedures.

 Please provide the average time frame for processing initial requests for reasonable accommodations during the reporting period. (Please do not include previously approved requests with repetitive accommodations, such as interpreting services.)

Averages from 7 to 20 days.

2. Describe the effectiveness of the policies, procedures, or practices to implement the agency's reasonable accommodation program. Some examples of an effective program include timely processing requests, timely providing approved accommodations, conducting training for managers and supervisors, and monitoring accommodation requests for trends.

AMS continues to use the DM 4300-002, Reasonable Accommodation Procedures, July 2002, document as its policy until the USDA/OASCR implements an updated RA policy/procedure. This, in addition to the accomplishments below, have been highly effective for the AMS employees.

In FY 2017, the Agency designated an AMS Team Lead to assist the Disability Program Manager with its reasonable accommodation processing. The Agency developed fillable MS Word reasonable accommodation forms to assist AMS employees and supervisors in completing AD-1163 (RA request) and AD-1164 (RA approval). Additionally, the Agency created a template for supervisors to utilize during the RA Interactive Session, to record all subjects discussed and issues addressed.

Because of the new Agency tools, AMS has improved its timely submissions and completions of RA requests. We've also improved completions of RA request submissions, interactive meetings, and written RA approvals as provided in AD-1164 forms (instead of emailed approvals).

D. Personal Assistance Services Allowing Employees to Participate in the Workplace

Pursuant to 29 C.F.R. § 1614.203(d)(5), federal agencies, as an aspect of affirmative action, are required to provide personal assistance services (PAS) to employees who need them because of a targeted disability, unless doing so would impose an undue hardship on the agency.

Describe the effectiveness of the policies, procedures, or practices to implement the PAS requirement. Some examples of an effective program include timely processing requests for PAS, timely providing approved services, conducting training for managers and supervisors, and monitoring PAS requests for trends.

AMS is developing written procedures and practices for PAS requests, which will be added to the Agency's reasonable accommodations requests and practices. With Agency approvals, the Civil Rights Program hopes to have these written procedures approved by the end of calendar year 2017, or before the required January 2018, implementation date.

In FY 2017, AMS did not receive any PAS requests.
