COMMERCIAL ITEM DESCRIPTION

BREAD, PITA, FRESH OR FROZEN

The U.S. Department of Agriculture (USDA) has authorized the use of this Commercial Item Description (CID).

1. SCOPE. This CID covers fresh or frozen pita bread (pita bread), packed in commercially acceptable containers, suitable for use by Federal, State, local governments, and other interested parties. Please note: This document does not guarantee purchase of this item by USDA.1

2. PURCHASER NOTES.

2.1 Purchasers must specify the following:

- Type(s), style(s), size(s), variety(ies), enrichment type(s), when applicable, child nutrition meal pattern contribution(s), and agricultural practice(s) desired (Sec. 3).
- When the age requirement at the time of delivery is other than specified (Sec. 5.5).
- Manufacturer’s/distributor’s certificate (Sec. 10.3) or USDA certification (Sec. 10.4).

2.2 Purchasers may specify the following:

- Food Defense (Sec. 10.1) and Manufacturer’s Quality Assurance (Sec. 10.2). Purchaser may specify one of the following combinations: Sec. 10.1.1 with 10.2.1 or 10.1.2 with 10.2.2.
- Packaging requirements other than commercial (Sec. 11).

3. CLASSIFICATION. The pita bread must conform to the following list which must be specified in the solicitation, contract, or purchase order.

---

1 USDA purchase specifications are available at: https://www.ams.usda.gov/selling-food/product-specs.
Types, styles, sizes, varieties, enrichment types, when applicable, child nutrition meal pattern contributions, and agricultural practices.2

Type I - Fresh (21 Code of Federal Regulations (CFR) §101.95)
Type II - Frozen (21 CFR §101.95)

Style A - Pocket
Style B - Without pocket (flat or fold over)

Size 1 - 20 centimeters (cm) (8 inches (in))
Size 2 - 15 cm (6 in)
Size 3 - Other (as specified by the purchaser)

Variety a - White
Variety b - Wheat

Enrichment type 1) - Meet the standard for enrichment in 21 CFR §136.115, Enriched bread, rolls and buns
Enrichment type 2) - Unenriched

When child nutrition meal pattern contribution information is required:3

Grain (ounce equivalent (oz eq)) a) - ¼ oz eq = 7 grams (g) (0.25 ounce (oz))
Grain oz eq b) - ½ oz eq = 14 g (0.5 oz)
Grain oz eq c) - ¾ oz eq = 21 g (0.75 oz)
Grain oz eq d) - 1 oz eq = 28 g (1.0 oz)

Agricultural practice i) - Conventional
Agricultural practice ii) - Organic

4. MANUFACTURER’S/DISTRIBUTOR’S NOTES. Manufacturer’s/distributor’s products must meet the requirements of the:

- Processing guidelines (Sec. 5).
- Salient characteristics (Sec. 6).
- Manufacturer’s/distributor’s product assurance (Sec. 8).
- Regulatory requirements (Sec. 9).
- Quality assurance provisions: as specified by the purchaser (Sec. 10).
- Packaging requirements other than commercial: as specified by the purchaser (Sec. 11).

2 Not all options are available from every manufacturer. Check with the manufacturer/distributor for availability.
3 The pita bread must be made from enriched or whole grains.
5. PROCESSING GUIDELINES.

5.1 Processing. The pita bread must be processed in accordance with Current Good Manufacturing Practice, Hazard Analysis, and Risk-Based Preventive Controls for Human Food (21 CFR Part 117).

5.2 Food defense. The pita bread must be processed and transported in accordance with Mitigation Strategies to Protect Food Against Intentional Adulteration (21 CFR Part 121). This document identifies the kinds of preventive measures food manufacturers, processors, or handlers may take to minimize the risk that food under their control will be subject to tampering or other malicious, criminal, or terrorist actions. The implementation of enhanced food defense preventive measures provides for the security of a plant’s production processes and includes the storage and transportation of pre-production raw materials, other ingredients, and post-production finished product.

5.3 Organic ingredients. When organic pita bread is specified in the solicitation, contract, or purchase order, the organic pita bread must be produced, handled, and labeled in accordance with the USDA organic regulations by an operation that is certified organic in accordance with the requirements of the National Organic Program (7 CFR Part 205). A Certificate of Organic Production or Handling must be provided to verify that the product was processed and handled in accordance with the USDA organic regulations.

5.4 Temperature. When frozen pita bread is specified, the fresh product must be frozen within 24 hours of baking and reach a temperature lower than -12°C (10°F) within 24 hours after being placed in the freezer.

5.5 Age requirement. Unless otherwise specified in the solicitation, contract, or purchase order, the fresh pita bread must be delivered within 72 hours after baking. Unless otherwise specified in the solicitation, contract, or purchase order, the frozen pita bread must be manufactured not more than 365 days prior to delivery and must not exceed -12°C (10°F) at any time during storage and delivery.

6. SALIENT CHARACTERISTICS.

6.1 Labeling. All ingredients must be declared by their common or usual name in descending order of predominance by weight (21 CFR §101.4(a)) unless exempted by 21 CFR §101.100.
6.2 Ingredients. The pita bread must consist of flour, water, salt, yeast, emulsifiers or other stabilizers, mold inhibitors, and other ingredients appropriate for the type of pita bread specified in the solicitation, contract, or purchase order. When enriched pita bread is specified in the solicitation, contract, or purchase order, the pita bread will conform to the U.S. Standards of Identity for Enriched bread, rolls, and buns (21 CFR §136.115) and the flour must be milled from a variety of hard and/or soft wheat.

6.3 Additional processing ingredients. The mold inhibitors must be of proper levels as allowed by the Food, Drug, and Cosmetic (FD&C) Act. When used, all additional ingredients must meet the standards specified in the Food Chemicals Codex (FCC) or, in the absence of FCC specification at a minimum, meet the specifications for quality set by the U.S. Pharmacopeia (USP)-National Formulary. The additional ingredients must be approved food additives (21 CFR Part 170) or meet Generally Recognized as Safe (GRAS) requirements (21 CFR Parts 182 and 184) for those uses by Food and Drug Administration (FDA).

6.4 Finished product.

6.4.1 Appearance and color. The pita bread must have a uniformly brown crust characteristic of the product. The pita bread must have a typical volume, characteristic grain, and be evenly baked without any evidence of scorching, burning, or foreign color.

6.4.2 Flavor and aroma. The pita bread must have a flavor and aroma characteristic of the type of pita bread specified in the solicitation, contract, or purchase order. There must not be any foreign odors or flavors such as but not limited to burnt, scorched, stale, rancid, or moldy.

6.4.3 Texture. The texture of the pita bread must have a characteristic texture for the type of pita bread specified in the solicitation, contract, or purchase order. The pita bread must be firm, tender, with a uniformly brown crust characteristic of pita bread. The baked pita bread must not contain specks of flour on the bottom.

6.4.4 Enrichment. The pita bread must have the enrichment ingredients evenly distributed in the finished product.

6.5 Foreign material. All ingredients must be clean, sound, wholesome, and free from foreign material, such as, but not limited to, extraneous plant material, dirt, plastic, insects, insect pieces or rodent or insect infestation.

7. ANALYTICAL REQUIREMENTS. NOT APPLICABLE.

8. MANUFACTURER’S/DISTRIBUTOR’S PRODUCT ASSURANCE. The manufacturer/distributor must certify that the pita bread provided meets the salient characteristics of this CID, conform to their own specifications, standards, and quality assurance practices, and be the same
pita bread offered for sale in the commercial market. The purchaser reserves the right to require proof of conformance.

9. REGULATORY REQUIREMENTS. The delivered pita bread must comply with all applicable Federal, State, and local mandatory requirements and regulations relating to the preparation, packaging, labeling, storage, distribution, and sale of the pita bread in the commercial marketplace. Delivered pita bread must comply with all applicable provisions of the Federal FD&C Act, the Fair Packaging and Labeling Act, the Food Allergen Labeling and Consumer Protection Act (FALCPA), and regulations promulgated thereunder. The allergen statement must be provided in a format which complies with FALCPA for any product which contains wheat, fish, milk, soy, tree nuts, eggs, peanuts, and Crustacean shellfish or those in effect on the date of the solicitation, contract, or purchase order. When pita bread is used for the National School Lunch Program, the pita bread must comply with all applicable provisions of the Child Nutrition (CN) Program. When a CN label is specified, the label must be approved in its final format by the Agricultural Marketing Service (AMS).

10. QUALITY ASSURANCE PROVISIONS. Purchaser must specify 10.3 or 10.4. Purchaser may specify one of the following combinations: 10.1.1 with 10.2.1, or 10.1.2 with 10.2.2.

10.1 Food defense. When required in the solicitation, contract, or purchase order, a Food Defense Systems Survey (FDSS) or audit must be conducted by USDA, AMS, Specialty Crops Program (SCP), Specialty Crops Inspection (SCI) Division. Food defense requirements include a documented and operational food defense plan that provides for the security of a plant’s production processes and includes the storage and transportation of pre-production raw materials and other ingredients and post-production finished product. The plan must address the following areas: (1) food security plan management; (2) outside and inside security of the production and storage facilities; (3) processing, including all raw material sources; (4) shipping and receiving; (5) storage; (6) water and ice supply; (7) mail handling; (8) personnel security; and (9) transportation, shipping, and receiving.

10.1.1 FDSS. When required in the solicitation, contract, or purchase order, a FDSS must be conducted by USDA, AMS, SCP, SCI Division. The FDSS verifies that operators of food establishments have implemented measures to minimize the risk of tampering or other criminal actions against the food under their control. An AMS FDSS verifies the participating company’s adherence to Mitigation Strategies to Protect Food Against Intentional Adulteration (21 CFR Part 121).

10.1.2 Food defense section of the Plant Systems Audit (PSA). When required in the solicitation, contract, or purchase order, a food defense audit will be conducted as part of the PSA. The audit will be conducted by USDA, AMS, SCP, SCI Division auditors. This verifies that operators of food establishments have implemented measures to minimize the risk of
tampering or other criminal actions against the food under their control. The food defense section of the PSA verifies the participating company’s adherence to Mitigation Strategies to Protect Food Against Intentional Adulteration (21 CFR Part 121).

10.2 Manufacturer’s quality assurance. When required in the solicitation, contract, or purchase order, the product manufacturer will be required to provide evidence, by certificate that the manufacturing plant has undertaken one of the following quality assurance measures within 12 months prior to providing a bid or no later than 10 business days from the date of the awarding of the contract. Failure to provide this documentation within the proper time frame may result in the contract being terminated for cause.

10.2.1 Plant survey. A plant survey conducted by USDA, AMS is required within 12 months prior to the date of the awarding of the contract. The plant survey audit verifies that, at the time of the survey, the manufacturer produces products in a clean, sanitary environment in accordance with Current Good Manufacturing Practice, Hazard Analysis, and Risk-Based Preventive Controls for Human Food (21 CFR Part 117).

10.2.2 PSA. A PSA conducted by USDA, AMS is required within 12 months prior to the date of the awarding of the contract. The PSA verifies the manufacturer’s capability to produce products in a clean, sanitary environment in accordance with Current Good Manufacturing Practice, Hazard Analysis, and Risk-Based Controls for Human Food (21 CFR Part 117) in effect on the date of the solicitation, contract, or purchase order and verifies that the manufacturer has in place an internal quality assurance program that meets or exceeds USDA requirements.

10.3 Manufacturer’s/distributor’s certification. When required in the solicitation, contract, or purchase order, the manufacturer/distributor must certify that the pita bread delivered meets or exceeds the requirements of this CID.

10.4 USDA certification. When required in the solicitation, contract, or purchase order that product quality and acceptability or both be determined, the USDA, AMS, SCI Division inspectors, must be the certifying program. SCI Division inspectors must certify the quality and acceptability of the pita bread in accordance with SCI Division procedures, which include selecting random samples of the pita bread, evaluating the samples for conformance with the salient characteristics and analytical requirements of this CID and other contractual requirements, and documenting the findings on official SCI Division score sheets and/or certificates. In addition, when required in the solicitation, contract, or purchase order, SCI Division inspectors will examine the pita bread for conformance to the Standards for Condition of Food Containers (7 CFR Part 42) in effect on the date of the solicitation.

11. PACKAGING. Preservation, packaging, packing, labeling, and case marking must be commercial unless otherwise specified in the solicitation, contract, or purchase order.
12. **USDA INSPECTION NOTES.** When Sec. 10.4 is specified in the solicitation, contract, or purchase order, USDA certification must include evaluation of the quality and condition of samples of pita bread and compliance with requirements in the following areas:

- Processing guidelines (Sec. 5).
- Salient characteristics (Sec. 6).
- Packaging requirements (Sec. 11 or as specified in the solicitation, contract, or purchase order).

13. **REFERENCE NOTES.**

13.1 **USDA services.**

13.1.1 **USDA certification.** For USDA certification contact: Inspection Operations, SCI Division, SCP, AMS, USDA, Room 1536 South Building, STOP 0240, 1400 Independence Avenue, SW, Washington, DC 20250-0240, telephone (800) 811-2373, fax (202) 720-0393, or via E-mail: SCIinspectionoperations@usda.gov.

13.1.2 **USDA FDSS, plant survey, and PSA.** For a USDA FDSS, plant survey, and PSA contact the Chief, Auditing Services Branch, SCI Division, SCP, AMS, USDA, Room 1566 South Building, STOP 0247, 1400 Independence Avenue, SW, Washington, DC 20250-0247, telephone (202) 720-5021, fax (866) 230-9168, or via E-mail: SCAudits@usda.gov.

13.2 **Sources of documents.**

13.2.1 **Sources of information for nongovernmental documents are as follows:**

Copies of the Food Chemicals Codex and U.S. Pharmacopeia may be purchased from: United States Pharmacopeia Convention, 12601 Twinbrook Parkway, Rockville, MD 20877, telephone (800) 227-8772 or (301) 881-0666, Fax (301) 816-8148 or on the Internet at: http://www.usp.org.

13.2.2 **Sources of information for governmental documents are as follows:**

Applicable provisions of the Standards for Condition of Food Containers are contained in 7 CFR Part 42, the National Organic Program are contained in 7 CFR Part 205, the Fair Packaging and Labeling Act are contained in 16 CFR Parts 500 to 503, and the Federal Food, Drug, and Cosmetic Act are contained in 21 CFR Parts 1 to 199. These documents may be purchased from: Superintendent of Documents, New Orders, P.O. Box 979050, St. Louis, MO 63197-9000. Credit card (Visa, MasterCard, Discover/NOVUS, and American Express) purchases may be made by calling the Superintendent of Documents at (866) 512-1800, (202) 512-1800.
These documents may also be obtained free of charge on the Internet at: http://www.gpo.gov/fdsys/browse/collectionCfr.action?collectionCode=CFR.

CIVIL AGENCY COORDINATING ACTIVITY:

DOJ - BOP
HHS - FDA
USDA - SCP
VA - OSS

PREPARING ACTIVITY:

USDA - SCP

Non-Discrimination Policy: In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA’s TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at How to File a Program Discrimination Complaint and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.
